Disclaimer

The HSVP compendium is for the information of HSVP Officers/Officials and general public. Every endeavour has been made to keep the compendium up to date and correct. Discrepancies, if any, may be brought to our notice.

The Haryana Shahri Vikas Pradhikarn has pioneered planned & holistic urban development in the State. There was lack of proper co-ordination and lot of hurdles were faced which hampered the achievement of the desired pace & quality of urban development.

Policies & guidelines governing and defining the working of HSVP have changed from time to time responding in the best possible way to the demands of development. As a ready reference manual & source book for all stakeholders, this “Compendium” containing the rules, regulations, policies and instructions, as amended from time to time, has been prepared.

I hope that this Compendium guides all stakeholders about HSVP policies and instructions part-II also extensively used by them to better serve the residents of our Urban Estates.

HSVP, Panchkula

PREFACE

Dear All

It is my privilege to introduce to you this booklet containing compilation of various policies/ instructions/guidelines framed for proper implementation of the provisions of HSVP Act, and Rules and Regulations thereunder and issued from time to time in furtherance of the objectives enshrined under the HSVP Act.

As is well aware, HSVP is an urban development authority which is helping people built shelter over their head. HSVP has different wings performing different functions to fulfil the duties and responsibilities. In order to ensure proper and appropriate working of these wings, various policies/ instructions/ guidelines, has been framed. It has always been the endeavour of HSVP to create and build healthy relationship with its allottees and to mitigate its sufferings by ensuring better customer services. HSVP is taking various steps at regular intervals e.g. online payment, sms service etc. However, it has been observed that public may not always be aware of these policies/ instructions/ guidelines.

Therefore, in order to ensure more transparency and better customer satisfaction, this compilation part-II is being issued. I sincerely believe that this booklet will prove to be highly useful to the allottees, to gain first hand knowledge and insight into the basis of decision in respect to different issues affecting their properties. This booklet will in addition also prove highly useful to the HSVP officers and other staff, who will be in a position to serve better, the allottees as regards different aspects concerning the plots. I hope and wish that people will appreciate this effort of Authority, which will farther the motto of HSVP of betterment of future.

Memo No.SA-HUDA-09/2186

Dated: 8-6-2009

Subject:- Guidelines for **Self Assessment** of **Compoundable violations**.

It has been observed that allottees are facing great difficulty in obtaining Occupation Certificates. The tedious process of checking of completion report and assessment of violations results in consumption of time and thus delays occur. In order to streamline the system, it has been decided to introduce a system of self assessment in the case of compoundable violations with the following measures:-

1. That the completed Self Assessment form shall be submitted by the applicant alongwith form BR IV-A/B, when he applies for Occupation Certificate.
2. That the Self Assessment form shall be filled in and signed by the Supervising Architect on the standard format to be provided by HUDA. (Which can be downloaded from HUDA's website i.e.huda.gov.in)
3. That the Architect shall refer the list of compoundable violations and rates circulated by HUDA from time to time. The compoundable violations and their measurement details (as present on site) shall be filled accordingly. He shall further calculate the amount of penalty at the specified rates.
4. That the Self Assessment form shall be accompanied with a demand draft of the penalty amount. These shall be submitted while applying for the Occupation Certificate.
5. That while submitting the Self Assessment form, a certificate shall be given by the Architect that the compoundable violations mentioned in the self assessment form conform to the HUDA compounding policy and that there are no non compoundable violations in the building work.
6. That any false information in the Self Assessment form may lead to charges of professional misconduct in which case the Authority may refer the case of the Architect to the Council of Architecture for disciplinary action as provided in Regulation 85 (c) of the HUDA [Erection of Buildings] Regulations, 1979.
7. That the J.Es will check the measurements and calculations shown in the self assessment form by visiting the premises as per present practice. They shall also make sure that the measurements shown tally with those on actual site. SDEs will test check atleast 10% of the applications on monthly basis.
8. That the Administrators should arrange at least two training sessions of the Private Architects within their Zones during June and July' 09 so that doubts regarding the self assessment policy are cleared and implementation is smooth. For this purpose, the S.D.E. (Buildings) or other technical officers may be asked to hold training sessions but these shall be presided over by the Administrators themselves.
9. The format of the Self Assessment form is enclosed alongwith these instructions, which has been E-mailed separately also.
10. It has been decided to enforce these provisions with effect from 1st July, 2009

All the Zonal Administrators, Estate Officers and Executive Engineers (including the Sub Divisional Engineers where the Executive Engineers are not stationed) are directed to-

- Acknowledge the receipt of this letter immediately after it is received.
- Confirm the dates of the training session for the respective Zones.

This may please be accorded TOP PRIORITY.

Sub:- Instructions regarding **sanctioning of Building plan** submitted on the basis of **std, design/ Arch. Control** issued by HUDA.

It has been decided that in case of sanctioning of std. design/ Arch. Controls issued by HUDA if internal changes are there in the drawings, the same have to be authenticated by a private Architect and then routine procedure of sanctioning is to be followed.

In case the allottee is submitting the drawings without any internal changes, authentication of private Architect has to be there for indicating the Public Health services line and other mandatory provisions which are to be checked and approved by Engineering Wing of HUDA, however in such cases plans should only be referred to Engineering Wing (For Public Health approval) and Estate office (For ownership verification & dues checking).

Memo no 4508-4512

Dated 24.10.2003.

Sub:- Revision of policy for compounding unauthorized construction of basements under the usable area of booths and under the corridors of booths and shops cum offices/flats.

Ref:- Agenda item no A-90 (13) of the meeting of Haryana Urban Dev. Authority held on 17.09.2003.

It has been decided by the Authority to compound the unauthorized construction of basements under the usable area of booths and under the corridors of booths and shops cum offices/flats on the following terms and conditions:-

1. Unauthorized basements constructed under the usable area of the booths may be compounded. However, before compounding some provisions of light and ventilation have to be made in the existing structure. The provisions are in the form of ventilators below the show window on the ground floor (i.e. on the ceiling slab of the basement) an exhaust fan and skylight with permanent ventilation above the staircase portion (minimum 3' x 4'-6" cut in slab in the ceiling of the ground floor). These provisions are shown in the Arch. Control drg. no. 1 job no. 3043 which can be seen for reference.

The basements shall be used for storage purposes. Storage of material shall be in accordance with the provisions of National Building Code and non inflammable/ non explosive materials shall only be stored. Further, the storage material and fire safety measures will be to the satisfaction of the concerned fire officer of the area. The above provisions should be ensured prior to compounding the case.

As regards the compounding rates it has been decided that the revised rates for compounding of basement under usable area of the booth be kept as Rs. 500/- per sq. ft. of the covered area in the high potential zone. The rates would be 75% of the above in the medium potential zone and in the low potential zone the rates would be 50% of the rates of high potential zone.

2. Unauthorized basements constructed under the corridors in booths as well as SCF's/SCO's may be compounded with the following conditions:-
 - a.) Level of the public corridor shall be maintained as shown in the Arch. Control drawings.
 - b.) Such basement shall be used only for storage purposes (storage of material shall be in accordance with the provisions of NBC).
 - c.) Such basement shall be a part of the basement provided under the shop/booth area and no partitioning will be allowed.
 - d.) The owner shall provide all services like fire fighting, public health as required by NBC within the site.
 - e.) The compounding shall be done only after the above conditions are met with /implemented by owner.

The rates for compounding such basements shall be rupees 1200/- per sq. ft. of the covered area in the high potential zone. In the medium potential zone the rates would be 75% of the above and in the low potential zone the rates would be 50% of rates in the high potential zone.

The income accrued from such compounding fee may be utilized for up-gradation of infrastructure of the concerned Urban Estate. Further it has been decided that the compounding of basements under the corridor be a one time exercise and may not be allowed in future. It was also observed that the policy need to be implemented seriously and strict action be taken by field officers against the defaulters after giving them the opportunity for compounding at revised rates. The field officers need to get the remaining basements filled up with earth to seal the basements and to avoid misuse where the owners do not come forward for composition.

You are therefore requested to take action as per the above decision of Authority.

1. I have been directed to request you to incorporate the following additional conditions at the time of framing/approving of all the DNITs by your office.

i. **RETENTION MONEY/SECURITY DEPOSIT:-** At the time of making payments to the contractor, a sum at the rate of 10% (or such other percentage as may be prescribed) of the gross amount of each running bill is deducted till the cumulative amount of deduction along with the amount of earnest money already deposited reaches 5% (or such percentage as may be prescribed) of the tendered value. One-half of the security deposit will be refunded on completion of the work/ issue of Taking-over Certificate, and the other half will be released one year after expiry of the Defects Liability Period or as may be laid down in the tender document. The contractor shall have the option to replace the second half of retention money with unconditional bank guarantee for the desired period. For minor works, 100% security deposit may be released after defects liability period is over

ii. **PERFORMANCE SECURITY:-** Tender document may provide that the successful tenderer will furnish performance security (5 percent of the contract price or such percentage as may be prescribed) which may be in the form of bank guarantee, to be kept as a surety that the contractor completes the work satisfactorily. Initially, the performance guarantee will be valid up to end of the defects liability period plus 30 days or as prescribed in the contract data. In case the time of completion is enlarged, the validity of the guarantee shall be correspondingly extended. It carries no interest and is returned to the contractor after the date specified in the contract.

If the bid is seriously unbalanced or front-loaded, Chief Engineer, HSVP or the officer competent to approve DNIT, on recommendations of concerned SE or EE, as the case may be, shall be competent to increase the amount of performance guarantee, to protect Government interest.

2. In addition to above, it is intimated that in case of increase/enhancement of scope of work, the security deposit and performance security shall be worked out for the enhanced scope of work and the contractual agency shall deposit this amount with Executive Engineer concerned before taking of the enhanced work in hand.

3. It is cleared that condition at S. No. 2 above is NOT to be incorporated in DNITs.

4. It is requested to follow the instructions in "letter and spirit".

Subject:-Instructions to avoid unnecessary enhancements of contract agreement.

Memo No. CE-I/SE(HQ)/SDE(W)/2019/23095-098

Dated:- 01.02.2019

Subject:- Instructions regarding **payment/recovery of bitumen/emulsion** from the contractual agency due to increase/decrease in the price of bitumen purchased beyond stipulated time period in the contract agreement.

During the review of PAG Draft audit Paras for the year ended March 2018 regarding road works allotted to the Sh. S.K Mittal Contractor @25.99 % below the DNIT rates with restricted agreement amount of Rs 9.54 Crore in April 2015 for the construction of Sector dividing road 101/104 at Gurugram & further enhancement of additional work made thereof it has been observed that no due attention is being paid to the provision made in the agreement regarding extra payment of increased rate of bitumen purchased or recovery of the rates if decreased at refinery for the quantity purchased by the contractual agency to be utilized for the original work allotted.

I have been directed to request you to draw your attention toward the provision made in the approved DNIT/agreement regarding extra payment on account of increased or decreased rates of bitumen/emulsion purchased by the agency within stipulated period of original work mentioned in the agreement.

You are requested to ensure that no extra payment shall be made to the agency beyond the stipulated time period. However if the rates at refinery is decreased, the recovery thereof shall be made from the agency on the basis of actual vouchers/documents submitted by the agency in the token of proof of bitumen purchased for the additional work.

The above instructions be followed strictly in the letter and spirit with immediate effect.

To

All Executive Engineers, in HSVP,

Memo No. CE-I/SE (HQ)/SDE (W)/2019/15935-943

Dated:- 23.01.2019.

Sub:-Instruction regarding **security deposited in advance** by the successful bidder.

The instructions issued vide this office memo No. 14630-684 dated 22.01.2019 are hereby amended & issued as fresh as under:-

It has been observed that contractors/firms sometime quote their tender rates much below the ceiling rates exhibited in the approved DNIT. As per existing practice, the contractual agencies must deposit two percent of the total value of work as earnest money in normal tender cases or one percent of total value in case of the bigger amount of the tender work. Later on after the allotment of work in favour of successful agency, such earnest money is adjusted against the 5 % security deposit as per the clause-I of the contract conditions.

The clause-I, in the contract conditions is reproduced as under:-

“The person/persons whose tender may be accepted (hereinafter called contractor) shall deposit an amount equal to five percent of the estimated cost of the work with the Executive Engineer (Earnest money shall be accounted as per memorandum) within 10 days of the acceptance of the tender by way of security deposit in case of default, the earnest money already lying with Executive Engineer shall stand absolutely forfeited to” the Haryana Shehri Vikas Pradhikaran or its successor in office and the contract shall stand terminated or in the alternative, at the discretion of the Engineer-in-charge, the contractor may be required to permit Haryana Shehri Vikas Pradhikaran at the time of making any payment to him for work done under the contract to deduct such sum as well (with the earnest money deposited by him) amount to 5% of all moneys so payable, such deductions to be held by Haryana Shehri Vikas Pradhikaran by way of security deposit. All compensation or other sums of money payable by the contractor to Gurugram Metropolitan Development Authority on any account whatsoever and in the event of his security deposit being deducted by reason of any deduction, the contractor shall within 10 days thereafter make good in cash as aforesaid any sum which may have been deducted from his security deposit or any part thereof”.

But the above Clause of the contract are not being followed properly by the Executive Engineer concerned. In case of below tender rates, it has been noticed that either the contractor do not show their interest in earlier execution of works and linger on the work on one pretext to the other or leave the work in between due to which such works or projects are badly delayed.

In order to overcome such situations, wherever tenders of any successful agency are accepted at below ceiling rates of approved DNIT, Executive Engineers are hereby directed to ensure that five percents security is required to be furnished in advance by the successful bidder within 10 days of allotment of works as specifically mentioned in the Clause-I mentioned above. After the receipt of such security deposit from the successful bidder/firm, acknowledgement of the same be also sent to the authority who has accorded the approval of the tender case.

In addition, even in the matter of increased scope of work/ additional work, by way of any enhancement of agreements or parallel agreements proposed to be executed through the same agency, either at the same site of work or new sites, where the agreement amount is proposed to be increased by more than 25% of the allotted work, such advance security deposit be got furnished from the executing agency before start of the additional work or within 10 days of issuance of acceptance letter for additional work whichever is earlier.

The above instructions be followed strictly in future meticulously in the letter and spirit failing which the concerned Executive Engineer will be personally responsible for this lapse.

Memo.No.CE-I/II-HSVP/SE(HQ)/EE(HQ)/CHD(G)/ADM(G)2017/191689/691-699/ 702-711
Dated:-12.10.2017

Subject:-Instructions to avoid unnecessary enhancements of contract agreement

Please refer to this office letter no. 5521-38 dated 12.05.2016 and 143008-18 dated 30.12.2016 on the subject cited above, vide which instructions to avoid unnecessary enhancement of contract agreements were given to your office.

1. It has been observed that the instructions already issued vide letter referred above are not being followed in letter and spirit. It seems that your office and concerned Executive Engineers are least interested in framing DNIT's and prefer to get the work executed by way of enhancing the scope of work covered in existing contract agreements.
2. It has become a routine practice to get the works executed (from contractual agency) beyond the scope of work originally allotted, even from agencies who have executed the entire scope of work as per the contract agreement but the agreement has not been closed due to pending final bill.
3. As per instructions already issued by this office, only in case of compelling circumstances/site conditions, enhancement in scope of work may be done but it should be limited to only 25% increase on the amount of work already allotted. However, field offices are least bothered towards compliance of these instructions. It has been observed that in many cases, the increase in the scope of work was even more than 100% of the agreement amount and these works were executed without prior approval of the competent authority. This is very serious lapse on the part of field offices and needs to be dealt strictly.
4. In many of the cases, works have been got executed against the saving of various other approved estimates which are even not of similar nature. This is not only a gross violation of rules and regulations but also make the situation more serious as the saving is considered keeping in the view expenditure incurred against the approved estimates without keeping in view the pending liability against the other approved estimates.
5. The expenditure is being incurred on the works, which are not the part of approved estimates. This expenditure is cross booked for the time being taking the plea that transfer entry shall be made to other estimates, which are either under the process of approval or require revision.
6. The Executive Engineers in field have the tendency of execution of work even without prior "in principle" approval from the competent Authority and later on process the enhancement case for ex-post facto approval. Under such circumstances, this office is left with no option but to approve the case fait accompli so as to regularize the matter. This is gross violation of PWD Code/norms.
7. In order to curb this unhealthy practice, the following decisions have been taken:
 - a.) Wherever the scope of work exceeds the agreement amount by more than 25%, enhanced work should be stopped at site and "in principle" approval of the Chief Engineer concerned should be arranged before re-starting the work.
 - b.) Enhancement shall be allowed only at the same site of work and against the single approved estimate. No work of another approved estimate for another site of work shall be allowed to be included in the enhancement of original work.

c.) In cases where Non Scheduled items are more than the competency of XEN/SE/ACE, or 10% of total amount of work, whichever is lower, the approval of next Higher Authority must be arranged prior to execution of work at site.

d.) In case the originally allotted work is less than Rs. 1.00 Crore and the enhanced scope of work goes beyond Rs. 1,00 Crore, third party inspection agency shall be deputed for the entire scope of work (original as well as enhanced).

8. Accordingly, it is requested to ensure compliance of above instructions in letter and spirit with immediate effect.

Memo No. CE/EE (W)/CHD(G)/ADM(G-II)/2015/7001-10

Dated: 10.06.2015

Sub- To avoid **Misuse of Financial Powers** (quotation work and minor work up to Rs. 20,000/-) vested under the SDO or other officer for the maintenance/repair/ construction works in Engineering Wing.

Ref: In continuation of Chief Engineer HUDA no. 377-80 dated 11.01.2010, endorsed to ACE, HUDA Gurgaon and all HUDA SEs, in the State of Haryana, on the subject cited above.

I have been directed to intimate that after the investigation on the complaint received from Member, District Public Relations and Grievances Committee regarding misuse of powers by officers of Engineering Wing by inviting the quotations for different kind of works instead of inviting the tenders, the instructions were issued to CE/CE-I HUDA vide CA, HUDA memo no. EA-2-2009/852-53 dated 06.11.2010, which was further endorsed to ACE Gurgaon and all SEs in HUDA vide this office letter no. 377-80 dated 11.01.2010 (copy enclosed).

It was observed that subordinate offices of HUDA are executing the work by collecting spot quotations for even petty works by splitting the entire scope of work which should have been executed through tenders and it was decided that in future, the quotations should be called only in extremely urgent and unavoidable circumstances and all the works should be executed through tenders and not through quotation.

It was also requested to issue necessary directions to the subordinate offices in the State not to resort to the work by splitting in parts by calling quotations, so the work should be executed by inviting tenders for a single work after taking requirement from Sub-Divisions. Any laxity in this regard will be viewed very seriously.

Despite of above instructions already issued, it has been observed that no due attentions are being paid by the field officers in HUDA and process of calling quotations is still continue. This matter is already under investigation in one of the complaint no. 320 of 2011 before Lokayukta Haryana filed by Sh. Raman Sharma, Resident of Gurgaon.

You are therefore requested to look into the matter and ensure that no work is executed by splitting in parts by calling quotation in future. Any laxity in this regard will be viewed very seriously. The Divisional and Sub-Divisional Officers who are not following the instructions shall be liable to face punitive disciplinary action in the matter.

CC to:

XEN (Works), XEN(HQ) & XEN-Monitoring in O/o Chief Engineer HUDA, Panchkula for information and necessary action.

Sub:- Earthquake risk reduction in National Capital Region.

The undersigned attended the meeting convened by the Government of India, Ministry of Home Affairs to discuss various issues connected with present mitigation and enforcement measures on earthquake risk reduction in National Capital Region, held on 22.12.2014 at Room No. 119, North Block, New Delhi. The FCR also attended the meeting, on behalf of Government of Haryana.

The undersigned explained that the Town and Country Planning department, HUDA and the Urban Local Bodies Departments of Haryana have amended their building bye-laws/regulations/rules suitably to ensure that the new buildings coming up in their respective areas conform to the standards laid down in the National Buildings Code and the Indian Standard Codes, particularly relating to 'earthquake risk reduction/mitigation'. HUDA has a panel of structural engineers to certify conformity with the regulations. So far no detailed survey based on rapid visual screening of public buildings has been carried out nor any specific steps with regard to retrofitting of identified public buildings have been undertaken in Haryana. Further, slums and unauthorized constructions have not been specifically taken up for earthquake risk reduction measures.

It was requested, on behalf of the Haryana Government that the Government of India may organize workshops/capacity building programmes to train out engineers/officers about the rapid visual screening methods for public buildings and also about retro fitting of identified buildings. The suggestions were accepted by the Government of India.

The following observations were also made during the meeting:-

1. It was pointed out by NDMA officers that the amended provisions of law/regulations/rules are not strictly being enforced in several area. The undersigned requested the NDMA/GoI to specifically bring out instances where such deviations were noticed.
2. The BMTPC, Ministry of HUPA has offered to organize training programmes for officers/engineers in this regard. Contact Officer is Dr. Shailesh Kumar Aggarwal, Execute Director, BMTPC, Ministry of HUPA, New Delhi(Cell No. 09871114692).
3. The technical and skilled labour, including masons, also need to be adequately trained, while constructing buildings, to adequately ensure that there is no deviation from the laid down standards as well as usage of good quality materials.
4. The Department/Agencies must carryout regular checking of construction of buildings and take exemplary action against defaulters/violators.
5. Guidelines for carrying out rapid visual inspection and retrofitting, available on the NDMA website, must be examined and suitably acted upon.
6. Unauthorized constructions/slums, prone to damage during natural calamities like earthquake must be taken up for redevelopment, as may be necessary.
7. As stilt floors are stated to be unsafe in with standing seismic loads, such structures need to be adequately strengthened.
8. Independent 3rd party inspection may be carried out to ensure that the amended building bye-laws/regulations/rules are being strictly complied with.
9. Feasibility of giving adequate incentives for voluntary compliance of regulations that lead to adequate safety for the residents as well as people living nearby such structure may be explored.

Please take follow up action on the above points at the earliest.

Agenda Item No–Auth. 111th (23)

Supply of Tertiary Treated Water from the 120 MLD STP to Industries at Behrampur Road, Gurgaon.

Water is scarce natural resource and keeping in view the scarcity of water HUDA has started reusing/recycling of waste water. HUDA has started tertiary treatment of water for reuse of waste water. HUDA is spending huge amount of supplying fresh water to its customers. Presently tertiary treated water from its STP's being discharged in drains. HUDA is implementing a scheme for utilizing tertiary treated water from its STP's in town of Gurgaon and Panchkula. Presently there is no policy to utilize water by end users and charge this treated water. The use of tertiary treated water be encouraged by incentivizing it. Although, HUDA is spending good amount on treatment of water but practically it is not possible to recover complete cost involved in it.

Gurgaon Chamber of Commerce & Industries (GCCI) had submitted a proposal to use tertiary treated water from Behrampur STP. They have also submitted that the water will be carried from STP to industries at their own cost. The proposal has been examined. As there is no policy to allow users to use the treated water and charges are also not prescribed for use of tertiary treated water, it is proposed that tertiary treated water may be charged ₹.3.00 per kl.(if water is supplied by HUDA through pumping and pipe line laid by HUDA) and ₹.2.00 per kl if customers takes it own cost from STP to users end through it own means for industrial use only.

After the comments of HUDA & Industry Department in the matter, the proposal has been approved by Hon'ble Chief Minister-cum-Chairman HUDA on 08.07.2016.

The above agenda is placed before the Authority for consideration and ex-post-facto approval for implementation in all over the State.

Deptt. Chandigarh.

Minutes of the meeting held on 15.10.2012 at 3.00 PM under the Chairmanship of the E-In-C, PW (B&R) Deptt. regarding possibility of Incorporating Energy Saving Technology in Government Buildings

A meeting was held on 15.10.2012 under the Chairmanship of the E-In-C, PW(B&R) Deptt. regarding possibility of Incorporating Energy Saving Technology in Government Buildings.

The following Officers attended the meeting:-

S.No.	Name of Officer	Deptt./ Designation
1.	Sh. Mahesh Kumar	E-In-C, PW (B&R) Deptt.
2.	Sh. A.K. Gupta	Chief Engineer/BWS, Irrigation Deptt.
3.	Smt. Sunita Monga	Chief Architect, Architecture Deptt.
4.	Sh. Anup Chauhan	SE(Bldgs.), PW (B&R) Deptt.
5.	Sh. B.R.Saroha	EE(Bldgs)PW(B&R) Deptt.

The following decisions were taken:-

1. It was discussed that for design and construction of a complete Green Building, additional cost comes to be apprx. 20% more as various materials/ measures like Double glass glazing panels, Heat resistant tiles, UPVC frames for window, underground storage tanks and water treatment plants required for reusing waste water, outside double walls, solar water heating are expensive. Haryana Police Housing Corporation has recently constructed the head quarter Green building of the HAREDA in Sector-17, Panchkula. Therefore, it was decided that cost effective measures may be taken for construction of partly Green building.
2. The issue of giving a few projects to the Central Building Research Institute (CBRI) Roorkee was also discussed and it was decided that for the time being, in house knowledge is sufficient for construction of partly Green building.
3. The issue of using Fly ash bricks was discussed. The availability is limited and brick kilns have not yet started using Fly ash in manufacturing of bricks. Moreover, the strength is less and water absorption is more. It was decided to use Autoclaved aerated concrete light weight blocks on outer walls of the buildings, as these are heat / fire resistant and Fly ash is partly used in manufacturing and moreover it is an HSR item no. 11.104.
4. The Architecture Deptt. will try to design most of the buildings with South-West corridors to cut the direct sunlight.
5. Structural glazing will be provided for increase in natural light in the building.
6. The Architecture deptt. will try to design most of the building with central courtyard.
7. Solar water heating and Rain water harvesting will be provided.
8. Sufficient Green cover will be provided.

Meeting ended with a vote of thanks to the chair.

Sub- To avoid **Misuse of Financial Powers** (quotation work and minor work up to Rs. 20,000/-) vested under the SDO or other officer for the maintenance/ repair/ construction works in **Engineering Wing**.
Reference on the subject cited above.

A complaint was received from Member, District Public Relations and Grievances Committee that the officers of Engineering Wing are misusing the powers by inviting the quotations for different kind of works which should have been done by inviting the tenders. The matter has been got investigated and it has been observed that subordinate offices of HUDA are executing the work by collecting spot quotations for even petty works by splitting the entire scope of work which should have been executed through tenders. So it has been decided that in future the quotations should be called only in extremely urgent and unavoidable circumstances and all the works should be executed through tenders and not through quotation.

You are requested to issue necessary directions to the subordinate offices in the State not to resort to the work by splitting in parts by calling quotations, so the work should be executed by inviting tenders for a single work after taking requirement from Sub-Divisions. Any laxity in this regard will be viewed very seriously.

This has the approval of Chief Administrator, HUDA.

POLICY FOR CONSTRUCTION OF INFRASTRUCTURAL FACILITIES, INCLUDING MASTER ROADS, BY LICENCEES

BACKGROUND

The Town & Country Planning Department, Haryana has notified the Development Plan of Gurgaon-Manesar Urban Complex-2021 AD whereby the population of the area has been projected to be 37 lacs by the end of 2021. With a view to cope up with the demand for the settlement of the projected population, the Department has planned for 115 sectors in Gurgaon and 16 sectors in Manesar.

Further, in view of rapid urbanization in the National Capital Region, especially Gurgaon zone, a number of licences to private developers and builders have been granted and quite a few are further under process for the development of the residential and commercial pockets in the new area as per the approved Development Plan-2021.

It is the prime duty of the Haryana Urban Development Authority (HUDA) to provide Infrastructural Facilities including Master Roads to the allottees and the public at large. However, in view of the complexities involved in the acquisition of land and the trend of land owners challenging each and every acquisition in the court upto the highest level, the process of acquiring land becomes very tedious and time consuming. It, therefore, invariably leads to delay, at times quite long, in providing the infrastructural facilities within the stipulated period. It has also been observed that sometimes the land is transferred to the State Government or HUDA even by the licencees for the construction of roads and laying master services in the area. Hence, a series of initiatives are required to be taken to provide the requisite infrastructural facilities in an expeditious manner in the new area planned to be carved out to meet the need of projected population and therefore, it is deemed necessary in public interest to encourage the private builders and developers to take up the construction of Infrastructural Facilities including Master Roads wherever feasible and desirable. If it is so done, it will not only accelerate the pace of development but also enhance the salability of the properties being offered by the Authority and private builders alike. It will also benefit all the stake holders, namely allottees, general public, developers, licencees and HUDA.

In the past before 1990, one of the licenses, DLF constructed the Cyber City Master Road much below the market rates. Recently, it has been proposed to take up the project of improvement & Up-gradation of selected master Roads of Gurgaon on 50% cost sharing basis which stands approved in principle, being beneficial to all the stack-holders as mentioned above.

GUIDELINES

In view of the above, it has, therefore, been deemed desirable to frame a policy on the subject for the construction of Infrastructural Facilities including Master Roads by the licencees approved by the Town & Country Planning Department. The following guidelines are hereby laid down for the purpose-

1. That in view of one of the stipulations while granting licence for setting up a residential or commercial colony at various places in the State, the portion of Master Road falling in the licensed area shall be transferred free of cost to the State Government as per the Haryana Urban Development & Regulation Act, 1975.
2. That if any approved licencee in an Urban Estate is willing to construct a Master Road or any other infrastructure in the same Urban estate as per the specifications laid down by HUDA, he may be allowed at the following terms and conditions-
 - (a) That the licencee shall execute the work at the rates worked out by HUDA on the basis of HSR + Ceiling Premium Rates fixed by PWD (B&R) at the time of grant of permission. OR the tendered rates (not more than 6 months old), whichever is less.
 - (b) That the specifications can be improved by the licencee with the approval of HUDA but no extra cost on this account shall be paid.
 - (c) That an agreement shall be entered into with usual conditions for execution of works as deemed appropriate by HUDA.

- (d) That a Third Party of repute like EIL, RITES etc. shall be appointed by HUDA for certifying the quality and quantification of work executed or to be executed. That the Third Party shall be appointed by HUDA for inspection and certification and the cost thereof shall be borne equally both by HUDA and the concerned licensee.

Provided that if more than one licensee in the same Urban Estate is willing to take up the same work, work shall be allotted after calling quotations.

3. That the Master Road or any other infrastructure so created shall continue to be the property of HUDA and the licensee constructing the road or any other infrastructure will have no special rights over it. It will also not be banned for use by general public.
4. That no tax or toll of any kind shall be levied by the licensee for the Master Road or any other infrastructure constructed by him.
5. That no rebate or relaxation of any kind will be granted to the licensee in EDC payable to HUDA on account of taking up such project.
6. That the licensee shall be obliged to maintain this Master Road or any other infrastructure so constructed by him for a period of next five years without any charges to be paid by HUDA or State Government on this behalf.

From

To

All the Subordinate Offices
of HUDA in the State.

Memo No. EA-5-2006/45095-179

dated 28.12.2006

Subject: Regarding transfer of Class-III employees.

Your attention is invited to the Head Office instructions issued vide No. EA-1-98/25497-565 dated 08.09.98, No. 2820-71 dated 08.02.2000 and other instructions issued by the State Government from time to time wherein field authorities have been restricted from making any transfer or even local adjustment at their own level. The transfers, local adjustment or shifting of Head Quarter temporarily of Class-III and above employees are only made by the Head Quarter on complaint, administrative reasons or mutual requests and under the Government directions/orders.

But, it has been observed that some the field officers are still making transfers/local adjustments of Class-III employees local stations as well as from one station to other station at their own level. This action at the field level is a clear cut stepping out of jurisdiction of powers and violation of Head office/Government instructions. Such unwanted actions have been creating administrative complications for Head Office.

It is again impressed upon you that in future no such transfer or even local adjustments be made at your own level in any circumstances. It is also made clear that in future no salary be paid by the concerned D.D.O. to such employees who has been transferred/adjusted by the field authority and payment to such unauthorized transferee will be at the risk and cost of concerned D.D.O.

These instructions be followed meticulously and any violation of these instructions/directions will tantamount to disciplinary action against the officers/officials at fault.

INSTRUCTIONS REGARDING APPOINTMENT OF CONTRACTUAL STAFF AND JOINING AND RELIEVING OF DEPUTATIONISTS

From

The Chief Administrator,
HUDA, Panchkula.

To

1. All Branch In charges of HUDA (HQ).
2. All Heads of the offices in the field of HUDA.

Memo No.EA-2-08/35721

Dated:16.10.2008

Subject:-Joining/ relieving of the officers/officials in HUDA on deputation.

It is mentioned at the outset that vide this office memo No.EA-2-08/498 dated 07.01.2008 Legal Remembrancer, HUDA, Panchkula was requested not to relieve any Law Officer without the permission of Chief Administrator, HUDA. It was also mentioned that in case an officer relinquishes the charge on his own without the permission from C.A. HUDA, he shall be treated as on unauthorized absence and disciplinary action shall be taken accordingly. Later on similar instructions were issued vide this office memo No.EA-3-08/1428-65 dated 15.01.2008 wherein it was directed that joining report of any Deputationist (From Department of Prosecution, Finance etc.) shall not be accepted without permission of C.A. HUDA. It was also directed that the DDO will not release the salary of the incomers without ensuring compliance of these instructions.

The experience regarding the implementation of these instructions for the last 6-7 months has not been soothing one. The Law Offices in particular have indulged in flagrant violation of these instructions and have relinquished their charges on their own without obtaining permission of C.A. HUDA. Further the L.R./D.A. HUDA have been moot spectators in this regard and have not submitted anything against any such Law Officer for initiation of disciplinary action. In fact, the earlier instructions were issued with a view to ensure that whenever of Law Officer is transferred and a new officer takes his place, the outgoing officer should not only handover the case-dairies and details of the court cases but should also brief his successor about important cases/Legal issues pertaining to his seat. The situation where a Law Officer relinquished his charge without resorting to the above said practice results in leaving the new officer and the Organization groping in dark. Such act on the part of some Law Officer has even burdened the Organization with cost imposed by the Courts. It so appears that nobody is ready to share the responsibility entrusted to him/her by the official duties/instructions. It hardly needs mention that discipline is the base of success of any Organization. If discipline loss its grip nothing can mitigate the woes of the Organization. and is bound to result in doom some day. In fact there is an impression that Organization has no value before self interests which perhaps is a wrong perception. It is really painful to note that even the senior officers remain oblivious to such kind of scenario. So much so, no effort is made even to ensure that the circulars/instructions are got noted from all concerned. Yet, there is a ray of hope always. If the members of the Organization start right now to have some sense of duty, respect for official dictum in the shape of rules, regulations and instructions, the worsening may be stalled. It is with expectation that the instructions referred above are reiterated for compliance. In future the following instructions will act as guide in the aforesaid circumstances:-

- i) Joining of any deputationist to HUDA shall not be accepted by he Head of the Office/Branch (HQ) on its own without permission of C.A. HUDA.
- ii.) As soon as the deputationist submits his joining report, the Head of the Office/In charge shall contact the Chief Administrator, HUDA either telephonically or through e-mail to seek his permission and shall direct the concerned deputationist to be present before the C.A. HUDA for interaction on the day and time to be intimated by the C.A. HUDA to the Head of the Office/Branch.
- iii.) Scope of duties to be given at the time of joining by the Establishment Branch.
- iv) Likewise the Head of the Office/Branch shall not relieve any deputationist on his transfer without permission from C.A. HUDA for obtaining of which he will follow the above mentioned course.

- v) No deputationist shall be allowed to relinquish the charge on his own and in case any officer/official chooses to relinquish his charge in violation of these instructions the Head of the Office/Branch shall immediately bring the facts to the notice of C.A. HUDA by submitting a proposal for disciplinary action against the defaulters immediately.
- vi) The deputationist, Law Officer specially shall handover, besides case-diaries etc. a list of important cases/issue pending at his seat which require immediate attention of the incoming officer.

To avoid the ending of this communication on a dismal note it is requested, with hope, to all the concerned to render compliance to these instructions in letter and spirit.

This has the approval of Chief Administrator, HUDA.

Memo No.EA-3-2008/29880

Dated:20.08.2008.

Subject:-Regarding implementation of punishment orders awarded under Rule-7/8 of Haryana Civil Services (Punishment and Appeal) Rules, 1987 to the officers/officials of HUDA.

The decisions taken in respect of the officers/officials facing disciplinary proceedings are conveyed to the concerned Heads of the offices for further implementation. Such orders are required to be entered in the service books of the concerned officers/officials in red ink, but it has been observed that no such entries are made by the concerned Heads of the offices which results in difficulties in taking decisions regarding DCRG and pension cases etc. at the time of the retirement of the officers/officials. Besides, it has also been observed that in a number of cases even penalty of stoppage of increments or recovery of loss caused to HUDA has also not been effected by the concerned offices. It appears that the concerned offices merely believe in receiving and serving the orders of penalty and do not bother for further implementation there of which is a great lapse on the part of Head of the office, Superintendent/Dy. Superintendent and dealing Assistant of the office.

It is, therefore, reiterated that as and when orders imposing penalty are conveyed to the Head of the office, the same should not only be served upon the concerned officer/official but their implementation in letter and spirit should also be ensured and the acknowledgment as a token of the receipt by the concerned official should be sent to the Headquarters immediately. A report regarding implementation of the order issued from Headquarters since 01.04.2007 should also be sent to the Headquarters by 10.09.2008. Thereafter, orders in respect of all employees retiring in 2009 and then in 2010 should be taken up for scrutiny and entire exercise should be completed by 31.12.2008 and confirmation should be sent by 15.01.2009.

To

All the Subordinate Offices in the State.

Memo No. EA-1-08/2373

Dated: 02.09.2008

Subject: Regarding disciplinary cases.

Reference on the subject cited above.

It has been noticed that whenever more than one official are to be charged for a same offence, the field offices did not mention the stay of charged official in that office on that seat (in case of employee of Estate Office) or whether he was in charge of that sector if so that how much time that he dealt that particular seat or sector as two persons can not be charged for a same offence.

You are therefore requested that stay of the charged official in that office on particular seat (on a particular sector in case of employees of Estate Office) may be clearly spelt out in the charge sheet itself so that ambiguity in deciding the charge sheet could be avoided. Besides, date of birth of charged employee may also be mentioned in the charge sheet. These instructions may be brought in the notice of all concerned for strict compliance.

INSTRUCTIONS REGARDING OFFICE PROCEDURE

INSTRUCTIONS REGARDING OFFICE PROCEDURE:

From

The Chief Administrator,
HUDA, Panchkula.

To

All the AEOs /Superintendent /Deputy Superintendents working in the field offices.

Memo No. EA-3/2008/29707-29767

Dated: 19.08.2008

Subject: - Regarding non monitoring reference in field offices of HUDA improving the system.

Please refer to the above noted subject.

1. It must be in the knowledge of all concerned that every month a number of monthly returns (Annexure 'A') pertaining to the working of Estate offices are being received in the Headquarters on file and /or Monthly Review Meetings. However, despite the fact that the short comings in such returns have been pointed out in different meetings, which is evident from the minutes (which are not only circulated but all hosted on the website regularly), it has not been possible to get correct returns from the Estate Offices. For instance, there have been cases where cases pending prior to the dates of three oldest cases mentioned by the office have been found pending and unattended. This is applicable to cases of transfer permission, NOC, permission to mortgage, conveyance deed, sanction of building plans, grant of occupation certificates etc. The applications remain pending and wrong dates of the oldest cases are mentioned in the monthly returns. This certainly puts a question mark on the authenticity and credibility of the information being reported by the Estate Offices to the Headquarters. These returns are not scrutinized in Administrators' offices at all. It is not only the duty of the Administrator but also that of the superintendent of the O/o the Administrators that the work in subordinate Estate Offices is done properly. They are also expected to scrutinize these Returns. This aspect has perhaps escaped the attention of senior officers till date. The net outcome is that applications remain buried in the heaps for longer period and public at large is made to suffer. The Redressal of their grievances remains elusive.
2. Therefore, in order to overcome this problem, it has been decided that a special report of pending cases as on 31.08.2008 shall be sent by 07.09.2008 making a mention of the date upto which the applications received in respect of transfer permission, NOC permission to mortgage, conveyance deed, sanction of building plans, grant of occupation certificates etc. have been disposed off.

It has also been decided that:-

- i) The applications shall be generally disposed off on first come first serve basis so as to ensure that a person submitting his application earlier gets the response earlier.
- ii) An advertisement shall also be inserted on monthly basis in the leading newspapers which will reflect the status of the applications pending with each Estate Office i.e it will reflect the date upto which the applications have been disposed off, so that the general public comes to know about the status of their applications. If no objection letter has been sent to the applicant, it shall be deemed to be pending. Copy of draft advertisement is enclosed at Annexure 'B'.
- iii) If it is found that any application is pending which was submitted before the cut off date mentioned in the advertisement, strict disciplinary action shall be taken against that person who kept it pending.
- iv) If more than 20 such applications are found to be pending, it shall be presumed that the concerned Superintendent/ Deputy Superintendent have not carefully sent the returns to the HQs and they shall immediately be placed under suspension and charge sheeted for major penalty which result in dismissal of such persons as there is no place for such inefficient persons in HUDA.

- v) In case, more than 50 such applications are found, then it shall be evident that the concerned Estate Officer has failed in his duties to monitor sending of such returns and case for initiation of disciplinary proceeding for major penalty will be sent to the Chief Secretary, Haryana for charge sheeting the concerned officer. At the same time, taking it to be a supervisory failure on the part of Zonal Administrator, his explanation shall also be called if discrepancies are found in the returns of September, 2008 to be sent by 07.10.2008. This time is sufficient for Administrators to check the veracity of Returns of their subordinate offices.
3. The above decisions are aimed at ensuring that a proper monitoring of the office work, especially the applications submitted by the general public, is done by the AEOs /Superintendent/Deputy Superintendent who have gone negligent in this regard. It appears that the AEOs/Superintendent/Deputy Superintendent feel that it is the responsibility of the officers alone and they do not have to share any responsibility. It is expected that they shall realize their responsibility as incharge of the office and shall come out of their lethargy and start working. Otherwise also, they are expected to exercise vigilant monitoring of the working of their respective offices. Any lapse in this connection shall be viewed very very seriously.

Acknowledgment of receipt of these instructions should be sent by name to Secretary, HUDA, Panchkula by 28.08.2008.

This has approval of the Chief Administrator, HUDA.

- vi) The head of the offices and branch incharge HUDA (HQ) shall ensure that all the dealing officials maintain diary in respect of time bound cases/reference and they are disposed off in a time bound manner. For instance if a communication seeks reply/report within ten days then the dealing official of the office from where the communication is originate shall note the detail of the case in his diary and check and put up the matter after the lapse of the stipulated period. Likewise, the official in the office where communication is received will also put up the matter immediately for disposal within the stipulated period. However the concerned official to whom the reminder is marked for disposal shall immediately put up the same to the Head of the office as soon as a 3rd reminder is proposed to be sent/received. This will be applicable for HQs as well as field Offices.

Above instruction should be complied with immediately failing which displeasure note/notice under the signatures of Chief Administrator shall be sent to concerned officials.

Subject: Sending of copies of internal communications to the Government.

I have noticed that the HUDA (HQ), instead of getting the compliances done from its field offices, is sending them communications in routine and marking a copy thereof to the Government. This practice is not appreciated and should be stopped forthwith. It is the responsibility of CA, HUDA to get the compliance from Administrators/ Estate Officers and in case they are not sending the requisite information, he should either call them with record or recommend disciplinary action against them but merely sending a communication to them with copy to the Government can not substitute the real and effective action to be taken by CA, HUDA. You are advised not to send copies of such communications like the one which is enclosed i.e. No. EA-2-2013/23517-18 dated 14.05.2013 in future.

Memo No: 218-241

Dated:10.01.2013

Subject: Guidelines for the Appellate and Revisional Authorities to decide the Appeals/Revisions U/s 17 of the HUDA Act, 1977-CWP No. 19503 of 2010 titled as Suresh Chand Vs State of Haryana and others.

The Hon'ble High Court in the above mentioned case directed on 04.12.2012 that the Haryana Urban Development Authority (HUDA) should evolve guidelines for the Appellate and Revisional Authorities to decide the appeals/revisions. In compliance thereof, the matter has been considered in depth in the Review Meeting held on 15.12.2012 under the Chairmanship of Principal Secretary, Town & Country Planning Department and it has been decided that henceforth the Appellate and Revisional Authorities shall keep in mind the following guidelines while deciding the appeals/revisions as per the provisions of HUDA Act, 1977:-

1. The Authorities shall not give relief to the allottees on arbitrary grounds by using expressions like financial hardship, unavoidable circumstances, routine health problems, illness of relatives, long period of absence from the Country/place of residence, ignorance of payment schedule, technical infirmities in the letter of allotment like condition of payment of interest in hand written form instead of typed form etc. However, in the following circumstances, the Authorities may consider providing relief:-
 - i.) If, allottees goes in coma and remains under coma for the period when the payments were due and recovers subsequently.
 - ii.) If, allottee has to incur major financial expenditure on treatment of serious diseases like cancer, major surgeries, accident traumas rendering him unable to discharge the liabilities of such due payments. In such cases, the allottee will have to submit complete proof of his treatment duly authenticated.

The above parameters will also apply in case the allottee's spouse or children suffers from such kind of eventualities.

2. Non development of site/area of the sector or providing other amenities will not constitute ground for non payment of due installments and will not be considered as such while deciding the cases.
3. In case of appeal/revision has been filed by the GPA/SPA purchaser then it should be ascertained whether the GPA/SPA was executed before or after the passing of resumption order. If the GPA/SPA has been executed after the passing of the resumption order, such GPA/SPA holder will be considered as one having no locus standi. In case the allottee is very old or infirm person and has executed General Power of Attorney (GPA) either before resumption or during the pendency of appeal, the same shall be considered if the same is executed in blood relation for carrying on day to day proceedings with respect to the plot on behalf of the allottee and does not amount to sale.
4. In cases where the allottee has failed to pay price of the plot after depositing 25% initial amount till the schedule of payment is over, the authorities shall not provide any relief in routine manner. Such cases will be considered only under extremely justifiable circumstances for which allottee needs to give documentary proof of failures in making due payment.
5. **Maintainability:-**

The Authorities shall give a definite finding in the order in this regard. For example, an appeal U/s 17 of the HUDA Act against eviction order passed by the Estate Officers u/s 18 of the HDUA Act, 1977 is not maintainable.

Similarly, an appeal does not lie against an order of cancellation of offer of allotment of plot due to non deposit of 15% amount within the given 30 days from the date of offer of allotment. The Authorities also shall not entertain appeals/revisions for restoration of sites in case of surrender of plot.

6. **Question of delay:-**

The Authorities shall not condone the delay in a routine manner. The appellant must explain the delay to the satisfaction of the Authorities, failing which the Authorities shall dismiss the appeal/revision on the ground of delay.

7. The Authorities shall keep in mind the principles of resjudicata and res-subjudice while deciding the appeals/revisions. It shall also be kept in mind that the appellant has not resorted to forum hopping.
8. The Authorities shall keep in mind the law laid down by the Hon'ble High Court and Hon'ble Apex Court while deciding the appeals/revisions.
9. The order of restoration must be well reasoned explaining in detail the reasons of acceptance of appeal/revision.

These instructions must be complied with meticulously with immediate effect.

Memo No. Enf. Br./2015/18970

Dated: 12.10.2015

In Reference to this office memo no.Enf.Br/2009/5687-5709 dated 10.02.2010 on the subject cited above.

It has been observed that despite constant efforts made by HUDA, the constructed flats under Ashiana Scheme could not be allotted in various Urban Estates as no eligible application has been received even after advertising the Scheme more than once. Further it is also mentioned that HUDA is incurring heavily on the security of un-allotted flats and cost of flats is being depreciated continuously.

In view of the above, It has been decided that in addition to the eligibility as described in the HUDA policy, another category of people who fulfill the eligibility criteria of Housing Board Haryana for BPL families mentioned below be considered for allotment. This will be the last in order of preference for consideration.

Eligibility for BPL Families:-

1. The applicant must be a citizen of India.
2. The applicant should belong to below Poverty Line (BPL) family of Haryana Only.
3. The applicant household should not own a house in Haryana, Delhi or Chandigarh either in his/her name or in the name of his/her wife/husband or in the name of his/her dependent relatives including unmarried minor children. However, applicant owning ancestral house in village or a share in urban or rural property is eligible to apply.
4. The applicant must have attained the age of majority at the time of registration.
5. An eligible person, his or her spouse, or any of his/her dependent member(s) of the family cannot submit more than one application under the scheme.
6. Any person/household, his/her wife/husband, parents if living with the applicant or applicant is dependent upon his parents, and his/her dependent relatives including unmarried minor children who had earlier been allotted a house under any scheme of Housing Board or plot by HUDA under EWS/BPL category shall not be entitled to avail the benefit under the scheme.

7. As per notification issued by the Housing Board Haryana memo no.16/24/2008/2Hg. 25.07.2014 for amendment in the HBH (Allotment, Management and sale of Tenements) Regulation, 1972.

“Economical weaker Section” means a family household having an income upto Rs. 1,00,000/- per annum (or as may be decided by the competent authority from time to time).

The other terms & conditions as mentioned in the letter under reference shall remain applicable as such to other categories mentioned in the policy dated 02.10.2010.

Subject: Regarding fixing of **norms and eligibility for beneficiaries** for the allotment of **low cost dwelling units to be constructed by HUDA** in various Urban Estates in the State of Haryana.

Reference on the subject cited above.

In accordance with decision taken by Govt. for allotment of low cost dwelling units to the encroachers on HUDA/Govt./Govt. agency land in various Urban Estates in the State of Haryana, the following norms and eligibility criteria has been fixed for allotment to beneficiaries.:

- (i) First preference for the allotment of low cost dwelling units has to be given to the petitioners in CWP No. 11637 of 1996 and other jhuggi/jhopri colonies in the respective Urban Estates who are unauthorizedly occupying the land of HUDA for the last more than 5 years as on 19.04.99 i.e. the date of order of the Hon'ble Punjab & Haryana High Court.
- (ii) Second preference may be given to those inhabitants/occupants who are unauthorizedly occupying the land of HUDA for the last more than 5 years as on 03.04.2008 (**The case got the finality by the Hon'ble Supreme Court of India on 03.04.2008**). In this case the cut of date may be taken as 01.04.2003 i.e 5 years prior to 03.04.2008 from the date of final judgment of Hon'ble Supreme Court. The Committee observed that in the case of Panchkula, the cut off date has been taken as 19.04.99 which would mean that the occupants who were existing for 5 years or more than 5 years as on 20.04.2004 will also be eligible for allotment of low cost dwelling unit. The Committee recommends that the date of order of Hon'ble Supreme Court of India may be followed for eligibility criteria and the earlier decision to consider cut off date as 20.04.1999 may be superseded. (This relaxation would be applicable only to beneficiaries to be given second preference.)
- (iii) Third preference may be given to those inhabitants/occupants who are occupying unauthorizedly the Govt. /Govt. Agency land as on 01.04.2003.
- (iv) Thereafter the priority may be given to the unauthorized occupants who encroached the HDUA/ Government/Government Agency land which affect the essential services like roads, water supply, sewerage, bridges etc.
- (v) Thereafter the left out dwelling units may allotted to the eligible applicant of BPL as recommended by DUDA after taking application form DUDA and taking out draw of lots if the applications are more than the available number of low cost dwelling units. While allotting left out dwelling units first preference be given to BPL of the city in which dwelling units are constructed, second preference be given to the BPL residents of the concerned District and third preference be given to the BPL residents of the State.
- (vi) The Committee also recommended that uniform rates of low cost dwelling units may be charged in all the Urban Estates. However, the subsidy received under a particular scheme under JNNURM which will be passed on to the beneficiary of that area where the subsidy has been granted by the Government of India.
- (vii) A person who owns more than one habitation in any of the unauthorized colony of HDUA/Governemnt/ Government Agency land in his own name or in the name of any dependant member of his family shall be entitled to the allotment of only one low cost dwelling unit under this policy. An affidavit to this effect may be taken from the beneficiary.

(viii) It has been decided that the low cost dwelling units shall be constructed at Gurgaon, Bahadurgarh, Jagadhri, Kaithal and Rohtak as number of low cost dwelling units to be constructed are less than 1000 in each case and it may be possible to dispose off these units without any difficulty. In the rest Urban Estates i.e Hisar, Jind, Rewari and Sirsa, the low cost dwelling units shall be constructed after getting the demand from concerned Estate officers regarding encroachment on HUDA land and DUDA regarding encroachment on Government/Government Agency land and keeping in view the demand of eligible applicants under BPL category as more than 2400 dwelling units are proposed to be constructed in each Urban Estate.

It has further been decided that 408 No. of dwelling units at Rewari Secot-18, Pocket-II shall be constructed though these are less than 1000.

It is requested that action may be taken as per norms and eligibility criteria and decision mentioned above and action taken report be sent to Head Office after every fortnight.

In partial modification to instruction No. 63 issued vide Memo No. HSVP-CCF-Acctt-II-2019/152100 dated 22.08.2019 on the above cited subject.

1. The matter has further been re-considered with regard to para No. 2(vi) and para 2(viii) of the instruction no.63. It has been decided that para 2(vi) and 2(viii) of instruction No.63 be replaced as under:-

2(vi) Presently no interest is charged if additional price is paid in lump sum within a period of 30 days of the demand. Thereafter simple interest is charged @ 15% p.a. under Regulation 10 (2) of Haryana Urban Development (Disposal of Land & Buildings) Regulations, 1978, if payment is done in 3 or 5 or 7 installments (six monthly) as per policy dated 02.04.1987 (available on page 304 of HSVP Policies and Instructions). Minutes of the meeting held on 23.11.2020 at 11.30 AM under the Chairmanship of Sh. Vinay Singh, IAS, Chief Administrator HSVP, Panchkula regarding Priority in Original Award, Enhancement Compensation and Payment of Annuity in land acquisition cases.

The following officers attended the meeting:-

1. Sh. Amarjit Singh Mann, IAS, Administrator, HSVP, Hisar.
2. Sh. Nadim Akhtar, Chief Controller of Finance, HSVP, Panchkula.
3. Sh. Anil Aggarwal, Legal Remembrancer, HSVP, Panchkula.
4. Sh. Vijender Bhardwaj, Land Acquisition Officer, Hisar.
5. Sh. Vitul Kumar, Account Officer O/o CCF, HSVP, Panchkula

CA, HSVP welcomed the participants and highlighted the necessity of calling present meeting. During discussions, following existing procedure of land payment was explained by LAO, Hisar and Accounts officer(HQ).

A) Existing Procedure:-

Earlier Chief Controller of Finance office used to release funds to the land owner as per instructions no. 40, 45, 50, 53, 56, 57. These instructions are available on the HSVP website under the link [https://www.hsvphry.org.in/ Financial%20Wing/ Instruction_of%20Finance_HUDA.pdf](https://www.hsvphry.org.in/Financial%20Wing/Instruction_of%20Finance_HUDA.pdf). As per these instructions, the concerned Land Acquisition Officer was required to upload the payments on Indusind Bank Portal after obtaining the sanction from the concerned Zonal Administrator-cum-Additional Director Urban Estates.

B) Development after 12.12.2019

The powers of Zonal Administrators to issue sanction of claims was withdrawn by the then Chief Administrator, HSVP, Panchkula vide memo no. 222927 dated 12.12.2019. Thereafter, a meeting was held on 26.02.2020 (through Video Conferencing) under the chairmanship of Chief Administrator, HSVP, Panchkula wherein all the Zonal Administrator-cum-Additional Director Urban Estates were directed to send the complete case of each award for approval at HQ so that land compensation of complete award could be released in one go. However, in compliance of these instructions, no complete case has yet been received from the Zonal Administrator-cum-Additional Director Urban Estates for approval of Chief Administrator. Resultantly, almost for the past one year the payments uploaded by LAO's on the Indusind Portal are pending for release of funds. This has necessitated holding the present meeting.

C) Discussion during the meeting:-

To stream line the procedure for making payments in future and to discuss the procedure to be adopted for making payments of Annuity, Original Award and Enhancement Compensation in land acquisition cases, the present meeting was called. The matter was deliberated at length with the Zonal Administrator-cum-Additional Director Urban Estates, Hisar, Land Acquisition officer, Hisar, CCF and LR present in the meeting.

It was observed that whenever any award of enhancement of compensation is announced by any court, the claim is submitted in the office of Land Acquisition Officer concerned, by the claimant by way of direct correspondence or by way of filing of an execution in the executing court. After completing all the revenue, legal & accounting formalities and ensuring that the claim is as per entitlement, the claims along with recommendation certificate of LAO are submitted to the Zonal Administrator-cum-Additional Director Urban Estates for seeking necessary sanction. These calculations of enhanced compensation, as recommended by the Land Acquisition Officer are checked by the Accounts Branch in the office of concerned Zonal Administrator. Further, the legality of the matter regarding entitlement of land owners as per the court orders/recommendation certificates submitted by the Land Acquisition Officer is checked by ADA/DDA posted in the office of Zonal Administrator, from all angles. Thereafter, as per sanction/demand of Zonal Administrator-cum-Additional

Director Urban Estates, Head Office provide the funds to concerned Administrator.

This system seems to be appropriate but requiring some minor modifications.

Reference this office letter No-HUDA-Acctts-78/9371-92 dated 13.10.78 on the subject cited above.

The matter regarding increase in the rate of interest had been engaging the attention of this office from some time past. The matter was placed before the Authority in its 51st meeting held on 9.10.1991. A copy of the agenda item No A-51 (18) and extract of minutes is enclosed.

It has been decided that in future in all the allotment letters/ agreements, a condition for charging interest @ 15% per annum instead of 10% p.a should be imposed and in all the price fixation cases the interest be calculated @ 15% P.A. However, on delayed payment of installment interest @ 18 % p.a. will continue to be charged.

This will however be applicable to the new sectors floated in future.

Memo No. HUDA-Acctts. 07/1398-1408

Dated: 15.1.1987

Subject: Revised rates of interest w.e.f 15.01.1987.

It was under the active consideration of the Authority to charge higher rate of interest on the delayed payment. It was observed that the recovery of enhanced compensation and installments are not being affected from one plot holder in time because of lower rate of interest. The matter has been examined in detail and it has been decided that following rates of interest may be charged from the plot holders who do not make the payment in time;-

- | | |
|--------------------------------------------------------|------------------------------------------------------|
| a) Normal rate of interest | 10% P.A |
| b) Interest for the delayed
Payment of installments | 18% P.A
(Which includes 10% P.A. normal interest) |

Due date means the last day on which the payment falls due thus interest at 18% P.A is to be charged if payment is not made after even one day after the due date. However after the expiry of one year from due date the resumption proceedings may be initiated.

In the case of amount due on account of "Enhanced compensation" the interest pattern of charging 10% interest from the due date will continue as such. One notice should be issued to the plot holder regarding charging of this interest. This notice may be issued immediately after the due date if installment has not been deposited. These instructions will come into force with immediate effect.

Please acknowledge the receipt.

Memo No. HUDA-Acctts.-85/5707 Dated: 2.3.1985

Subject: Rate of Interest- clarification regarding charging of **interest compound/ simple** on the **outstanding dues**.

After thorough consideration a uniform policy regarding charging of interest on the outstanding dues of HUDA was adopted and instructions were issued vide this office No HUDA-Acctts-78/8371-82 dated 13.10.1978 (copy enclosed). It was thus laid down that the rate of interest on all type of outstanding dues shall be 10% P.A. In all allotment letters/ agreements a condition for charging interest 10% P.A should be imposed and that in all price fixation cases the interest be calculated @ 10% P.A.

A doubt has arisen in certain quarters whether interest should be charged at simple rates or it has to be compounded after one year.

In this connection it is clarified that simple interest may be charged in respect of all the dues but in case of defaulted payments compound interest @ 10% P.A may be charged. Other conditions envisaged in this office letter dated 13.12.1978 will remain the same.

Receipt of the letter may be acknowledged.

Memo No. HUDA-CCF-Acctt-I-2009/15695-717

Dated: 5-5-2009

Subject: Comprehensive policy in respect of interest on the delayed payment of enhancement compensation
pursuant to the orders of Hon'ble High Court in CWP No.15289 of 2007.

Please refer to the subject cited above.

1. In this regard, it is intimated that the Hon'ble High Court in CWP No.15289 of 2007 in the case of M/s Nanda Goods Transport Company Panipat V/s HUDA and others have directed to frame a comprehensive policy to the effect of charging of interest on delayed payment of enhancement of compensation in order to avoid further litigation as HUDA is expected to apply the rate of interest uniformly to all the effected persons.
2. HUDA has been charging the interest on the delayed payment of enhancement of compensation as per the rates given below:-

Interest type	Rate of interest p.a	Compound/simple interest	Period	
			From	To
Interest on delayed payment of enhanced compensation	7%	Compound	1.1.72	12.10.78
	10%	Compound	13.10.78	17.11.91
	15%	Compound	18.11.91	2.4.2000
	15%	Simple	3.4.2000	till date

3. In this regard, the following terms & conditions of the allotment letter are reiterated in respect of charging of enhancement of compensation: "The price of plot is tentative to the extent that any enhancement in the cost of land awarded by the competent authority under the Land Acquisition Act shall also be payable proportionately as determined by the Authority. The additional price determined shall be paid within 30 days of its demand." No rate of interest was mentioned in the allotment letter for the delayed payment of enhancement of compensation. Although the enhancement of compensation was recoverable within 30 days of its demand, but keeping in view the huge amount of enhancement of compensation recoverable from the allottees, facilities were given to the allottees to make the payment in installment as per instructions issued vide letter No. HUDA-Acctts-87/9660-73 dated 2.4.87 wherein it was clearly stipulated that on the un-paid amount of enhancement of compensation interest @ 15% p.a. will be chargeable. The copy of the instructions is enclosed at Annexure 'A'.
4. HUDA was charging interest on the delayed payment of enhancement of compensation as per the rates stated above. The Hon'ble High Court in the case of Sh. Gian Inder Sharma V/s HUDA in CWP No.16497 of 2001 decided that HUDA cannot charge compound interest on delayed payment of enhancement of compensation. Only simple interest can be charged. This judgment was delivered on 11.11.02. However, HUDA decided to charge simple rate of interest on the delayed payment of enhancement of compensation with effect from

3.4.2000 i.e. immediately after the announcement of the judgment by the Hon'ble High Court in the case of Smt. Kanta Devi Budhiraja V/s HUDA which was finalized by the Hon'ble Supreme Court of India 2.4.2000. Therefore, immediately after the finalization of the judgement by the various courts, HUDA changed its policy and decided to charge simple rate of interest with effect from 3.4.2000 on the delayed payment of enhancement of compensation.

5. In another Civil Appeal No.4436 of 2008 (arising out of special leave petition no.13644 of 2005) titled as HUDA V/s Raj Singh Rana, the question of charging of interest on the delayed payment of installment was again challenged in the Hon'ble Apex Court of India. In this regard, attention is invited to this office letter No.HUDA-CCF-Acctt-1/2008/3645/7-78 dated 25.10.08 vide which the details of the case and charging of interest on the delayed payment of enhancement of compensation were conveyed.

In this case, the Hon'ble Supreme Court of India observed that the concept of levying of interest is applicable in almost all statutes involving financial deals and commercial transactions. Therefore, HUDA is entitled to charge interest on the balance dues of enhancement of compensation at a rate which is different from the rate of interest stipulated in the allotment letter. Under these circumstances, the Hon'ble Supreme Court of India allowed to charge simple interest on the basis of prevailing current rate of interest as defined under section-3 of the Interest Act, 1978. Therefore, charging of 15% p.a. rate of interest on the delayed payment of enhancement of compensation is as per the judgement of Hon'ble Supreme Court of India in the case of Sh.Raj Singh Rana V/s HUDA as the same rate of interest is provided in the Land Acquisition Act, 1894.

6. Attention is also invited to this office letter No.HUDA-Accts-2007/5903 dated 4.9.07, wherein the orders of Hon'ble Supreme Court of India in SLP No.12084, 12085, 12087, 12167, 12169, 12170, 12168 of 2004 arising out of CWP No.2099, 10422, 6280 of 2003, 19098, 18344, 19099 of 2002 were conveyed to charge compound interest @ 10% p.a. although charging of compound interest was not provided in the allotment letter.
7. Attention is also invited to this office letter No.HUDA-Accts-Acctt-1-2007/653-75 dated 8.1.08 vide which advice of Sh. Sanjiv Sharma. Advocate was circulated, wherein the learned Advocate has advised that HUDA can charge differential rate of interest i.e. normal rate of interest and penal rate of interest in respect of two kinds of allottees i.e. those who opt to pay in installments and those who are defaulters. Therefore different rate of interest can be charged in respect of allottees who pay the amount in time and those who are defaulters. Authority has been revising the rate of interest from time to time, keeping in view the rate of interest prevailing in the financial markets in the interest of recovery of its dues. For defaulters the rate of interest charged upto 2.4.2000 was compound thereafter it was made simple from 3.4.2000.
8. Therefore, you are requested to charge the same rate of interest as intimated from time to time on the delayed payment of enhancement of compensation. You are also requested to bring the above said judgments to the notice of various courts and also indicate the quantum of delay in depositing the amount of enhancement of compensation so that Hon'ble Courts may appreciate the delays committed by the allottees in depositing the amount of enhancement of compensation and awarding the differential rate of interest to the defaulters than the normal rate of interest distinguishing between the allottees who pays enhanced compensation in time and those who are defaulters.

This has the approval of Chief Administrator, HUDA.

Memo No.HUDA-CCF-Acctt-I-2008/36457-79

Dated: 25.10.08

Subject: Civil Appeal No.4436 of 2008 (Arising out of the Special Leave Petition No.13644 of 2005) HUDA V/s Raj Singh Rana (Plot No.833/13, Karnal) - charging **interest on delayed payment of enhanced compensation.**

1. This is in continuation of letter No.HUDA-Acctts-2007/5903 dated 4.9.2007 wherein it was intimated that simple interest @ 18% p.a. on the delayed payment of installment will be charged from 3.4.2000. These instructions were issued keeping in view the judgement passed by the Hon'ble High Court in the case of Kanta Devi Budhiraja V/s HUDA wherein the appeal filed by HUDA in the Hon'ble Supreme Court was dismissed on 2.4.2000. Therefore, the instructions to charge simple interest were made applicable from 3.4.2000.
2. This issue relates to charging of interest on the delayed payment of enhancement as in some cases the Hon'ble Courts have ordered to charge same rate of interest as provided in the allotment letter in respect of delayed payment of installments.
3. In Civil Appeal No.4436 of 2008 (Arising out of the Special Leave Petition No.13644 of 2005) titled as HUDA V/s Raj Singh Rana, Hon'ble Supreme Court has ordered that in the absence of any specific rate/clause in the allotment letter, HUDA can charge simple interest on the basis of prevailing current rate of interest on the delayed payment of enhanced compensation. The brief facts of this case are given as follow:-
 - i) Plot No.718 (later on re-numbered 883) measuring 14 marla in sector-13 was allotted to Sh. Baldev Singh Nagar which was further transferred to Sh.Raj Singh Rana. According to the terms & conditions of the allotment letter, the price of the plot was tentative subject to variation with reference to the actual measurement of the plot as well as in case of enhancement of compensation of acquisition cost of land of this sector by the court or otherwise, the allottee was required to pay the additional price of the plot, if any, as determined by the Department within 30 days from the date of demand.
 - ii) No rate of interest was mentioned for the delayed payment of enhancement of compensation but it was mentioned that interest @ 7% per annum shall be charged on the unpaid amount of installments.
 - iii) In this case the District Consumer Disputes Redressal Forum, State Commission as well as National Commission decided that HUDA cannot charge interest more than 7% p.a. on the delayed payment of enhancement of compensation as the same rate of interest was provided in the letter of allotment. HUDA filed appeal in the Hon'ble Supreme Court of India arguing that the rate of interest of 7% p.a. indicated in the allotment letter was only with regard to default in payment of installments for the tentative sale price and not with regard to the default in payment of enhancement of compensation of acquisition cost of the land, for which no rate of interest was stipulated.
 - iv) It was argued that the District Consumer Disputes Redressal Forum, State Commission and National Commission had erred in co-relating the rate of interest mentioned in the allotment letter, which was only applicable in respect of default in payment of installments for the tentative price initially fixed, therefore the rate of interest of 7% p.a. should not be made applicable for the delayed payment of enhancement of compensation.
 - v) The Hon'ble Supreme Court of India observed that the concept of levying or allowing interest is

available in almost all statutes involving financial deals and commercial transactions, but the provision empowering courts to allow interest is contained in the Interest Act, 1978. Section-3 of the said Act, inter alia, provides that in any proceeding for the recovery of any debt or damages or in any proceeding in which a claim for interest in respect of debt or damage already paid is made, the court may, if it thinks fit, allow interest to the person entitled to the debt or damages or to the person making such claim, as the case may be, at a rate not exceeding the current rate of interest, for the whole or part of the periods indicated in the said section.

- vi) It was further observed that in the instant case the provision of the allotment letter appears to have been wrongly interpreted by the Consumer Fora since the stipulated rate of interest only takes into consideration payment of the total tentative price of the plot and it does not take into consideration the additional price of the plot. Therefore, the Hon'ble Supreme Court of India agreed with the arguments of the learned counsel of HUDA and ordered that HUDA is entitled even in terms of the allotment letter to charge interest on the balance dues of enhancement of compensation at a rate which was different from rate of interest stipulated in the allotment letter.
- vii) In this case Hon'ble Supreme Court of India has observed that the case of Ghaziabad Development Authority V/s Balbir Singh (2204(5) SCC 65) gives an indication of the matters which are required to be considered by the courts while granting interest where there is no mutual understanding or agreement with regard to the rate of interest that could be charged. As was mentioned in the Balbir Singh's case and, thereafter, in HUDA vs. Prem Kumar Agarwal and another (2008(1) SCALE 484); Bihar State Housing Board vs. Arun Dakshy (2005 (7) SCC 103); Haryana Urban Development Authority vs. Manoj Kumar (2005 (9) SCC 541) and Krishna Bhagya Jala Nigam Limited vs. G. Harishchandra Reddy and another (2007 (2) SCC 720) the rate of interest is to be fixed in the circumstances of each case and it should not be imposed at a uniform rate without looking into the circumstances leading to a situation where compensation was required to be paid.

4. Under the aforesaid circumstances, the Hon'ble Supreme Court of India has decided to charge simple interest on the basis of prevailing current rate of interest as defined under section-3 of the Interest Act, 1978. The copy of the judgement of Hon'ble Supreme Court of India is enclosed for ready reference.
5. Your attention is also invited to the Section 28 of the Land Acquisition Act, 1984 which provides as under:-
"Collector may be directed to pay interest on excess compensation.—

If the sum which, in the opinion of the Court, the Collector ought to have awarded as compensation is in excess of the sum which the Collector did award as compensation, the award of the Court may direct that the Collector shall pay interest on such excess at the rate of (nine per centum) per annum from the date on which he took possession of the land to the date of payment of such excess into Court:

(Provided that the award of the Court may also direct that where such excess or any part thereof is paid into Court after the date of expiry of a period of one year from the date on which possession is taken, interest at the rate of fifteen per centum per annum shall be payable from the date of expiry of the said period of one year on the amount of such excess or part thereof which has not been paid into Court before the date of such expiry."

From the above, it may kindly be seen that interest @ 9% p.a. for the first year and interest @ 15% p.a. for the subsequent years is required to be paid in respect of payment of enhancement of compensation. Therefore the current rate of interest as defined under section-3 of Interest Act, 1978 could be linked with the above provisions of Land Acquisition Act according to which interest @ 15% p.a. is payable in view of the fact that payment of enhancement of compensation is a continuous liability of HUDA and after payment of enhancement of compensation, HUDA recovers the same from the allottees in the shape of addition price/additional premium as defined under Section 2 (b) of the Haryana Urban Development (Disposal of Land & Building) Regulations 1978.

6. You are, therefore, requested to quote these orders in all the cases of similar nature pending in the Courts/ Forums/Commission and invariably attach the copy of these orders alongwith the reply filed in these cases and specifically bring it to the notice of the Courts during arguments. In cases where replies have already been

filed, these facts may be brought to the notice of the Courts/Forums/ Commissions by either filing amended replies or Civil Misc. Application. **These instructions will be applicable in only those cases where specific rate of interest or policy regarding charging of interest on delayed payment of enhancement is not mentioned in the allotment letter.** These instructions may be followed in letter and spirit.

Acknowledgement of receipt of these instructions should be sent by each office.

Memo No. HUDA-Acctts-Acctt-I-2007/ 653-75

Dated: 8.1.2008

Subject: Guidelines for defending the court cases in respect levy of **compound interest** by HUDA on the delayed payment of instalments.

1. This is in continuation to letter No.HUDA-Acctts-2007/5903 dated 04.09.2007 vide which the orders of Hon'ble Supreme Court of India in SLP No.12084, 12085,12167,12169,12170,12168 of 2004 arising out of CWP No.2099, 10422, 6280 of 2003, 19098, 18344, 19099 of 2002 to charge compound interest @10% p.a. was brought to your notice with the request to quote these orders in all the cases of similar nature pending in the Courts/Forums / Commission and invariably attach the copy of these orders alongwith the reply and specifically bring it to the notice of the Courts during arguments.
2. The increasing number of court cases in respect of levy of compound interest on the delayed payment of installments is causing great concern to the Authority. In this regard the advice of Senior Advocate Sh. Sanjiv Sharma was obtained in order to defend the cases properly in the courts to safeguard the interest of the Authority. Sh. Sanjiv Sharma has analyzed the various judgments announced by the various courts in respect of levy of compound interest and has given valuable suggestions to defend such cases in the court. The copy of the advice is enclosed for ready reference.
3. In nut shell, Ld. Advocate has advised that HUDA can charge the differential rate of interest i.e. normal rate of interest and penal rate of interest in respect of two kinds of allottee i.e. those who opt to pay in installments and those who are defaulters. Although on the question of compound interest, Ld. Advocate has advised that HUDA can not charge the compound interest but in this regard the instructions issued by L.R., HUDA vide letter No. HUDA-Acctts-2007/5903 dated 04.09.2007 may be followed keeping in view the judgement of the Hon'ble Supreme Court of India in the above said cases.
4. The judgement in the case of Sh. Gian Inder Sharma vs. HUDA & others in CWP No.16497 of 2001 was delivered on 11.11.2002 and judgment in the case of Smt. Kanta Devi Budhiraja v/s. HUDA was finalized on 02.04.2000. Accordingly HUDA Authority decided to charge simple rate of interest w.e.f. 03.04.2000 i.e. immediately after the announcement of the judgement by the various courts to charge simple rate of interest. The Ld. Advocate Sh. Sanjiv Sharma was also requested to advice on the question of charging interest keeping in view the following factors:-
 1. Where limitation period has been expired.
 2. Where no due certificate has been issued.
 3. Where full payment has been made and conveyance deed/sale deed has been executed.
 4. The compound interest has been charged as per the orders of the competent Authority passed in the judicial/ quasi judicial capacity.

On these issues, the Ld. Advocate has advised as under:-

1. Where limitation period has expired:

There are two cases under this category (i) where relief has been sought to levy simple interest and to recover the excess payment made by the allottee. (ii) Where restraint has been sought against HUDA from demanding the compound interest. In both these cases the provision of limitation Act 1963 will apply. In both the cases the limitation period would be three years except for (ii) above where the limitation would commence from the date of demand of interest. However, any demand made for reconciliation of accounts beyond a period of 3 years after the last payment may not be tenable. Therefore, in all the court cases, the point of limitation may be examined and may be taken as preliminary objections invariably while filing the reply.

2& 3. Where no due certificate has been issued. Where full payment has been made and conveyance deed/ sale deed has been executed:

The same situation will prevail as described in para (1) above. In such cases where no due certificate has been issued and where full payment has been made and conveyance deed/sale deed has been executed, the limitation Act 1963 will apply. In such cases also, point of limitation may be examined and taken in the preliminary objections invariably while filing the reply.

4. The compound interest has been charged as per the orders of the competent Authority passed in the judicial/ quasi judicial capacity.

In such cases where compound interest has been charged based upon the orders of the judicial/quasi judicial authorities, the compound interest may be charged as per the orders of the above said authority and no relief is required to be given in such cases.

You are, therefore, requested to examine the above said points while filing the reply in the courts in respect of case of levy of compound interest by HUDA and also take all these points in the preliminary objections as well as forcefully argue in the courts. In case replies have already been filed, amendment can be done on above lines. You are also requested to bring these points to the notice of the Advocates who are defending such cases in the various courts so that these comments are properly incorporated in the reply/argued in the Courts.

EX-PARTE OPTION ON LEVY OF COMPOUND INTEREST BY HUDA ON DELAYED PAYMENTS OF INSTALLMENTS

- 1. The Honorable High court disposed off CWP 3737 of 2007 on 8.5.2007 by passing a direction that:-**
“Haryana Urban Development Authority shall uniformly apply the guidelines issued in Gian Inder Sharma case (Supra) to all affected and also in the case of the petitioners. Respondents are further directed to decide each case of petitioners within a period of eight weeks from today.”
- 2. Gian Inder Sharma’s case was decided on 11.11.2002. The operative part of the judgement reads as:**
“We are of the opinion that the respondents are not entitled to charge compound interest on the delayed payment of additional price of the plot in question. They can charge only simple interest at the rate of 15% per annum on the said amount. The case of the petitioner is squarely covered by division Bench decision of this Court in M/S Bhatia brothers’ case (supra). Learned counsel of the respondents could not point out to us any provision of law under the Act and the 1978 Regulations or any condition in the allotment letter, which authorized the respondents to charge compound interest on the delayed payment. As per clause 6 of the allotment letter, the respondents are entitled to charge 10% interest on the amount of installment. The contention of the petitioner that he is liable to pay simple interest at the rate of 15% per annum on the delayed payment of additional price of the plot in the question is totally justified. The respondents, in spite of the decision of this Court, are illegally demanding the compound interest on the aforesaid delayed payment from the petitioner. We find that action of the respondents in demanding compound interest from the petitioner is totally unreasonable and arbitrary and without any authority of law. Therefore, we direct that the respondents can charge only simple interest at the rate of 15% per annum from the petitioner on the delayed payment of additional price of the plot in question. Since the petitioner has already deposited Rs. 2,10,000/- under protest with the respondents towards the additional price, the respondents are directed to calculate the additional price with 15% simple interest and adjust the same towards the above payment made by the petitioner. If there is any excess amount the same shall be refunded to the petitioner within a period of three months. It is, however, made clear that no penalty can be charged from the petitioner on account of delayed payment of additional price. However, if there is any other amount due against the petitioner, the same shall also be adjusted against payment already made by him and after making adjustment, if any amount is found due towards him, the same can be recovered from him.”
- 3. The aforesaid case relates to allotment on 22.5.1987, of a residential plot bearing number 1615, sector-7, Karnal on freehold basis. The total cost of the plot, was Rs. 90,597/-. The petitioner deposited 25% of the amount of the cost i.e. Rs. 22,649.25 on 15.5.1987 after which an allotment letter dated 22.5.1987 was issued. The balance amount of Rs. 67,947.75 was to be paid either in lump sum within 60 days from the date of issue of allotment letter or in 6 annual installments. Each installment was to be recovered with interest on the balance amount at the rate of 10%. While payment towards the initial cost of the plot was made in full, two demands on account of additional price of the plot were made on the petitioner. The first was made on 19.4.1990 for an amount of Rs. 31,448.65 and the second on 10.12.1991 for Rs. 17,650/-. These additional payments were to be recovered from the petitioner in the same manner as installments were to be recovered. It appears, that the demand made by HUDA contained an element of compound interest and therefore, when the statement of account was issued on 17.6.2001, which is ten year later, a total amount of Rs. 2,13,306/- was demanded of which Rs. 1,76,350/- was on account of additional price with interest up till 6.6.2001 and Rs. 36,956/- on account of extension fees until 31.10.2000. Under threat of resumption, the petitioner deposited the money however he made a request on 29.8.2001 that only simple interest be charged and not compounded interest. According to the petitioner, only Rs. 85,065/- was payable in case simple interest was levied.**

4. CWP 2278 of 1999 M/S Bhatia Brothers had already been decided on 14.2.2000 holding that HUDA cannot charge compound interest as there is no provision under the Haryana Urban Development Authority Act, 1977 or Haryana Urban Development (disposal of Land and Buildings) regulations, 1978 and the conditions of allotment to do so. The Special Leave petition filed by HUDA against the aforesaid judgement was dismissed on 11.9.2000. Thus, based on Bhatia Brothers' case, the decision in Gian Inder Sharma's case came to be passed on 11.11.2002.
5. It is the aforesaid decision in Gian Inder Sharma's case that has been followed in the case of CWP 3737 of 2007.
6. In this background, I have been asked to render advice on the question of charging interest and compliance of the judgement dated 8.5.2007.
7. Before addressing the query, it would be appropriate to briefly recapitulate as to how compound interest came to be charged in the first place and whether there is any provision under the HUDA Act, 1977 that can be referred to as the source of such power.
8. The first provision that calls for notice is section 15 of the Act.

Disposal of land

1. Subject to any directions given by the State Government under this Act and the provisions of sub-section (5), the Authority may dispose off-
 - a) any land acquired by it or transferred to it by the State Government without undertaking or carrying out any development thereon; or
 - b) any such land after undertaking or carrying out such development as it thinks fit, to supersons, in such manner and subject to such terms and conditions, as it considers expedient for securing development.
2. Nothing in this Act shall be construed as enabling the authority to dispose off land by way of gift, but subject to this condition, reference in this Act to the disposal of land shall be construed as reference to the disposal thereof in any manner, whether by way of sale, exchange or lease or by the creation of any easement right or privilege or otherwise.
3. Subject to the provisions hereinbefore contained, the Authority may sell, lease, or otherwise transfer whether by auction, allotment or otherwise any land or building belonging to it on such terms and conditions as it may, by regulations provide.
4. The consideration money for any transfer under sub-section (1) shall be paid to the Authority in such manner as may be provided by regulations.
5. Notwithstanding anything contained in any other law, for the time being in force, any land or building or both, as the case may be, shall continue to belong to the authority until the entire consideration money together with interest and other amount, if any due to the Authority on account of the sale of such land or building or both is paid.
6. Until the conditions provided in the regulations are fulfilled, the transferee shall not transfer his right in the land or building except with the previous permission of the Authority, which may be granted on such terms and conditions as the authority may deem fit.
7. Thus, under Section 15 regulations may provide for the terms and conditions of sale/lease/transfer. The next provision to be examined is Section 17 which reads as:

Section 17

Resumption and forfeiture for breach of conditions of transfer:-

1. Where any transferee makes default in the payment of any consideration money, or any installment, on account of the sale of any land or building, or both, under section 15, the Estate Officer may, by notice in writing, call upon the transferee to show cause within a period of 30 days, why a penalty which shall not exceed 10 percent of the amount due from the transferee, be not imposed upon him.
2. After considering the cause, if any, shown by the transferee and after giving him a reasonable opportunity of being heard in the matter, the Estate officer may, for reasons to be recorded in writing, make an order imposing the penalty and direct that the amount of money due along with the penalty shall be paid by the transferee within such period as may be specified in the order.
3. If the transferee fails to pay amount due together with the penalty in accordance with the order made under subsection (2) or commits a breach of any other condition of sale, the Estate Officer may, by notice in writing call upon the transferee to show cause within a period of 30 days, why an order of resumption of the land or building, or both, as the case may be and forfeiture of the whole or any part of the money, if any, paid in respect thereof which in no case shall exceed 10 percent of the total amount of the consideration money, interest and other dues payable in respect of the sale of land or building or both, should not be made.
4. after considering the cause, if any, shown by the transferee in pursuance of a notice under subsection (3) and any evidence that he may produce in support of the same and after giving him a reasonable opportunity of being heard in the matter, the Estate Officer may, for reasons to be recorded in writing make an order resuming the land or building or both, as the case may be, and. direct the forfeiture as provided in subsection (3) of the whole or any part of the money paid in respect of such sale.
5. any person aggrieved by an order of the Estate Officer under section 16 or under this section may, within a period of 30 days of the date of the communication to him of such order, prefer an appeal to the Chief Administrator in such form and manner, as may be prescribed: Provided that the Chief Administrator may entertain the appeal after the expiry of the said period of 30 days, if he is satisfied that the appellant was prevented by sufficient cause from filing the appeal in time.
6. The Chief Administrator may, after hearing the appeal confirm, vary or reverse the order appealed for and pass such order as he deems fit.
7. The Chief Administrator may, either on his own motion or on an application received in this behalf at any time within a period of six months from the date of the order, call for the records of any proceedings in which the Estate Officer has passed an order for the purpose of satisfying himself as to the legality or propriety of such order and may pass such order in relation thereto as he thinks fit. Provided that the Chief Administrator shall not pass any order under this section prejudicial to any person without giving him a reasonable opportunity of being heard.
8. From the words used in section 17 it shows that the Chief Administrator may pass such order as he deems fit while confirming, varying or reversing an order passed by the Estate Officer. Thus, he may in a given case require payment of interest at a rate higher than what has been stipulated in the terms of allotment since, the parties may no longer be bound by the same.

- 9 The power to make Regulations is contained in Section 54 which is :-

13 Clauses of the letter of allotment issued in Form C, CC and others prescribed by the 1978 Regulations, reflect the statutory provisions and can be seen however for ease of appreciation their provisions are on the following lines:-

Your application/bid for plot No. _____ Sector _____ at _____ has been accepted and the plot/building as detailed below has been allotted to you on free-hold basis as per the following terms and conditions and subject to the provisions of the Haryana Urban Development Authority Act, 1977 (hereinafter referred to as the Act) and the rules/regulations applicable there under and as amended from time to time including terms and conditions as already announced at the time of auction and accepted by you.

The plot is preferential/OR

The sum of Rs. _____ deposited by you as bid money at the time of bid will be adjusted against the said plot/building.

In case you refuse to accept this allotment, you shall communicate your refusal.....OR

You are requested to remit Rs. ____ in order to make the 25% price of the said plot within 30 days from the date of issue of this letter. The payment shall be made by a bank draft payable to the Estate Officer, HUDA, _____, and drawn on any scheduled bank at _____. In case of failure to deposit the said amount within the above specified period, the allotment shall be cancelled and the deposit of 10% bid money deposited at the time of bid shall stand forfeited to the Authority, against which you shall have no claim for damages.

The balance amount i.e. Rs. ____ of the above price of the plot/building can be paid in lump sum without interest within 60 days from the date of issue of the allotment letter or in 8 half yearly instalments. The first instalment will fall due after the expiry of six months of the date of issue of this letter. Each instalment would be recoverable together with interest on the balance price at % interest on the remaining amount. The interest shall, however, accrue from the date of offer of possession.

You will have to complete the construction within two years of the date of offer of possession after getting the plans of the proposed building approved from the competent authority in accordance with the regulations governing the erection of buildings. This time limit is extendable by the Estate Officer if he is satisfied that non-construction of the building was due to reasons beyond your control, otherwise this plot is liable to be resumed and the whole or part of the money paid, if any, in respect of it forfeited in accordance with the provisions of the said Act. You shall not erect any building or make any alteration/addition without prior permission of the Estate Officer. No fragmentation of any land or building shall be permitted.

Note. For the exact words used in the forms Kindly refer to the same.

14. A reading of the statutory provisions as noticed above, the substantive portions of which are incorporated in the letter of allotment, clearly shows that allottees are required to pay 25% of the price before the delivery of possession and the balance price in lump-sum without being required to pay interest or to pay the same in 8 installments with interest. The failure of the allottees to deposit 25% of the price within 30 days could entail cancellation of allotment and forfeiture of 10% of the bid money. For paying the balance price representing 75% of the total price, the allottees are given two options. The first option was to pay total balance price in lump-sum within 60 days from the date of issue of allotment letter. In that case, they were not to pay interest. The other option available to them was to pay the balance price in 8 half yearly installments with interest @ 10% payable from the date of offer of possession.
15. **It is therefore safe to suggest that HUDA has power to demand interest on the balance price when installments are opted for.**
16. From a perusal at page 12 of the noting sheet it appears that the Authority decided to charge interest on late payment of instalments at a rate of 18% per annum and instructions in this regard were issued on 15.01.1987. Similarly, a decision to charge interest on delayed payment of enhancement at the rate of 15% per annum was also taken on 02.04.1987. The noting sheet does not however disclose as to whether the decision of the Authority was to charge compound or simple rate of interest. Be that as it may, the levy of compound interest became the subject matter of challenge in the number of cases and while it would be difficult to identify in exactly which case this levy was first struck down, suffice to notice that one of the cases was that of Aruna Luthra reported as 1998 (2) PLR 687 In which it is held that HUDA is entitled to charge interest in terms of the contract that is the allotment letter but not according to HUDA Policy. Thus, it stood settled that what could be recovered is interest as provided by the terms of the allotment as well as the regulations and the Act itself. Policy decisions would not be applicable unless it could be shown that they had sanctity of law. This judgement of Justice N.K. Sodhi & Justice Iqbal Singh is reproduced below for easy appreciation.

“In an auction held on 30.10.1980 the petitioner purchased S.C.F No 33, Sector-7 in Faridabad and an allotment letter was issued to her on 5.12.1980. the price of the building was Rs. 2,83,100/- and 25% of this amount including the amount deposited at the time of auction was to be paid within 30 days from the date of issue of the letter and the balance amount was payable in half yearly installments. Each installment was to be paid together with interest on the balance price @ 10% on the remaining amount. Interest was, however, to accrue from the date of offer of possession. According to clause (22) of the allotment letter all disputes and differences between the parties arising out of or relating to the allotment were to be referred to the sole arbitration of the Chief Administrator, Haryana Urban Development Authority (for short HUDA) or any other officer appointed by him. After purchasing the building the petitioner wrote to the Estate Officer, HUDA, Faridabad to hand over vacant possession of the same. It appears that the building was occupied by some unauthorized occupants and, therefore, its possession could not be delivered to the petitioner. It was only on 4.5.1987 that the possession was delivered to her. At the time of delivering possession to the petitioner it was found that the building had been damaged and there were breakages. A statement about the details of damages and breakages as found in the building was prepared. The petitioner continued representing to the respondents that the damage caused to the building by the unauthorized occupants be repaired so that the same becomes habitable. It was also represented by the petitioner that interest on the balance amount payable to the respondents should be charged only from the date when the defects in the building were removed. Since the respondents did not pay any heed to the representations of the petitioner, she invoked the arbitration clause and filed a petition under Section 20 of the Arbitration Act in the Court of Senior Sub Judge, Faridabad. This application was allowed on 26.7.1989 and the Chief Administrator was appointed the arbitrator to settle the disputes between the parties and he was directed to pronounce his award within four months. The parties were also directed to file their claims and counter-claims before him within the time schedule fixed by the Court. The Administrator exercising the powers of the Chief Administrator decided the matter as per his order dated 21.5.1990 and directed the Revenue Officer, Faridabad to get the deficiencies removed which had been found at the time of delivering possession to the petitioner. In addition, the petitioner was directed to pay interest on the balance installments from the date of delivery of possession. It is stated that the deficiencies

have not been removed so far and the premises are lying unused. The petitioner applied to the respondents for transfer of the building in the name of one Surinder Nischal and in response to her application she was informed that a sum of Rs. 14,77,660/- was payable by her to HUDA. It is submitted that the petitioner then verified from the office of the respondents as to how this amount was due. She also submitted the details of the payments made by her. A copy of the letter dated 24.4.1996 addressed to the Estate Officer in this regard is Annexure P-12 with the petition. A perusal of the payment schedule as contained in this letter would show that the petitioner delayed the payment of installments for which she is liable to pay interest. The petitioner also requested that a conveyance deed be executed in her favour. It was then that the present petition was filed under Article 226 of the Constitution for quashing the demand made by the respondents requiring the petitioner to deposit a sum of Rs. 14,77,660/-. It is also prayed that the respondents be directed to execute the conveyance deed in favour of the petitioner.

2. In the written statement filed on behalf of the respondents, it is pleaded that an amount of Rs. 14,77,660/- is due from the petitioner and that interest @ 18% per annum has been charged as per HUDA policy. It is admitted that a sum of Rs. 2,30,490/- was deposited by the petitioner on 19.4.1996. It is denied that the petitioner is entitled to any damages as claimed.
3. We have heard counsel for the parties and from their pleadings it is clear that the possession of the S.C.F. was delivered to the petitioner on 4.5.1987. As per the decision of the Administrator, HUDA dated 21.5.1990 the petitioner is liable to pay interest only from the date of delivery of possession. This is also in accordance with clause (6) of the allotment letter. Even according to Regulation 5 (7) of the Haryana Urban Development (Disposal of Land and Buildings) Regulations, 1978, interest on delayed payments has to accrue only from the date of offer of possession of the building. The question that, however, arises for consideration is at what rate is the interest payable. According to the respondents, HUDA had prepared some policy on the basis of which interest is being charged @ 18%. On the other hand, the learned counsel for the petitioner strenuously urged that in terms of Clause (6) of the allotment letter, the installments were recoverable together with interest on the balance price @ 10%.
4. Having given our thoughtful consideration to the rival contentions of the parties, we are of the opinion that the petitioner is liable to pay interest at the agreed rate of 10% as stipulated in the letter of allotment. Allotment of S.C.F. through an open auction was the result of a contract between the parties whereby it was agreed between them that the unpaid installments would be recoverable together with interest at the rate of 10% on the balance price. Clause (6) of the allotment letter contains this stipulation. In the light of this clause, it is not open to HUDA to claim and charge interest @ 18% as is being done in the instant case. All that is stated in Para 14 of written statement is that the petitioner is liable to pay interest @ 18% per annum as per HUDA policy. What is that policy, under which provision of law has it been framed and whether it can override the contractual stipulation contained in Clause (6) of the allotment letter has not been spelt out in the written statement. No provision of any law or the aforesaid regulations has been brought to our notice whereby HUDA could charge interest at a rate exceeding the agreed rate of interest.
5. In the result, it has to be held that the petitioner is liable to pay interest @ 10% as agreed between the parties and that too w.e.f. 4.5.1987 on which date the possession of the premises was delivered to her. Consequently, the communication dated 11.4.1996 (Annexure P11 with the writ petition) insofar it requires the petitioner to deposit a sum of Rs. 14,77,660/- is quashed and respondents 2 to 4 are directed to work out afresh the total amount, if any, payable by the petitioner together with interest @ 10% per annum w.e.f. 4.5.1987 and intimate the same to the petitioner who shall have to pay the same. The amounts deposited by the petitioner will, of course, be taken into account and she shall be given credit for the same. The amount as worked out is deposited by the petitioner, the respondents shall execute the deed of conveyance in her favour in accordance with law.
6. another grievance of the petitioner is that in spite of a direction given by the Administrator on 21.5.1990 the damage caused to the premises by the unauthorized occupants which was subsisting at the time of delivery of possession has not been repaired so far and premises are lying unused as they are not capable of being inhabited. This averment of the petitioner has not been specifically denied in the written statement. We, therefore, direct that the petitioner should serve one last notice on the respondents pointing out all

the deficiencies and damage in the building requiring them to repair the same. If such notice is received, respondents 2 to 4 may have the premises inspected through their staff and clause the repairs to be made within three months from the date of receipt of the notice failing which it will be open to the petitioner to have the premises repaired on her own at the cost of these respondents. This direction has become necessary because we find that the Administrator, HUDA itself while giving its decision on the disputed issues between the parties had given a direction to the Revenue Officer to get the deficiencies removed and damage repaired which were found at the time of delivery of possession of the premises.

7. The writ petition stands allowed in the above terms. No costs. Petition accepted.”
- 17 What needs to be noticed is that in the aforesaid case the allotment was not cancelled and there was no resumption. Furthermore, the Court held that a lawful binding contract came into being, the terms of which could be changed unless law permitted it. The essential difference that I wish to draw attention to is that power under Section 17 was not exercised.
- 18 While in the aforesaid case it was held that the policy of HUDA would not be applicable on the question of rate of interest, in another case a contrary view was taken. This is the case of Ram Kishan Gulati v. State of Haryana, (P&H)(D.B.) G.S. Singhvi and Mehtab Singh Gill, JJ. In C.W.P. No. 15746 of 1997 decided on 2.6.1999. This judgement took into consideration the following cases and its operative part reads as:

Cases referred:

- i Aruna Luthra v. State of Haryana and others, 1997(2) PLJ 1.
- ii Baij Nath Garg v. The Chief Administrator, HUDA and others, 1995 (2) RRR 27(P&H).
- iii Ajit Singh and others v. Chandigarh Administration through Administrator, Union Territory and others, C.W.P. No. 9503 of 1996, decided on 29.8.1996.
- iv Sukhpal Singh Kang and others v. Chandigarh Administration and another, I.L.R. 1999(1) Punjab and Haryana 141.
- v Haryana Urban Development Authority and another v. M/s Roochira Ceramics and another, 1997 (1) RCR (Civil) 696 (SC).
- vi Manju Jain and another v. HUDA and others, C.W.P. No. 4405 of 1998 decided on April 2, 1998
- vii Ashwani Puri v. HUDA, C.W.P. No. 2363 of 1996, decided on 3.12.1996.

“The facts necessary for deciding this petition filed by Ram Kishan Gulati and three others for quashing of the notices and orders issued by the Estate Officer and the Chief Administrator, Haryana Urban Development Authority, Panchkula (hereinafter referred to as “HUDA”), are that on the basis of highest bid of Rs. 9,55,500/- given by them in the auction held by respondent No.3, Show- room Plot No. 7, Sector 11, Panchkula measuring 574.75 sq. metres was allotted to Sh. Agya Ram and others (predecessor-in-interest of the petitioners). They deposited 10% price of the plot at the fall of hammer but delayed the deposit of remaining 15% as required by clause 4 of the letter of allotment. A part of 15% of the price was deposited on 22.9.1986 and the balance was deposited on 11.10.1986. Notwithstanding this default, possession of the plot was delivered to the allottees on 21.6.1988. Thereafter, they constructed the building and occupied the same. Due to non-payment of installments in accordance with clause 5 of the letter of allotment, proceedings under Section 17 of the Haryana Urban Development Authority Act, 1977 (hereinafter referred to as ‘the Act’) were initiated against Sh. Agya Ram and others. Notices under Section 17(1) to 17(4) of the Act were issued to them but they did not deposit the installments of the price. Instead, Sh. S.R. Suri, Advocate who appeared on their behalf before the Estate Officer, Panchkula (hereinafter described as ‘respondent No. 3’) pleaded that interest may not be charged because the development works

were not complete at the site. This plea of Sh. Suri was rejected by respondent No. 3 who observed that the development work had, in fact, been completed. He further held that the allottees are evading the payment of outstanding dues. On that premises, he ordered resumption of the site and forfeiture of Rs. 2,30,143/- out of amount deposited by the allottees. The relevant portion of the order passed by respondent No. 3, which we have taken from the original file produced by Sh. R.S. Chahar is reproduced below:-

“As per condition No. 5 of the allotment letter, it was incumbent upon the allottee to pay the due installments on due dates, but they did not deposit the due amount. Therefore, the following regd. Notice u/s 17 of HUDAAct for recovering a sum of Rs. 9,10,000/- on account of outstanding dues were served upon the allottees.

Notice U/s 17(1) vide memo No. 18819 dated 7.10.89 for Rs. 9,10,000/-.

In response to the above notice, reacting sharply the allottees have resorted to frivolous correspondence and contended the non-completion of development works and charging the alleged interest on account thereof. While replying to the notice vide their reply dated 1.11.89. They have also supported their reply with the copy of undertaking given by the then Administrator, Miss Leena Nair dated 17.2.88 stating that no interest on the principal shall be charged if shops from the residential premises were not vacated. Since this undertaking was not held valid by the Chief Administrator, HUDA because she was not competent to give such undertaking. Therefore, both these representations were not considered satisfactory being not based on facts having any authenticity. Since the development works were complete at site at the time of allotment of this site, therefore, by rejecting their representations the further notices U/s 17 of HUDAAct as per detail given below were again served upon them.

Notice U/s 17(2) vide memo No. 22216 dated 13.12.89.

In response to the above notices neither the allottees have appeared for hearing nor they have deposited even a single penny against the outstanding dues. This negligence was viewed seriously and the Estate Officer had imposed a penalty of Rs. 91,000/- vide this office memo No. 462 dated 11.1.90 and further directed them to make the payment of outstanding dues within 30 days. But the allottees have filed an appeal before the Administrator, HUDA, Panchkula against these orders. The appeal has also been rejected by the appellate authority and the order issued by the Estate Officer, HUDA, Panchkula is upheld. However, a lenient view was again taken and to give them further opportunities the process of notices was again adopted and the notices u/s 17(3) were again served upon them.

Notice U/s 17(3) vide memo No. 546 dated 11.1.93 for Rs. 19,54,783/-.

Notice U/s 17(4) vide memo No. 7922 dated 21.5.93 for Rs. 21,23,850/-.

In response to the above mentioned notices the Advocate of the allottee Sh. S.R. Suri appeared for hearing on 8.6.92 and he has given a representation that the development works were not complete at the site. Therefore, the interest should not be charged against the outstanding dues. It is not out of place to point out here that the development works were complete at site when it was sold and the allottees are evading the payment of outstanding dues by resorting to these frivolous contentions. It is also pertinent to mention here that since the allotment of site the allottees remained grossly defaulter in making the upto date payment of installments. Whereas, all 8 Nos. half yearly installments had already been elapsed on 19.8.90 and the amount of outstanding due has accumulated to Rs. 20,62,680/- upto 8.6.93. Whereas the Show Room is constructed at site and the allottees are deriving all the benefits after occupying the same without obtaining occupation certificate from this office on the one hand, but evading payments of outstanding dues on the other. This clearly shows that non-seriousness of the allottees in clearing outstanding dues.

From the facts mentioned above it is clear that allottees are willfully defaulting in making the due payment in spite of various notices issued by this office from time to time. Whereas, repeated opportunities have been given to them. Hence, I am of the considered opinion that the allottees have violated the terms and conditions of the allotment letter by not making the due payments in

time. Hence, I order the resumption of Show Room site No. 7, Sector-11, Panchkula under powers conferred upon me U/s 17 of the HUDA Act. I also order the forfeiture of Rs. 2,30,143/- out of the amount deposited by them.

Dated 9.6.95.”

Endst. No. 8617

By an order dated 4.2.1997, the Administrator HUDA, Panchkula (exercising the powers of the Chief Administrator, HUDA) dismissed the appeal filed by the petitioners. The relevant extract of the appellate order is reproduced below:-

“Keeping in view the arguments of both the parties and facts on record, it is clear from the record that the appellants have retained the Show Room in question after paying almost 25% of the tentative price only. A number of notices has been issued to the appellants but they did not bother to pay any amount against the outstanding installments which have become due. Moreover, the appellants had constructed the building over the Show Room in question and occupied illegally without obtaining Occupation certificate as required under the Erection of Building

Regulations, 1979. Therefore, I find no illegality in the order of Estate Officer which is quite in accordance with terms & conditions of allotment and as per provisions of HUDA Act, 1977. Order of Estate Officer is upheld and the appeal is dismissed.

Announced in the open Court on 4.2.97.

Administrator, HUDA, Panchkula (Exercising
the powers of C.A. HUDA)”

The revision petition filed by the petitioners was dismissed by the Commissioner and Secretary to Government, Town and Country Planning Department, Haryana, who expressed his concurrence with respondent No. 3 and the appellate authority in the following words:-

“I have heard both the parties, it is admitted fact that not a single installment was deposited by the allottees till 24.4.95. If the installments were paid on due times then the entire price of the plot would have been deposited by August, 1990. During the course of arguments the learned counsel of the petitioners admitted that they were ready to deposit the outstanding dues alongwith interest within three months if the site in question was restored to them. Keeping in view the facts and circumstances of the case, I hereby order that HUDA would arrive at the outstanding dues afresh by levying 10% interest on the installments till 19.8.90 and, thereafter, interest as per the policy of HUDA. Calculation sheet so prepared will be supplied to the petitioners by 15.4.97 and they will deposit the amount within three months from 15.4.97. If they fail to deposit the amount within the stipulated date, the site shall stand resumed immediately after the expiry of the period.

The application dated 9.5.1997 filed by the petitioner under Section 151 C.P.C. with the prayer that the revisional order may be modified by directing the respondents to charge interest from the date of completion of work was filed by the Chief Administrator with the observation that the said order was passed with the consent of the petitioners.

In the meanwhile, proceedings under Section 18(1)(b) of the Act were initiated against the petitioners and after issuing notice to them, respondent No. 3 passed order Annexure P.6 dated 18.03.1997 directing their ejection from the plot in question.

The petitioners have challenged the impugned notices/orders by contending that the respondents cannot charge interest from them because they failed to develop the site in accordance with the provisions of the Act and the Regulations framed there under. Another contention urged by them is that the demand of interest over and above the rate specified in clause 5 of letter of allotment is without jurisdiction. They have pleaded that after having agreed to charge interest @ 10% on the delayed payment of installments, the respondents are stopped from charging interest at higher rates.

The respondents have contested the writ petition by stating that the development works were completed before issuance of the letter of allotment and possession was given to them after providing all the amenities. They have defended the resumption of plot on the ground that the allottees willfully defaulted in the payment of installments. They have averred that after having secured the restoration of allotment by making a statement before the revisional authority that they will pay the outstanding dues with interest, the petitioners cannot turn around and question the jurisdiction of the respondents to levy interest as per the policy of the HUDA. The respondents have further averred that the construction of the show room and occupation thereof by the petitioners even without obtaining required certificate under the Haryana Urban Development Authority (Erection of Buildings) Regulations, 1979 (hereinafter referred to as the 1979 Regulations) belies their claim that the development work has not been carried out.

XXXXXXXXXX

We are further of the view that the condition requiring the allottee to pay interest on the balance price, if he/ she decides to pay the same in installments, is based on simple but sound logic and is quite rational. If an allottee pays the balance price in lump-sum then the respondents can deposit the amount in a bank and earn interest. This is not possible if the balance price is paid otherwise than in lump-sum. In that event, money remains with the allottees who can utilize the same for his/her benefit and even earn interest on it by keeping the same deposited in the bank. Therefore, charging of interest @10% on the balance price cannot be termed as arbitrary, unreasonable, unconscionable or illegal. The condition incorporated in clause 5 of the letter of allotment that interest shall be payable from the date of offer of possession operates as a safeguard for the allottees against any possibility of exploitation. In view of this condition, the allottee is not put to the burden of interest before he gets an opportunity to take the possession. We, therefore, do not find anything inherently wrong in the levy of interest on the balance price in a case in which an allottee decides to pay the balance price in installments.

XXXXXXXXXX

The issue which remains to be decided is whether the respondents can charge 18% interest from the petitioners as a condition for **restoration of the plot**. The argument of Sh. Kapoor is that in view of the express provision contained in the letter of allotment, the respondents cannot charge interest at a rate higher than 10% per annum. According to him 10% is the outer limit of the rate at which the interest is to be charged for normal as well as delayed payments and, therefore, the decision of the respondents to charge interest @ 18% from the petitioners should be declared as without jurisdiction, arbitrary and illegal. He strongly relied on the observations made in Aruna Luthra's case in support of his submission that the respondents do not have the authority to charge interest @ 18% per annum. In our opinion, the contention of the learned counsel is wholly untenable and merits rejection. At the cost of repetition, we deem it appropriate to observe that 10% interest which the allottees were liable to pay is not an interest on delayed payment. Rather,

it is an integral part of the price determined by the respondents. The allottees and their successors were required to pay balance price in lump-sum without interest or to pay the same price in 8 half yearly installments with interest. They adopted the second course and in this manner, they incurred the liability to pay interest @ 10%.

In our considered opinion, Regulations 5(6) & (7) and 6(3) of 1978 Regulations read with Clause 5 of the letter of allotment which deal with payment of balance price and interest in case the allottee opts to pay the balance price in installments do not have any application to the cases in which the allottees commit default in the payment thereof on due dates. The cases of this category are to be dealt with under other provisions of the Act and the Regulations. Section 3 of the Act, which deals with the constitution of the HUDA, declares that it shall be a body Corporate with power to acquire, hold and dispose of property. In terms of Section 3(3) of the Act, the Authority consists of a Chairman, a Vice-Chairman, a Chief Administrator and maximum of 12 other members to be appointed by the government. Section 13 of the Act lays down that the objective of the Authority shall be to permit and secure development of all or any of the areas comprised in an urban area. For that purpose, the authority has been vested with the power to acquire by way of purchase, transfer, exchange or gift, hold manage, plan, develop and mortgage or otherwise dispose of land and other property and to carry out by itself or through any agency, building, engineering, mining and other operations, to execute works in connection with supply of water, disposal of sewerage, control of pollution etc. Section 15 deals with disposal of land. Section 30 lays down that the Authority shall carry out the directions, as may be issued, by the State Govt. for efficient administration of the Act. Section 53 empowers the State Govt. to make rules for carrying out the purpose of the Act and Section 54 empowers the Authority to make Regulations, which may provide for the various things enumerated in the said section including the terms and conditions on which transfer of any right, title and interest in any land or building may be permitted. A cumulative reading of these provisions generally and Section 15 in particular shows that the transfer of property vesting in HUDA, by way of allotment, is governed by the Regulations framed under Section 54 and policy to be framed by the HUDA from time to time. The exercise of the various powers vested in HUDA is subject to the directions which the State Govt. may issue.

The issue whether penal interest should be charged from the allottees who default in the payment of price was considered in the 36th meeting of the Financial Committee of the HUDA held on 14.8.1987. the proposal put up before the Finance Committee was that in the case of default interest shall be charged @18% instead of the normal interest @10%. This proposal was approved by the Finance Committee vide agenda item No.. XXXVI(17) and on that basis circular No. HUDA-Accts-87/1398-1408 dated 15.1.1987 was issued by the Chief Administrator. That circular read as under:-

XXXXXXXXXX

The decision contained in the above reproduced circular was reiterated in the 37th meeting of the HUDA held on 29.3.1988 under the Chairmanship of the Chief Minister. The decision taken and the agenda item No. A-XXXVII(2) was that for the delayed payment interest @ 18% should be charged. The relevant extract of that decision is reproduced below:-

“It was further decided the payment schedule in respect of residential/industrial plots will be as under:-

- (i) 10% bid money at the fall of hammer;
- (ii) 15% within 30 days from the date of issue of allotment letter; and
- (iii) Balance 75% in six half yearly installments.

However, for payment in installments interest @10% per annum may be charged from the date of offer of possession with provision to charge 18% interest on delayed payments.”

In our opinion, these policy decisions govern the case of the petitioners and other cases of delayed payment of installment/default in the payment of installments and, therefore, no illegality has been committed by the respondents in charging 18% interest as a condition for restoration of the plot.

We are further of the opinion that the petitioners cannot question the levy of penal interest at a rate higher than 10% because theirs is not a case of simple delayed payment. Their plot was resumed by the competent authority because of the non-compliance of the conditions of allotment. That order was upheld by the appellate authority and when the revision came up for hearing before the Commissioner and Secretary, Town & Country Planning Department, the counsel appearing for the petitioners stated that his clients will pay the dues of installments alongwith interest, which necessarily means that the interest payable in accordance with the policy of HUDA. In our opinion, after having given an unequivocal undertaking before the revisional authority to pay the dues of the installments with interest, the petitioners cannot turn around and challenge the jurisdiction of the respondents to charge interest @18% in accordance with the policy. The plea of the petitioners that they cannot be asked to pay interest @18%, if accepted, will lead to anomalous results. In that situation, no allottee of the HUDA land would pay the price in accordance with the conditions of allotment and feel relief against the resumption of plot by stating that he/she/it is ready to pay the entire price with interest at the normal rate. Otherwise also, it sounds wholly incongruous that an allottee who has defaulted in the payment of instalments of the price is treated at par with the one who regularly pays the instalments with interest.

A reading of the judgement of Aruna Luthra's case (supra) shows that S.C.F. No. 33, Sector 7, Faridabad, was allotted to the petitioner on 5.12.1980. However, possession of the site was delivered to her some time in 1990. The Administrator, HUDA, exercising the powers of the Chief Administrator (acting as Arbitrator) issued direction in this respect. After some time, the petitioner applied for transfer. At that stage, the respondents demanded penal interest @18%. This Court held that the petitioner cannot be made to pay interest because the possession of premises was delivered to allottee on 4.5.1987. The relevant portion of that decision is extracted below:-

Manju Jain's case (supra) was decided on the basis of the judgement rendered in Aruna Luthra's case (supra).

In Ashwani Puri's case (supra), the following order was passed by the Court:-

"The petitioner has deposited Rs. 3.64 lacs and undertakes to deposit the balance amount, if any, intimated by the respondents through registered post AD as undertaken by them, with 10% interest within one month from the receipt of intimation.

In view of this stand taken by counsel for the parties, the writ petition is disposed of." Soon after the aforesaid decision the case of Kanta Devi Budhiraja came to be decided on 16.11.1999. by relying upon the judgement in the case of Ram Krishan Gulathi the Honorable court was pleased to hold in paragraphs 16 to 19 as under:-

By applying the ratio of Ram Kishan Gulati's case (supra) of the case of the petitioners, we hold that the decision of the respondents to charge interest @18% from the allottees for the period of default does not suffer from any legal infirmity.

However, there is merit in the argument of Sh. Harbhagwan Singh that the respondents cannot charge compound interest from the petitioner. Neither the Act nor the 1978 regulations nor the resolutions passed by the HUDA empower respondents No. 2 and 3 to charge compound interest from the allottees in respect of the period of default. Therefore, to this extent, relief deserves to be given to the allottees.

In view of the our conclusion that the allottees are not entitled to get any relief except to the limited extent indicated hereinabove, we do not consider it proper to non-suit them on the ground of improper impleadment of the parties. The allottees would have been well advised by their

counsel to change the description of the parties. However, this lapse cannot be made a ground to non-suit them.

19. For the reasons mentioned above, the writ petition is dismissed subject to the direction that the respondents shall not charge compound interest from the allottees in respect of the period of default. We also direct respondents No. 2 and 3 to communicate to the petitioner the amount due from the allottees (instalments of the price plus interest @ 18%) within a period of two months, the petitioner/allottees shall pay the amount specified in that communication failing which the order of resumption shall stand revived and the respondents shall be free to take possession thereof in accordance with law. If it is found that the petitioner has already paid excess amount, then the same shall be refunded to the allottees alongwith interest at the end of four months period in terms of the order of this Court dated 24.9.1998.”
1. Admittedly, the appeal that was filed against this judgment in the Supreme Court came to be dismissed on 03.04.2000. Thus, the validity of levy of compound rate of interest was struck down for the first time by the Hon’ble Supreme Court on 03.04.2000.
- 21 In this background, the Authority in its meeting held on 29.08.2000 decided that simple interest may be charged and accordingly instructions were issued to do so with effect 01.09.2000.
- 22 Soon thereafter, the case of Roochira Ceramics was decided on 29.11.2000 holding that HUDA can charge 10% interest per annum as provided in the allotment letter and not 18% per annum.
- 23 It appears that notwithstanding the decision in the case of Kanti Devi Budhiraja as well as Roochira Ceramics clearly holding that compound interest could not be charged, HUDA continued to do so.
- 24 The case of Gian Inder Sharma that is CWP 16497 of 2001 is one such case which highlights this fact. It is specifically seen from the facts of this case that HUDA continued to charge compound interest. It is under the circumstances that the judgment dated 11.11.2002 as noticed above, came to be passed.
25. Apart from this petition, from Page 13 of the noting sheet it is disclosed that CWP 7172 of 2003 was also filed in which the levy of compound interest prior to 01.09.2000 was challenged. In this context, it was also questioned as to why HUDA was not refunding the excess amount that had been charged on account of compound interest which, was against legal provisions. In this context, advice of the Advocate General Haryana was obtained and he was of the view that the amount of compound interest at the 18% by HUDA deserves to be refunded upon representation by the original allottee in that regard. Moreover the original allottee would be entitled to seek a refund of the amount of compound interest in the date of transfer of property by him in favour of a third party.
26. One last factor which is required to be noticed is that a decision was taken on 29.12.2005 which stands implemented, to charge simple interest with effect from 03.04.2000 that is, the date on which the appeal filed by HUDA against the judgment in the case of Kanti Devi was dismissed by the Hon’ble Supreme Court.
27. Having noticed the relevant facts and judicial pronouncements it is important to again refer to the decision in CWP 3737 of 2007 which was decided along with nine other petitions all of which laid challenge to the levy of compound interest. From these it is evident that despite numerous judicial pronouncements and the complete absence of any legal provision to levy compound interest, HUDA continued to do so leading to situation where the direction that has been passed in CWP 3737 of 2007 has had to be issued.
28. In the aforesaid background, I have been asked to render advice on (1) the question of charging interest, whether compound or simple and from what date and (2) compliance of the judgment dated 08.05.2007 keeping in view the following factors;

- ‘ Cases where:
- (a) limitation period has expired
 - (b) no due certificate has been issued \
 - (c) full payment has been made and conveyance deed/sale deed has been executed
 - (d) Compound interest has been charged as the orders of the competent authority passed in judicial/ quasi judicial capacity.
- 29 I however find that there is another aspect of the matter. There are two categories of cases which form two distinct classes of allottees. The first case is that of a person who has chosen to pay in installments and the other that of one who is a defaulter and the plot stands resumed. Therefore, the question of levying interest has also to be seen in this context since both these situations have been dealt with distinctly by the Courts.
30. The first aspect which is to be seen is whether compound interest can be levied. The answer stares one in the face in view of the catena of judgments only some of which have been referred to above. Thus, only simple rate of interest can be levied unless and till such time, the HUDA Act 1977, or its Regulations of 1978 allow for compounded rate of interest.
- 31 Having settled the first aspect, the next question that arises is whether there can be a differential rate of interest? This is in context of the two kinds and class of allottees-those who opt to pay in installments and those who are defaulters.
- 32 keeping in view the decision in the case of Ram Kishan Gulati v. State of Haryana, (P&H) (D.B.) G.S. Singhvi and Mehtab Singh Gill, jj. in CWP No. 15746 of 1997 decided on 2.6.1999, the answer is again in the affirmative. When a distinct class of allottee is identified, each will be governed by its own terms. The Allottee who is not in default will be bound by the terms of the allotment letter read alongwith the relevant provisions of the HUDA Act, 1977 and the Regulations of 1978. The other category is a defaulter in whose case the policy guidelines laid down by the Authority to deal with such category of persons would be applicable. With these observations, the question that I have posed in paragraph 29 above stands answered.
- 33 To arrive at a date from which the interest at simple rate is to be charged, it would be safe to determine 03.04.2000 as the cut off date as this is date on which the Hon’ble Supreme Court finally decided the question. Therefore, levy of interest post this date has to be based on a simple rate of interest. There cannot be any difficulty in this because even the Authority had taken a decision on 29.12.2005 to levy simple interest with effect from 03.04.2000. In case there is a case of an allottee who has been charged compound rate of interest after 03.04.2000, this action by HUDA would be against its own decision and hence can be corrected by HUDA itself by revision the accounts.
- 34 The Hon’ble High Court has directed Haryana Urban Development Authority to uniformly apply the guidelines issued in Gian Inder Sharma’s case to all affected and also in the case of the petitioners. HUDA has been directed to decide each case of the petitioners within a period of eight weeks.
- 35 As already noticed, in Gian Inder Sharma’s case a direction was issued to charge only simple interest at the rate of 15% per annum from the petitioner on the delayed payment of additional price of the plot in question and to calculate the additional price with 15% simple interest and adjust the same towards payment made by the petitioner, further to refund any excess amount to the petitioner within a period of three months. Additionally no penalty can be charged from the petitioner on account of delayed payment of additional price. Any other amount due can also be adjusted against the payment already made and after making such adjustment, if any amount is found due the same can be recovered.
- 36 From a perusal of the direction that has been issued in CWP 3737 of 2007 it is not clear as to what the

facts of this case were however, it is more than obvious that the Hon'ble Court has made it crystal clear that compound interest cannot be charged. In case, it has been, in that event the amount due is to be recalculated by charging simple rate of interest and thereafter in case any other amount is due from the allottee, after adjusting the same, the balance amount if any, is to be refunded to the allottee,

37. The question of limitation as a defence to refuse to carry out this re-calculation has not been decided. However, it would be useful to notice the words used while disposing of CWP 3737 of 2007. It speaks of granting the same relief to others who are similarly situated. This would obviously mean only such allottees who have raised a dispute with regard to levy of compound interest and the facts of whose case are *pari materia* to that of the petitioners.

38. In context of the other criteria that is to be addressed as stated in paragraph 28, essentially, the relief that is claimed while demanding levy of simple interest is one of recovery of excess payment or a restraint against HUDA from demanding an illegal amount. For both, the provisions of the Limitation Act 1963 will apply. The limitation would be 3 years for both, except that for the latter, it would depend upon when the demand to deposit the interest is made, it is from this date that limitation would commence. Thus, demands for reconciliation of accounts, made beyond a period of three years after the last payment has been made may not be tenable.

I would, however qualify this by stating that since a levy of compound interest has been found to be illegal *per se* it would always be open to an allottee to come forward and state that he has only recently discovered that he had been made to pay an illegal amount. In such a case, the Hon'ble High Court may be approached under its extra ordinary writ jurisdiction to which the strict provisions of the Limitation Act 1963 do not apply and only delay and laches can taken as a defence. This risk will have to be considered as, it cannot be lost sight of that the very levy of compound interest is unlawful and therefore, there may be cases where limitation may not stand as a foolproof defence.

39. In view of that has been stated in paragraph 38 above, the same situation would cover cases where a 'no due certificate' has been issued and also where full payment has been made and conveyance deed/sale deed has been executed.

40. In those cases where compound interest has been charged based on orders of judicial/quasi judicial authorities, it would not be possible for HUDA to grant any relief on its own. However, it would always be open to the aggrieved party to file a revision under Section 30 of the HUDAAct, 1977 or for the State Govt. to *Suo Moto* take notice of the legality and grant relief. In such cases, where the matter is subjudice, any decision taken now pursuant to the directions of the Hon'ble High Court order dated 08.05.2007, would be binding and hence all pending litigation on the question of compound rate of interest, wherever it may be pending, can be brought to an end by charging simple rate of interest.

HARYANA URBAN DEVELOPMENT AUTHORITY, PANCHKULA

To

1. All the Administrators, HUDA (in the State).
2. All the Estate Officers, HUDA (in the State).

Memo No. HUDA-Accts-2007/5903

Dated: 04.09.2007

Subject: Charging of compound interest on the delayed payment of instalment.

1. Please refer to the instructions issued by this office letter No. 2381-2401 dt. 23.1.06 wherein it was intimated that simple interest @ 18% p.a. on the delayed payment of installment will be charged from 3.4.2000. These instructions were issued keeping in view the judgment passed by the Hon'ble High Court in the case of Kanta Devi Budhiraja Vs HUDA wherein the appeal filed by HUDA in the Hon'ble Supreme Court was dismissed on 2.4.2000. Therefore, the instructions to charge simple interest were made applicable from 3.4.2000.
2. The issue regarding charging of compound interest prior to the period of 2.4.2000 has been causing attention of the Authority and in number of cases the Hon'ble Courts have decided to charge the simple interest on the basis of judgement passed in the case of Roochira Ceramics Vs HUDA & others. HUDA has been fighting the cases in the various Courts and has been pleading that prior to 3.4.2000 compound interest is chargeable on the delayed payment of installments as per policy of the Authority.
3. Now in the SLP No. 12084, 12085, 12087, 12167, 12169, 12170, 12168 of 2004 arising out of CWP No. 2099, 10422, 6280 of 2003, 19098, 18344, 19099 of 2002, the Hon'ble Supreme Court of India has ordered to charge the compound interest @ 10% p.a. The facts of these cases are given below:-

These cases relate to allotment of commercial sites which were auctioned during the year 1989 to 1991. Clause-5 of the allotment letter stipulates that "the balance 75% amount of the auction price can be paid in lump-sum- without interest within 60 days from the date of issue of allotment letter or 8 half yearly installments. The first installment will fall due after the expiry of six months of the issue of this letter. Each installment would be recoverable together with interest on the balance price @10% interest on the remaining amount. The interest shall however, accrue from the date of offer of possession". No other clause of charging of interest was mentioned in the allotment letter. In these cases the Hon'ble High Court has ordered to charge interest on the delayed payment of installments on the basis of orders passed by Hon'ble Supreme Court of India in the case of Roochira Ceramics Vs HUDA & others (2002) 9 SCC 599. The SLPs were filed in these cases. The copy of orders of the Hon'ble High Court which were challenged, question of law, grounds of appeal, grounds for interim relief etc. filed in one of these cases in Hon'ble Supreme Court of India is enclosed herewith for ready reference. From this it may be seen that under the questions of law, the question has been raised whether the ratio of Roochira Ceramics case is applicable in the facts of the present case? Similarly under the grounds of appeal grounds has been taken that the Roochira Ceramics case is totally different from the present case as in the case of Roochira Ceramics, interest @ 10% p.a. is chargeable if the installments are paid in time by the allottee. The allotment letter is silent with regard to the rate of interest being chargeable on the failure to pay the installments in time. It is only in case of the failure of the allottee to deposit the installments on the due date that interest @ 18% p.a. is chargeable in accordance with the policy of the Authority. Keeping in view the submissions made by HUDA in these cases, the Hon'ble Supreme Court of India has ordered as follows:-

"The question arising in these cases is as to what is the rate of interest to be paid by the respondents for delayed payment to the petitioner-HUDA. We make it clear that the respondents are liable to pay compound interest @ 10% p.a. in these cases. We further make it clear that this direction is only confined to these cases. In other cases, HUDA would be at liberty to charge interest on the defaulting parties in accordance with law. The special leave petitions are disposed of accordingly. No costs".

The copy of the order of Hon'ble Supreme Court of India is enclosed herewith.

You are, therefore, requested to quote these orders in all the cases of similar nature pending in the Courts/ Forums/Commission and invariably attach the copy of these orders alongwith the reply filed in these cases and specifically bring it to the notice of the Courts during arguments. In cases where replies have already been filed, these facts may be brought to the notice of the Courts/Forums/Commissions by either filing amended replies or Civil Misc. Application. These instructions will be applicable in only those cases where specific rate of interest or policy regarding charging of interest on delayed payment is not mentioned in the allotment letter. These instructions may be followed in letter and spirit.

Acknowledgement of receipt of these instructions should be sent by each office.

Memo No.HUDA-Acctts-Acctt-I-2007/ 2912-47

Dated: 25.1.2007

Subject: Amendment in the HUDA policy regarding 5% rebate in the price of plot if balance payment is made within 60 days and payment of interest in delayed possession –residential/ commercial .

Please refer to the subject cited above.

The Authority in its 98th meeting held on 12.12.2006 has decided that in the present payment schedule, an additional provision may be made that in case balance 75% of the tentative price of the plot is paid in lump-sum within 60 days from the date of issue of allotment letter, the rebate of 5% in the price of plot will be allowed.

It has also been decided that it will be made clear in the application form as well as allotment letter that HUDA will offer the possession of the plot within a period of 3 years of allotment. In case the possession of the plot is not offered within the prescribed period of 3 years from the date of allotment, HUDA will pay interest @ 9% p.a. (or as may be fixed by Authority from time to time) on the amount deposited by the allottee after the expiry of 3 years till the date of offer of possession. In this case the allottee will not be required to pay the further installments. The payment of balance installment will only start after the possession of the plot is offered to the allottee.

In order to avoid problem of alternative plots, it has been decided that the plots will be advertised only after the plots are demarcated on the site. A committee under the chairmanship of concerned field Administrator comprising of S.E., DTP and Estate Officer would verify the clear number of plots available on the site which could be advertised for sale. Block of plots will be marked, road will also be marked on the ground before this verification in order to ensure that only clear plots i.e. free from litigation and free from encroachment are advertised. The clear plots will be advertised and allotted to the oustees and thereafter balance plots will be advertised for sale amongst the general public. This will eliminate the problem of allotment of alternative plot. In any case, if the alternative plot, if any, is required to be allotted, the same will be allotted in the same sector on the same rate and term and conditions. In case alternative plot is not available in the same sector then it will be allotted in the adjoining sector. However even in this case only the original rate will be charged as per the original allotment letter.

These provisions will be applicable only on those plots which shall be allotted henceforth. This is for your information and further necessary action.

A-I/2007/7179-7200 dated 26.02.2007; there is no provision for further extension of 15-years of initial lease period. The only provision which exists is that after expiry of initial 15-years lease period, it can only be converted into 99-years perpetual lease.

Memo No. 215257

Dates 16-11-2017

Subject: -Calculation of lease rent on the basis of FAR.

Please refer to this office memo no.HSVP.CCF.Acctt-I-2012/12471-92 dated 03.04.2012 and 19550-51 dated 06.07.2016 regarding working out of lease rent in respect of Petrol Pump sites.

1. The lease rent of the petrol pump is worked out as per following formula as per policy of the Authority:-
 - i. Total land allotted for Petrol pump as per norms.
 - ii. Institutional rates of the particular Urban Estate.
 - iii. Total cost including commercial Element = (Area of Petrol Pump x Institutional rates x 2)
 - iv. Monthly rent = $\frac{(\text{Total cost including commercial Element}) \times 5}{100 \times 12}$

Or ` 10000/- per month whichever is higher.

2. The above monthly rent is for one filling point of Petrol and one filling point of diesel. For every additional point ground rent @ of 12.5% is charged extra in addition to the above calculated rent. The monthly rent is further increased as per the following depending upon the location:-

- i. For sites on National Highways the rent is increased by 50% of the above rates.
- ii. For sites on State Highways/ schedule roads the rent is increased by 25% of the above rates.
- iii. For other roads the rent is fixed as per above rates.
- iv. The lease period is for 15 years. After every 3 years rent is increased by 25%.

3. Upto 2016-17 rates in respect of Institutional plots in various Urban Estates of HSVP were being circulated for FAR-I. But w.e.f 2017-18, the rates in respect of Institutional plots has been approved/ circulated for FAR 1.5.

4. Chief Town Planner, HSVP has intimated the permissible FAR allowed on ground floor is only 35% of the plot area.

5. It is clarified that, the rate of institutional plots applicable for FAR-1 should only be considered for working out the monthly rent of Petrol Pump sites. The rates for FAR I can be calculated by proportionately reducing rates of FAR 1.5.

If calculated rate for 1.5 FAR for 2017-18 is 150, then rate for FAR 1 may be taken as 100 (=150/1.5 x 1) .

6. This issues with the approval of W/CA, HSVP.

Dated 06.07.2016

Subject: -Recovery from Petrol Pump sites-**definition of filling point** w.e.f. 06.07.2016.

Please refer to this office memo no.HUDA.CCF.Acctt-I-2012/12471-92 dated 03.4.2012 regarding working out of lease rent in respect of Petrol Pump sites.

1. The lease rent of the petrol pump is worked out as per following formula as per policy of the Authority:-
 - i. Total land allotted for Petrol pump as per norms.
 - ii. Institutional rates of the particular Urban Estate.
 - iii. Total cost including commercial Element = (Area of Petrol Pump x Institutional rates x 2)
 - iv. Monthly rent =
$$\frac{(\text{Total cost including commercial Element}) \times 5}{100 \times 12}$$

Or ` 10000/- per month whichever is higher.
2. The above monthly rent is for one filling point of Petrol and one filling point of diesel. For every additional point ground rent @ of 12.5% is charged extra in addition to the above calculated rent. The monthly rent is further increased as per the following depending upon the location:-
 - i. For sites on National Highways the rent is increased by 50% of the above rates.

 - iii. For other roads the rent is fixed as per above rates.
 - iv. The lease period is for 15 years. After every 3 years rent is increased by 25%.
3. As per HUDA policy approved vide Agenda Item No. A-53(30) by the Authority in the meeting held on 13.5.92, the monthly rent is fixed for one filling point of petrol and one filling point of diesel. For every additional point, ground rent @ 12.5% is charged extra. So far HUDA is asking for additional rent by treating each nozzle on the dispensing unit as additional filling point. But HPCL filed SLP No.28198 of 2014 titled as HPCL vs. State of Haryana & Ors. before the Hon'ble Supreme Court that instead of treating every nozzle as additional filling point, HUDA should treat each dispensing unit as additional filling point and not every nozzle. The Supreme Court vide orders dated 2.12.2014 has directed HUDA and HPCL to resolve the issue amicably.
4. The matter was placed before the Authority in its 110th meeting held on 12.5.2016 and the Authority has approved that if dispensing unit is having more than two nozzles, such dispensing unit shall be treated as having two filling points (except in case of "Space less" nozzle where each space less nozzle shall be treated as one separate filling point)for the purpose of calculating lease. This is due to the reasons that on one dispensing unit, as at one point of time, not more than two vehicles can be filled up. **This decision will be applicable prospectively.**

SPEAKING ORDER

Subject:- Speaking Order as per direction of High Court in CWP No. 9344/2008 – regarding making **calculation** on the basis of **number of dispensing unit** instead of number of **additional points** of diesel/petrol.

This order is being passed in compliance with the order dated **10.08.2009** passed by Hon'ble Court in **CWP No.9344/2008** titled as Bharat Petroleum Corporation Limited Vs HUDA whereby the Hon'ble High Court directed petitioner to make a detailed representation to the Chief Administrator, HUDA, Panchkula. It was further directed that representation shall be considered sympathetically and upon making deposit of the amount due, as may be calculated by the competent Authority, the lease shall be revived. The operative part of the Order is reproduced hereunder for ready reference:-

“At the time of hearing, consensus has arrived between the parties to the extent that the petitioner shall make a detailed representation to the Chief Administrator respondent no. I regarding its grievance, as mentioned in this petition. The representation shall be considered sympathetically and upon making deposit of the amount due, as may be calculated by the Competent Authority, the lease shall be revived.

1. To complete the above said exercise the petitioner is directed to file representation within two weeks from today. The decision thereof shall be taken within three weeks thereafter. Order to be passed after giving on opportunity of hearing to the petitioner.

Adjourned to 23.09.2009

2. The petitioner submitted a representation which was received in the Legal Cell, HUDA (HQ) on 01.09.2009 vide diary No.8321.
3. Before deciding the representation, an opportunity of hearing was provided to the petitioner as per the Order of Hon'ble High Court. The petitioner along with its counsel appeared before the undersigned on 22.09.2009 and they were given patient hearing.
4. The Counsel for the petitioner submitted that HUDA allotted Petrol Pump site in Sector 33, Gurgaon to the petitioner vide memo no.14866 dated 16.09.1997 on lease held basis for a period of 15 years at a monthly rent of Rs.19,500/-. The monthly rent was subject to revision after every five years. However, when the lease deed was registered on 05.02.1998 w.e.f 16.09.1997 in respect of 30m x 36m petrol pump site in Sector 33, Gurgaon, the monthly rent was mentioned as Rs.29,250/- with a stipulation that there would be revision of rent @25% after every three years. It was also stipulated in the lease deed that for every additional point of diesel/petrol, 12.5% extra rent shall be charged.
5. HUDA informed the petitioner on 13.08.1998 regarding the decision to allot another site measuring 30m x 30m in Sector 30, Gurgaon in lieu of already offered site in Sector 33, Gurgaon on a monthly rent of Rs.33,750/-. The petitioner was also directed to deposit Rs.2,58,750/- as rent of the alternative site which was deposited by it on 31.08.1998. the possession of the site was delivered on 07.09.1998 where after the petitioner obtained No Due Certificate and license, and commenced the operation of the petrol pump in the year 1999. However, the petitioner vide letter dated 29.04.1999 requested HUDA to singed and register supplementary lease deed and also issued a reminder on 07.08.1999 in this regard. Aggrieved on account of non-execution of the supplementary lease deed, the petitioner did not make the payment of rent. HUDA vide letter dated 27.07.2005 asked the petitioner to clear the rent as per the registered lease deed by 31.07.2005 failing which the allotment shall be liable to be cancelled. HUDA again intimated the petitioner vide letter dated 13.11.2007 to deposited outstanding amount of Rs.2,88,92,148/- which was not made and the then Estate Officer-I, HUDA, Gurgaon cancelled the lease deed vide order dated 09.05.2008 on this account. The petitioner challenged the cancellation order dated 09.05.2008 and demand notice dated 13.11.2007 by filing the present writ petition in the Hon'ble High Court.
6. The counsel for the petitioner submitted that the payment of the rent could not be made due to the non execution of the supplementary case deed and the reasons for the non payment of the rent was justified. It was further submitted that every additional point of diesel/petrol may be interpreted is mean “every dispensing

machine” ignoring the number of nozzles which vary from machine to machine and a detailed calculation of rent may be prepared by charging additional rent @ 12.5% with respect to every dispensing machine. It was also the contention of the counsel that interest on the delayed payment be not charged as rent could not be paid due to non execution of supplementary lease deed.

7. I have heard the counsel of the petitioner and also gone through the record of the case. The point in issue is whether the non-payments the petitioner company was justified and whether the additional rent should be charged on every additional point of diesel/petrol or on every additional dispensed machine. The non-payment was not justified as the petitioner could have deposited the due amount subject to the decision on his pending representation. It is really unfortunate and surprising that the petitioner continued enjoying HUDA property which is a public property since 1999 without making any payment. This is certainly undue enrichment of the petitioner at the cost of public exchequer. Therefore, it is liable for payment interest on the delayed payment. The contention of the petitioner that additional rent should be levied only on every additional dispensing machine carries weight as more than one nozzle can be detailed in one dispensing machine.
8. Hence, the Estate Officer-II, HUDA, Gurgaon is directed to prepare a detailed calculation on the basis of number of dispensing machines instated of the number of additional point of the diesel/petrol. For ascertaining correct number of dispensing units, a committee consisting of SDE (S) and AEO O/o EO-II, HUDA, Gurgaon is constituted who shall also take the photographs of entire petrol pump site and place the same on record. He is further directed to calculate the entire outstanding amount alongwith interest on the delayed payment, if any, and issue a notice to the petitioner for depositing the due amount within 15 days making it clear if the amount is not deposited, the Petrol Pump Site shall not be restored and no further opportunity of making the payment shall be granted.
9. A copy of the Speaking Order may be communicated to the petitioner by registered post at its correct address.

Memo No. HSVP-CCF-Acctt-I-2019/75263-64

Dated:24.4.2019

Subject: Regarding fixing of **reserve price of commercial sites at par with collector rate.**

1. Please refer to the instruction No.11 dated 22.9.2016 issued under HUDA-CCF-Acctt-I-2016/76304 and instruction No. 36 dated 23.8.2017 issued under CCF-AO-I-Acctt-I/2017/ 57586-87 regarding fixation of reserve price of commercial sites to be sold by auction.
2. There has been melt down in the real estate market. It has been observed that some commercial sites are not being sold in the market due to their higher reserve price. As a result, the e-auctions of commercial sites are not successful.
3. Now, all auctions are being conducted by the e-Auction mode. Due to which, there is little rather negligible possibility of cartelization. Therefore, it has been decided that the existing system of fixation of reserve price should be modified to bring the prices at par with the realistic market rates. Also to explore the realistic prevalent market rates, the concept of reverse bidding which allows bidding below the reserve price, is being introduced in the e auction of commercial sites.
4. The Pradhikaran in its 117th meeting held 18.2.2019 has approved vide Suppl. Agenda Item No. 117th (1) as below:-
 - (i) Collector Rates of similar commercial sites in the respective sector shall be taken as the reserve price for e-auction. If in a sector, Collector Rates have not been fixed so far, the Zonal Administrator shall first get the Collector Rates fixed from the District Administration before putting sites for e-auction, to determine the reserve price.
 - (ii) The current practice to decrease the reserve price after failed e-auctions shall be discontinued.
 - (iii) The bidders shall also be given option of submitting reverse bidding which can be lower than the reserve price. In such cases where the final bid after close of e-auction remains below the reserve price, the final decision about acceptance of bid shall be taken based on the recommendations of Zonal Administrator by the competent authority as below:-

Sr.No.	Final bid remains below the reserve price	Authority competent to accept the bid
1.	$\leq 5\%$ of reserve price	CA, HSVP
2.	$> 5\%$ of reserve price	Committee under the Chairmanship of Hon'ble C.M, Haryana-cum-Chairman ,HSVP who will decide the composition of such committee.

5. The above revised method shall be applicable in respect of e-auction of commercial sites to be held till 31.12.2019 only.
6. The schedule of auction shall be put up for perusal of Chairman, HSVP, through Adm.(H.Q) before release of advertisement in the news papers.

Memo No.HUDA.CCF.AO-I/Acctt-I/AO-I-2017/-157586

Dated:- 23.8.2017

Subject:-Clarification about Fixation of Reserve Price for e-auction of Commercial sites and left out Residential plots in various Urban Estates of HUDA.

- 1.1 Please refer to this office Instruction No.11 issued under memo.No.HUDA-CCF-Acctt-I-2016/76304 dated 22.09.2016 regarding fixation of reserve price of commercial sites to be auctioned for the 1.st time in HUDA Urban Estates.

1.2 Commercial Plots:-

Certain queries have been raised as regards to fixation of reserve price of the commercial sites as under:-

Sr. No.	Particulars	Clarification																		
1.	If any similar commercial sites in the same sector of the Urban Estate have been auctioned in the past, the reserve price of the commercial site shall be determined by the Zonal Administrator by updating the last auction price @ 15% per annum simple, of similar site In same sector or adjoining sector whichever is higher, subject to condition that reserve price shall not be less than collector rate. Query:-While fixing the reserve price what is the meaning of similar site.	If the reserve price of the booth site is to be fixed, in that case, the latest auction price of the booth site sold in that particular sector or the adjoining sector as the case may be, should be taken as the base for that purpose. Similar is the case of fixation of reserve price of kiosks, SCO's, Shopping Mall etc. respectively.																		
2.	As per the Instructions available on page 322 of HUDA Policies and Instructions, Zonal Administrator are competent to devalue the reserve price of commercial sites by 20% i.e. @ 5% per auction in case sites are not sold in the 4 successive auctions. They are authorized to fix the reserve price by reducing it by 5% for each unsuccessful auction upto. 4 auctions after which if sites are not sold, then a concrete proposal may be referred to the Chief Administrator, HUDA. In any case the reserve price so fixed after reduction will not be less than the original reserve price of commercial sites. Query:- Whether the 5% reduction of reserve price is applicable for each subsequent failed e-auction or total 20% reduction is applicable at the end of four failed e-auctions.	<p>Zonal Administrators can devalue the reserve price by 5% in each successive auction in case the auction Is not successful. Memo No. HUDA-CCF-Acctt-I-2017/33010-11

Dated: 22.2.2017

Subject: HUDA policy for payment of **possession interest** on the **deposit amount** in case of **re-allotment** where original allotment made after 25.1.2007.

1. References have been received from the Estate Office, Rohtak and Bahadurgarh regarding grant of possession interest @ 9% p.a. simple to the re-allottee in case possession is not offered within period of 3 years of date of allotment.
2. In this regard attention is invited to the policy dated 25.1.2007 issued under No. HUDA-Acctts-Acctt-I-2007/2912-47 where under the allottee is eligible for 9% p.a. simple possession interest in case possession of plot is not given within 3 years of allotment. This facility is available only on those plots which were allotted after 25.1.2007.
3. The Estate Officer has pointed out that though as per condition No. 7 of the allotment letter issued after 25.1.2007, there is a provision to pay interest @ 9% p.a. simple to the allottee where possession of the plot is not offered within 3 years from the date of allotment by HUDA. However, this condition is not mentioned in the re-allotment letter in case where plot is sold by original allottee. Some re-allottees have requested that they should also be granted benefit of possession interest @ 9% p.a. simple by treating them at par with the original allottee.
4. It is clarified that re-allottee should also be entitled for possession interest treating at par with the original allottee if the original allotment letter contains the condition of payment of possession interest @ 9% p.a. simple and allotment had been made after 25.1.2007.
5. Therefore, the respective Estate Officer may take appropriate decision depending upon the facts of each individual case.

INSTRUCTION RELATING TO APPROACH ROAD/RASTA TO RELEASED LAND.

To

1. All the Administrators, HUDA (In the State).

4. All the Estate Officer, HUDA (In the State).

Memo No. HUDA-CCF-AO-I/Acctt-I-2018/5707

Dated: 9/1/2018

Subject: Rates to be charged to provide approach road (Rasta) to the pockets of released land

1. References are received where approach road (Rasta) is to be provided to the released pockets. Though, there is a policy that HUDA shall provide Rasta with width upto maximum of 2 karam (11 feet) In those cases where existing revenue Rasta has been acquired by HUDA and no approach is available to the released pocket., but there is no existing policy about what price should be charged for land to be now used for “Rasta” from the owner of released pockets.
2. It has been observed that sometimes the original approved layout plan shows the now proposed “Rasta” to be e.g. Residential, GHS, Institutional, Commercial etc. The approved layout plan needs to be altered to provide proposed Rasta. This leads to loss of revenue to HUDA. To compensate for the loss to HUDA if the price of the original approved layout is charged, there is resentment from the owner of the released pocket as he is using the land for the purpose of “Rasta”. Therefore, the policy’ needs to be framed as to what price should be charged where a “Rasta” is being provided to the owner of released pocket of land.
3. It is clarified that land for such proposed Rasta shall be provided free of cost. However, any cost of construction of Rasta as determined by the HUDA Engineering Wing shall chargeable.
4. If the owner of released pocket requests for Rasta in excess of 2 karam (11 feet) width, then 1.5 times of the differential land (required for Rasta in excess of 2 karam width) shall be taken by HUDA in lieu of its land required for providing approach. If the owner it not able to provide such land, the differential land (required for Rasta in excess of 2 karam width) shall be charged at the rate of nodal residential plotted rates of the respective sector, in which such differential excess land falls. In addition any cost of construction of Rasta as determined by the HUDA Engineering Wing shall chargeable extra.
5. This issues with the approval of Hon’ble Chief Minister, Haryana-cum-Chairman, HUDA.

INSTRUCTION RELATING TO DIFFERENTIAL CHARGES PURCHASABLE FAR

To

1. All the Administrators,
HUDA (in the State).
2. The Administrator (HQ),
HUDA, Panchkula.

Memo No. HUDA-CCF-AO-I/2018/29789

Dated: 15/02/2018

Subject: Fixation of rates of industrial plots in various Urban Estates of HUDA for the year 2017-18 – Differential charges to be paid on account of purchasable FAR in respect of old allotment-reg

1. Please refer to this office letter dated 19.5.2017 issued under Memo No. 90526-27 on the above subject. The differential amount to be charged in respect of old allotments on account of increased FAR as allowed under Haryana Building Code, 2016 was to be calculated as below:-

“Para 4: In case of old allotments, differential component of increased FAR shall be purchasable @ calculation proportionately for the increased FAR on the basis of current reserve price for e-auction. For example, in case the current rate of industrial plots is Rs. 10,000/- per sq.mtr. for 150% FAR and the FAR in old cases is increased from 125% to 150%, in that case the recoverable amount will be Rs. 1667.00 per sq.mtr. for increased 25% FAR.”

2. It has been observed that formula for calculations of additional amount payable on account of increased purchasable FAR, being adopted by HSVP is different from HSIIDC and this is leading to charging of higher rates by HSVP.
3. In the interest of industrial growth in the state and to have uniformity between HUDA and HSIIDC, it has been decided that the practice being followed in HSIIDC may also be adopted by HSVP. The augmentation charges for increase in FAR in respect of industrial plots shall be worked out as under:
 - (i) If FAR of the industrial plot is increased from 75/100/125% to 150 or above, the augmentation charges per 25% of increase in FAR, may be worked out as under:
 - (ii) Prevailing/current allotment rate per sqm of the industrial plot in an industrial estate, in the year when the increase in FAR is allowed on regularized, may be considered the base rate for working out the charges.
 - (iii) For the increase in FAR, 50% of the Base Rate as described in (ii) above, may be considered for working out augmentation charges per sqm.
 - (iv) The following formula may be applied to work out the charges for the increase in FAR.

(Increase in FAR* x Base Rate as in (ii)above) x 50% Base FAR at which plot was allotted

* Increase in FAR will be accounted for in the denomination of 25% above the base FAR.

For example:

- (a) In case of Udyog Vihar Gurugram

- Taking the base rate as Rs. 48,000/- per sqm. (Allotment rate of industrial plot for the year 2015-16).
- For increase in FAR from 125% to 150%

The rate of augmentation charges will be:

(25 x 48,000) x 50% = Rs. 4800/- per sqm for 25% increase in FAR.

125

(b) In case of IE Kundli

- Taking the base rate as Rs. 13,000/- per sqm. (Allotment rate of industrial plot for the year 2015-16).
- For increase in FAR from 125% to 150%

The rate of augmentation charges will be:

$$\frac{(25 \times 13,000)}{125} \times 50\% = \text{Rs. } 1300/- \text{ per sqm for 25\% increase in FAR.}$$

INTEREST ON DEPOSIT OF ADDITIONAL PRICE AGAINST ORIGINAL PLOT

Instruction No. 2

HARYANA URBAN DEVELOPMENT AUTHORITY, SECTOR-6, PANCHKULA

To

The Estate Officer-II,
Gurgaon.

Memo No.HUDA-CCF-ACCTT-II-2015/-2790-91

Dated:-09.02.2015

Subject: Interest on deposit of **additional price** against original plot on account of **enhancement** but allotment of **alternative plot** in the **adjoining/different** sector.

Kindly refer to your letter No.12716 dated 02.12.2014 about clarification for rate of interest on the amount deposited on account of additional price (enhancement) in the original sector (sector 52) but actual allotment of alternative plot allotted in the adjoining/different sector (sector 57), Gurgaon.

This office has already issued clarification vide this office memo No.HUDA-Acctt-II-2013/43644-45 dated 26.11.13 on basis of High Court decision dated 8.08.2013 in CWP No.2759 of 2013 titled Mahender Pal Jain Vs. HUDA that in respect of allotment of alternative plot in the adjoining/different sector, the enhanced price shall be charged of the sector where alternative plot has been allotted.

In the present case, the additional price on account of enhancement was paid for Sector-52, but the plot was not allotted in this sector. Now question is what rate of interest for such paid amount is to be given to the plot owner. HUDA shall refund this amount along with interest @ 15% P.A. (Simple). This will ensure equity in dealing by HUDA as the same interest @ 15% P.A. (Simple) is being charged for recovery of the additional price on account of enhancement from the plot owners as per letter NO. HUDA-CCF-Acctt-I/2008/3654/7-78 dated 25.10.08 issued on basis of the judgement of Hon'ble Supreme Court of India in the case of Sh. Raj Singh Rana V/s HUDA in Civil Appeal No.4436 of 2008 (arising out of special leave petition No.13644 of 2005).

Instead of refunding the enhancement amount of Sector-52, Gurgaon to the plot owner, your office may update the amount @ 15% p.a.(simple) and adjust it against the demand of the additional price on account for enhancement in the Sector-57, Gurgaon i.e. alternative sector. If still some excess amount is left, same may be refunded with interest @ 15% P.A. (Simple).

This may also be made applicable in other similar cases in respect of allotment alternative plot in the adjoining/different sector.

PAYMENT OF ENHANCEMENT COMPENSATION

Instruction No. 56

HARYANA SHEHRI VIKAS PRADHIKARAN, SECTOR-6, PANCHKULA.

To

1. The Zonal Administrator,

2. The Land Acquisition Officer,
Panchkula, Gurugram, Faridabad, Rohtak & Hisar.

Memo No. HSVP-CCF-Acctt-II-2018/143381-82

Dated: 17.07.2018

Subject: Priority for payment of enhancement compensation in land acquisition cases on accounts of executions being filed in the various Courts.

1. Please refer to this office earlier instruction No. 53 issued under memo No. HSVP/CCF/AO-Cash/2018/36425-26 dated 23.02.2018 where under it was directed that the payment pertaining to original awards of specified categories and enhanced compensation awarded by the Hon'ble Supreme Court should be done on priority on the first phase. Thereafter in the 2nd phase, the payment of enhanced compensation based on the orders of Hon'ble high Court was to be taken up and the payment of enhanced compensation based on the orders of the ADJ Court was to be taken up in the 3rd phase.
2. It has been observed that various execution applications have been filed by the land owners in the Courts to secure release of the land payment. The Courts in some matters have taken coercive action to ensure release of payment to the land owners. In this background, it is again clarified that payment of original award and the enhanced compensation awarded by the Hon'ble Supreme Court should be uploaded by the field offices at their own level and they should ensure that the land owner is not required to approach the Courts by way of filing executions for release of payment in such cases. If any amount is to be deposited in the Court, due to dispute of ownership or apportionment, the same may be deposited by concerned LAO after taking written approval of jurisdictional Zonal Administrator-cum-ADUE without referring case to H.Q.
3. Execution petitions may arise in respect of enhanced compensation based on Hon'ble High Court or ADJ Court order to secure release of the payment, as these are not so far taken up for payment based on priority.
4. It is relevant to mention that as already notified vide H.Q. instructions dated 22.2.2007 (available on page 311 of HUDA Policies & Instructions) that payment of enhanced compensation in land acquisition cases is to be made as under:
 - (a) In case of enhancement, once the rate are finalized and no appeal of HSVP is pending; the entire enhancement compensation should be disbursed in one go. The Land Acquisition Officer should not wait for execution proceedings. After receiving the communication that the rates of enhancement compensation have attained the finality and no further appeal is being filed. Land Acquisition Officer's will process all such communication and submit the same to the concerned Administrator who shall sanction the payment within 10 days of the receipt.
 - (b) In case where HSVP has preferred appeal before Higher Court against enhanced compensation and no stay has been granted. 100% payment may be released subject to furnishing of adequate security or a bank guarantee from the land owners so that in the event of reduction the rates of enhancement compensation by the Higher Courts the excess amount could easily be recovered.
5. H.Q. has already issued instruction No. 34 dated 23.5.2017 directing that the Zonal Administrator-cum-ADUE should examine and make specific recommendation to the H.Q. for making payment on out of turn basis, if required.
6. If any execution has been filed to secure release of payment based on Hon'ble High Court/ADJ Court order and coercive action has been initiated by Executing Court, the Land Acquisition Officer should first procure sanction of Zonal Administrator based on the merit of each claim. Thereafter, Zonal Administrator should

recommend the case to H.Q. for making out of turn payment.

1. Please refer the instructions No. 12 issued vide this office letter No. CCF-Acctt-II-2016/86150-51 dated 05.10.2016 regarding priority for payments of original awards and payments of enhancement compensation pertaining to the Land Acquisition Cases. Copy of these instructions is available on the HUDA website at the link below:-
<https://www.huda.org.in/layouts/CCF/Priority%20for%20payment%20of%20enhancement%20compensation%20in%20land%20acquisition%20cases.pdf>
2. In some genuine cases, immediate payments are to be made due to exigency of the situation. Therefore, it is prescribed that henceforth, proposal for any out of turn payment should be addressed to the Chief Administrator, HUDA by the Zonal Administrator-cum-ADUE. The Accounts Branch H.Q. shall process the same and take written approval from the Chief Administrator, HUDA and out of turn payment shall be released only after taking written approval from the Chief Administrator, HUDA, Panchkula.
- 3.1 **Original Awards** :-Another issue is to set the priority for payment of compensation in the original awards. So far the priority was being decided on the basis of date of requisition sent by LAO to the Punjab National Bank, UT, Manimajra for the award payment to the beneficiary Land Owners through RTGS. As a result, some of the cases where though award had been announced earlier were being put in lower priority.
- 3.2 Henceforth, the priority list for payment of original awards will be prepared on the basis of date of award i.e. earlier award will get priority. The payment will be made in ascending order of the award amount. IT wing is also designing software for real time updation of priority list. Till the time the software is commissioned, the priority list will be updated manually on monthly basis and the same shall be displayed on the HUDA website.
- 4.1 **Enhancement cases:-** So far, the priority list for payment of enhanced compensation were being maintained zone-wise. Henceforth it has been decided that combined priority list for all the five zones shall be prepared & displayed on the HUDA website and payments shall be released on the basis of combined priority list.
- 4.2 So far, common bank accounts were being maintained for payment of enhancement both for EDC & non EDC land payments. Henceforth separate bank account shall be opened zone-wise for [EDC and non EDC land payments.
- 4.3 While submitting the request of RTGS to PNB bank for payment in the account of beneficiary, the Zonal Administrator/LAO shall ensure that the proper bank account number is mentioned from which payment is to be made to the beneficiary so that to ensure that EDC Bank Account is used only for expenditure on EDC land enhancement payments and similarly, amount from Non EDC Bank Account is spent for the non EDC land enhancement payments.

Instructions No.12

Urban Estate Department,
Haryana (in the State).

Memo No.HUDA/CCF/Acctt II/2016/-86150-51

Dated: 05.10.2016

Subject:Priority for payment of enhancement compensation in land acquisition cases.

Attention is invited to H.Q letter No. CCF-Acctt-II-2007/16499-6503 dated 22.2.2007 that the Zonal Administrator is competent authority to sanction the payment of enhanced compensation to the land owners after receipt of the proposal from the land Acquisition Officer.

2. The landowners whose land is acquired under the Land Acquisition Act, have a statutory right to file references under Section 18 of the Act seeking higher compensation as compared to what has been determined by the Land Acquisition Collector and paid to them at the Award stage. The amount of compensation is often enhanced by the Courts of competent jurisdiction. Finality in this behalf is a long drawn process. As such, the pricing of plots at the initial stage can not take into account any competent Courts is recovered proportionately from the plot owners separately under regulation 10 of the Haryana Urban Development (Disposal of land and building) Regulations, 1978 by issuing demand of additional price on account of enhanced compensation. This recovery from plot holders, is made over a period to time.
3. To streamline the procedure for recovery of enhanced compensation from plot owners, a policy approved by the HUDA Authority in its 111th meeting held on 27.7.2016 at Agenda item No. 22, is available on HUDA website at the link https://www.huda.gov.in/layouts/CCF/Policyregardingrecovery_of_enhanced_compensation_fromallottees_in_case_of_sale_of_land_or_building_by_allotment.pdf
4. Till the time, the enhanced compensation is recovered from the plot owners, payment of enhanced compensation can only be made by HUDA out of its own surplus resources and no assistance from the State Government or financial institutions is available to the Organization for this purpose. At present, HUDA is passing through phase of liquidity crunch and surplus funds are not available to make payment immediately after the announcement of the enhanced amount of compensation by the Courts.
5. A need has been felt to have a transparent system to arrive at the priority while making payments. The following method shall be followed in this regard :-
 - a) **Original Award :-** The first priority will be given for payment of compensation announced in the original award, if any, pending due to oversight.
 - b) **Enhanced Compensation :-** These cases shall be taken up for payment after all the original award payment

cases have been exhausted. The priority shall be decided on the basis of date or order of Court of enhancement. The earlier order is to be given priority. Thereafter subject to availability of funds, payments shall be released in the ascending order of the amount to be disbursed to the concerned land owner. For example, if there are two enhancement orders **A & B** passed on 1.07.2015 and 3.08.2016 respectively. Each consisting of payment to 4 persons each of ` 10, 20, 30 & 40 respectively. The amounts of ` 10, 20, 30 & 40 under order A dated 1.07.2015 shall be released first in the ascending order i.e ` 10 to be released first thereafter, ` 20 and so on. After making full payment of ` 100 under order A, payment of ` 10 under order B dated 3.08.2016 shall be made and so on.

- c) The Land Acquisition officer shall maintain a duly certified waiting list in this regard for disbursement of the amount and shall be displayed on the HUDA Website. The list shall be updated on quarterly basis and shall be submitted to the respective Zonal Administrator in the first week of month after quarter ending.
- d) In case of any execution being filed by the land owner in the court, the certified waiting list should be submitted in the court highlighting the serial number of the petitioner land owner.

Dated: 3.12.2010

Subject:- Payment of enhanced compensation to the land Owners – Income Tax/General Instructions.

It has been observed that the claims for payment of Enhancement Compensation are not being submitted to the office of Administrators well in time for payment due to which adverse order such as attachment of Govt./HUDA properties are passed by the Court which gives bad name to the organization. To streamline the system the following decisions have been taken.

1. Deduction of Income Tax should be made as per instructions issued by the Income Tax Department/advise given by the Tax Consultant, copy of which is enclosed herewith.
2. All the claims of Enhancement Compensation against the award passed by the Hon'ble Court should be submitted in one lot instead of submitting the claims in parts.
3. If any attachment orders are passed by any Court, the matter should be brought to the notice of the concerned Administrator, at personal level and payment of such claim should be got released before the date of attachment.
4. The Claim of Enhancement Compensation should be submitted within 3 months from the date of award of the Court immediately after observing all the legal formalities so that no delay occurs in making payment to the land owners to avoid interest liability. If any lapse is noticed on part of any officer/official, the payment of interest will be recovered from him.

These instructions should be followed in letter and spirit.

MemoNo.-CCF-ACCTT-II/2010/38914

Dated: 29.09.2010

Subject: Payment of **compensation** in land acquisition cases w.r.t. **Gurpreet Singh V/s Union of India 2006(2)**
PLJ 593

Please refer to this office letter No. 2659-68 dated 27.1.2009 on the subject cited above.

1. In this regard, the Hon'ble Court of Sh. Deepak Gupta, Additional District Judge, Faridabad in execution case No. 233 of 1998 in the case of Sh. Ram Gopal, ram Kumar, Vishnu Dutt, Bhu Dutt sons, Smt. Anguri Devi of village Sihi, Tehsil Ballabgarh, District, Faridabad V/s State of Haryana, had passed the orders on 6.5.2010 wherein the judgement of Gurpreet Singh V/s Union of India has been analysed in detail for the purpose of payment of enhanced compensation to the land owners.

In the above said execution case No. 233 of 1998, the land owners were demanding the amount of Rs. 56,25,244/- in view of Judgement of Gurpreet Singh Vs Union of India, but the Hon'ble Court of AdJ, Faridabad had held that the decree holders have already received the amount of Rs. 1,90,638/- in excess which they are liable to refund.

2. The judgement of Hon'ble ADJ, Faridabad is absed on judgement of Hon'ble Supreme Court of India in the case of Gurpreet Singh Vs. Union of India which contains the following factors:

As per Land Acquisition Act, 1894 the award of compensation is at different stages:

- i) Stage one: When LAC passes the award and makes payment under section 31 of the Act.
- ii) Stage two: When the reference is filed under section 18 of the Land Acquisition Act 1894 and the same is decided by the reference court. On the basis of award announced by the reference court, the Collector is duty bound to deposit this amount. This has nothing to do with the earlier amount paid at stage one. If the **amount paid falls short of enhanced amount**, the question of appropriation can arise at this stage.
- iii) Stage three: When in appeal, High Court enhanced the compensation. The enhanced compensation awarded by High Court shall have to be deposited in addition to enhancement awarded by the reference court.
- iv) Stage four: When Supreme Court enhances the compensation and in this case the same rule will apply as at stage three. Therefore the following needs to be followed:-
 - a) The claimant or decree holder, who has received the entire amount by virtue of award of reference court cannot claim interest on the amount already received merely because of the fact that appellate court has further enhanced the compensation.
 - b) But if there is any short fall at any stage, the claimant or decree holder can seek to apply the rule of appropriation in respect of that amount first towards interest and costs and then towards principal unless the decree otherwise directs. (Refer para 32,33,34,35,36 of the judgement of Gurpreet Singh Vs. Union of India).

3. However the payment on account of (b) above has further to be co-related with the followings factors:

The decree holders may have the right to appropriate payments made by judgement debtor, but it could be done as provided in the decree i.e. if there is a provision in that behalf in the decree or as contemplated by order XXI Rule 1 of the code. The code or **the general rule do not contemplate payment of further interest by the judgement debtor on the portion of principle he has already paid**. His obligation is only to pay interest on the balance principal remaining unpaid as adjudged either by the court of first instance or in the court of appeal. **On the pretext that the amount adjudged by the appellate court is the real amount due,**

the decree-holder cannot claim interest on that part of the principal already paid to him. Of course, as indicated, out of what is paid he can adjust the interest and costs first and the balance towards the principal, if there is a shortfall in deposit. But beyond that, the decree-holder cannot seek to re-open the entire transaction and proceed to recalculate the interest on the whole amount and seek a re-appropriation as a whole in the light of the appellate decree.

4. Referring of the ratio of judgement of Prem Nath Kapur (1996)2 SCC 71, Hon'ble Supreme Court had held that approach adopted in Prem Nath Kapoor is justified which states that when the judgement debtor makes a deposit along with the calculation appropriating distinct sums towards various heads of compensation as awarded by the reference court or by the appellate court and the amount is received by the decree holder, the decree holder is not entitled to seek an appropriation on the ground that the judgement debtor has not made any intimation and he is entitled to appropriate at his volition.

A re-appropriation by seeking to reopen the satisfaction already rendered might result in interest being made payable even on that apmt of the principal amount that had already been deposited and received by the decree holder and that would be in the realm of unjust enrichment.

Therefore the essential ration in the Prem Nath Kapur (supra) on appropriation being at different stages is justified though if at a particular stage there is a shortfall, the awardee decree holder would be entitled to appropriate the same on the general principle, **unless, of course, the deposit is indiated to be towards specified heads by the judgement debtor while making the deposit intimating the decree-holder of his intention.**

5. It may also be noted that earlier it had been held by the Hon'ble Supreme Court in Prem Nath Kapur' case that solatium and additional amount did not form part of compensation and therefore, interest was not payable thereon. However, later on, in "Sunder Vs. Union of India" (2001) Supplement 3 SCR 176 (Decided on 19.9.2001), Hon'ble Supreme Court held that solatium and additional amount form part of compensation and therefore, interest was payable on these components also. **In Gurpreet's case it has been held by Hon'ble Supreme Court that interest on the solatium can be claimed only in pending execution and not in closed execution and that the executing court will be entitled to permit its recovery from the dated of judgement in Sunder's case i.e. from 19.9.2001 and not for any prior period.**

The Hon'ble ADJ Faridabad citing the above judgement of Hon'ble Supreme Court in the Gurpreet's case has worked out the compensation and the detailed calculations have been given in the order. The copy of judgement of ADJ Faridabad containing the calculations is enclosed herewith for ready reference.

You are requested to follow this judgement while working out the compensation on the basis of Gurpreet's case. You may also bring this judgement and above guidelines to the notice of CAO/SAO/Accountants who are dealing with the payment of enhanced compensation also to the notice of DA/DDA/ADA and Advocates who are defending the cases of enhanced compensation in the Hon'ble Executing Court/High Court/Supreme Court. They may bring these facts to the notice of Hon'ble Court in writing while defending such cases.

Subject:-Clarification regarding deduction of TDS surcharge and education cess on Enhancement Compensation.

Please refer to your office letter no. 3026 dated 05.08.2008 on the subject cited above.

It is intimated that the clarification regarding deduction of TDS surcharges and Education cess an Enhancement Compensation was taken from M/s S. Mehtani and Company Chartered Accountant & Income Tax consultant of HUDA who has intimated vide his letter no. 70429 dated 24.10.2008 (copy enclosed) as under:-

“No Income tax at source is required to be deducted, provided the payee affirms that the land is agricultural, land within the scope of law and means agricultural land in India including land situated in any area referred to in Item (a) and (b) of Sub-clause (iii) of clause-14 of section-2”.

A perusal of the advice makes it clear that no tax is required to be deducted at Source on the Principal amount of the compensation/Enhancement Compensation even if the agricultural land is lying within the jurisdiction of municipality or such distance not being more than 8 KM from the local limits of municipality provided the payee affirms that this land is agricultural land within the scope of law.

Subject:- Payment of **Enhancement Compensation** in Land Acquisition cases – **Pending Cases.**

Please refer to this office letter no. HUDA-Acctts-Acctt-II/2006/44451-55 dated 21.12.2006 vide which instructions to release the payment of Enhancement Compensation were issued as under:-

- a) In case of enhancement, once the rates are finalised and no appeal of HUDA is pending; the entire Enhancement Compensation should be disbursed in one go. The Land Acquisition Officer should not wait for execution proceedings. After receiving the communication that the rates of Enhancement Compensation have attained the finality and no further appeal is being filed, Land Acquisition Officer's will process all such communication and submit the same to the concerned Administrator who shall sanction the payment within 10 days of the receipt.
- b) In case where HUDA has preferred appeal before higher court against enhanced compensation and no stay has been granted, 100% payment may be released subject to furnishing of adequate security or a bank guarantee from the land owners so that in the event of reduction in the rates of Enhancement Compensation by the Higher Courts the excess amount could easily be recovered.

However, it has been observed that inspite of clear cut instructions issued and funds provided by this office, payments are not made to concerned land owners due to which the land owners approaches the Hon'ble Courts at different levels where adverse orders are passed against HUDA including summoning of officers. On the other hand Accountant General, Haryana has also taken PAC Para's titled loss of interest to HUDA due to non-payment of Enhancement Compensation.

You are therefore requested to check all the pending cases in the office of Land Acquisition Officers falling under your jurisdiction and make the payment immediately as per instructions to avoid any legal complications at a later date. Memo No. DDA-94/20953-56

Dated: 24-10-1994

Subject: Payment of enhanced compensation – Devinder Nath Kataria V/s Haryana State.

Please refer to the subject cited above.

As you know that this time the claims of enhanced compensation are being prepared on the basis of awards given by the various courts as follows:-

1. The Courts are allowing interest @ 9% P.A. for the first year and 15% per annum thereafter, for the subsequent years upon in those cases also where the land was acquired before 30.04.82.
2. Payment of compensation already made is adjusted first towards cost the towards interest and then towards solatium and market value on the basis of authority entitled Khushal vs. State of Haryana 1989 P.L.J.262 (P&H)

Now, it is brought to your notice that Sh. S.K. Kapoor, A.D.J. Faridabad vide his judgement dated 7.5.94 has discussed the above issues as under:-

3. Whether the decree holder(s) are entitled for benefits of land acquisition (amendment) Act, 1984 in every case in which possession of any land acquired under the principal Act (Land Acquisition Act) had been taken before 30th day of April, 1982 and the amount of compensation for such acquisition had not been paid or deposited?

What is the permissible mode of adjustment of payment made towards the compensation u/s 31(1) of the Land Acquisition Act, 1894 as amended upto date.

After a detailed examination w.r.t. amended Land Acquisition Act, 1894 and the judgement passed by the Division Bench comprising Mr. Justice G.R. Majitha and Mr. Justice A.S. Nehra in case of D.N.Kataria Vs. State, the A.D.J. has decided these issues as follows:-

4. Regarding sub para 3, it has been decided that in the case of land acquired prior to 30.4.82 (i.e. the date when the amended Act came into force) 15% interest will be paid only of the unpaid principal amount from 30.4.82 as stated in para 10.
5. Regarding sub para 4, it has been decided that in para 17 r/w para 13 to 15 of the judgement that under the authority of Devinder Nath Kataria V/s Haryana State, 1994(1), PLR 46(P&H./) (D.B. that once the principal amount as Determined by the Tribunal or on reference, was deposited, further interest thereon will cease. The contrary view taken by the single judge in Re: Manohar Lal's case and Khushal Singh's case has been over ruled. As per the latest pronouncement one the principal amount is deposited, the department shall not have to pay the interest thereon.

The matter was examined at length by the L.R., HUDA and it has been advised that all the claims may be prepared/calculated as per the latest pronouncement and wherever courts have allowed judgements contrary to the above said decisions, objections be filed in the Executing Courts.

These decisions will be applicable on all the claims in which the payments have not been made so far.

Receipt of this communication may be acknowledged.

Memo No.-HSVP-CCF-AO-II-2019/152100

Dated:22.08.2019

Subject:-Amendment in the policy regarding recovery of **Additional Price** on account of **enhanced compensation** in case of **sale or lease of plots/land or building** by allotment- Calculation/re-calculations of additional price – Regarding **loading of Common Area**.

Please refer to the instruction No. 58 dated 14.12.2018 issued under Memo No. HSVP-CCF-Acctt-II-2018/244966 on the above cited subject.

1. The report of committee of Hon'ble High Court Judges (Retd.) constituted vide notification No. 197601 dated 01.10.2018 regarding loading of enhancement of common areas has now been received.
2. The matter has further been re-considered and it has now been decided that following principles shall be adopted for re-calculations/calculations of the additional price:-
 - (i) Offloading the burden of pockets under litigation under Section 24 (2) of The Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013 shall not be done till finalization of the matter in the Courts.
 - (ii) If the enhancement awarded to the farmer/land owner in lieu of acquisition of his land, is increased/decreased by the Court at a later stage, the redetermination of additional price shall be done accordingly and the difference shall be demanded/refunded as the case may be.
 - (iii) The burden of land used for EDC works shall not to be offloaded to the sectors allottees in respect of sectors where EDC has been charged separately while calculating tentative price (under Regulation 4 of Haryana Urban Development (Disposal of Land & Buildings) Regulations, 1978 of at the time of floatation of the sector.
 - (iv) Burden of un-acquired land shall not be offloaded on sector allottees.
 - (v) The land utilized for internal development works which are sector specific, shall be charged to the same sector, whereas if they cater to more than one sector, they shall be charged proportionately on all the corresponding sectors.
 - (vi) Presently no interest is charged if additional price is paid in lump sum within a period of 30 days of the demand. Thereafter simple interest is charged @ 15% p.a. under Regulation 10 (2) of Haryana Urban Development (Disposal of Land & Buildings) Regulations, 1978, if payment is done in 3 or 5 or 7 installments (six monthly) as per policy dated 02.04.1987 (available on page 304 of HSVP Policies and Instructions). The existing practice is being modified and now delayed interest shall be charged as per following in respect of the fresh demands of additional price to be issued in future:-

Sr. No.	Period	Existing rate of interest	Proposed rate of interest
1	30 days	0	0
2	6 months	15	7
3	1 year	15	9
4	2 years	15	10
5	3 years	15	11
6	Beyond 3 years	15	12

- (vii) In some cases while announcing the enhancement the Hon'ble Court has not directed the collector to pay interest @ 15% p.a. to the farmers/land owners on the enhanced amount for the period intervening between date of award to the date of enhancement awarded by the Court. In such cases, interest was not liable to be paid to the farmers/land owners. If the LAO office working under Urban Estate Department has interpreted the enhancement order in a wrong way and has paid the interest to the farmer wrongly, the same shall not be recovered from the residential plot owners. HSVP shall not charge interest @ 15% p.a. for the intervening period while calculating the additional price.
- (viii) As stipulated under Regulation 2 (b) of Haryana Urban Development(Disposal of Land & Building) Regulations, 1978, the determination of additional price shall be done by treating the complete sector as one unit even if the sector has not been floated in one go i.e. has been floated in more than one scheme.
- (ix) Proper care shall be taken at the time of determination to ensure that no enhancement is recovered more than once from the allottees.
- (x) Full pocket of Commercial area (comprising of Saleable as well as Common area of commercial pocket) shall be taken as saleable area. The load of commercial pocket shall be increased to 150%. The increased component of 50% shall be reduced from the common areas without changing the total area of the sector.

For illustration purpose, if a 300 Acre sector has layouts as below:

Sr. No.		Area (in acres)
1.	Residential (Total plot area)	146 (48.67%)
2.	Commercial pocket area, though net saleable area will be 4 acres i.e. 33% of commercial pocket)	12 (4.00%)
3.	Common area	142 (47.33%)
	Total sector area	300 (100%)

The corresponding area layouts calculations for offloading enhancement shall be taken as below:-

Sr. No.		Area (in acres)
1.	Residential (Total plot area)	146(48.67%)
2.	150% of area of Commercial pocket	12 x 1.5 = 18(6.00%)
3.	Common area	142 – 6 = 136 (45.33%)
	Total sector area	300.0 100%)

- (xi) **Recovery of enhancement awarded by the Courts prior to floatation of the scheme:-**

The **“Tentative price” as defined under section-2(i)** of the Haryana Urban Development (Disposal of Land and Buildings) Regulations, 1978. For brevity, the relevant provisions of law are as below:-

“Tentative price” or “tentative premium” means such price/premium as may be determined by the Authority in terms of Regulation 4 for disposal by allotment in which the cost of land included is based on the compensation awarded by the Collector under the Land Acquisition Act, but does not include any enhancement that may be awarded by the court on a reference made under Section 18 of Land Acquisition Act, 1894 or, thereafter in RFA & SLP by the High Court or Apex Court.

The allotment of plots at the time of floatation is done on this Tentative price. The Tentative price is always fixed on the basis of compensation **awarded by the Collector** under Land Acquisition Act. As per its definition, tentative price may not include any additional price on account of enhancement of compensation.

The **“Additional Price” and “Additional Premium” as defined under section-2(b)** of the Haryana Urban Development (Disposal of Land and Buildings) Regulations, 1978, as such sum of money which shall be payable by the allottee on account of enhancement of compensation of any land in the same sector as awarded by any court (ADJ, HC & SC are courts).

As per orders of Hon’ble High Court in RSA No. 1860 of 2009 (O&M), HSVP shall be entitled to recover the same in the manner illustrated below:-

Date of Award 01.01.2002

Date of Floatation 01.01.2010

For example if, the enhancement awarded by ADJ Court is 01.01.2007 then the interest between intervening period from 01.01.2007 to 01.01.2010 will be born by the Government/HSVP.

(xii) The enhancement on the EWS shall be offloaded by taking 10% of allotted area as saleable and balance 90% as common area. Henceforth, any vacant site reserved for EWS in excess of 20% of the area for residential purpose, which has not been allotted so far, shall be re-planned and sold at full rate. Such area shall be considered as sale able area.

(xiii) As the Religious sites are allotted at subsidized rates @ 35% of rates applicable for general rates, the 35% of area of religious site shall be taken as saleable and remaining 65% shall be treated as common area.

(xiv) **Rate of interest on “Less conveyed” additional price in the past.**

*The rate of interest, currently, being charged @ 15% p.a. is reduced to 8% p.a. simple, to be adopted as **time value of money***” and further subjected to the ceiling of total interest not exceeding the principle amount of less conveyed.

(xv) **Charging of proportionate additional price on the private colonizer/licensee in respect of the land released/not acquired in a particular sector :-**

The colonizer is issued license by the DGTCP office. The saleable area norms which is approximately 55% maximum, are same for colonizer as well as HSVP and are as per the applicable Act & Rules. As a result, the colonizer is also bound to leave common areas in his pocket. As HSVP allottees are not burdened with any cost pertaining to common areas of colonizer similarly, on reciprocal basis, the colonizer or its dwellers/buyers cannot be burdened with the cost pertaining to the common area of HSVP land(s).

(xvi) **The charging of interest @ 15% p.a. for the period intervening date of court’s enhancement order and date of calculation of additional price:-** No interest will be charged from the plot owners for the intervening period of court’s order (ADJ, HC and SC) and date of communication of additional price by HSVP to the allottees. The burden on this account will be born by the Government/HSVP.

(xvii) **Loading of Enhancement of common areas :-**

- a) In respect of the following facilities, the enhancement compensation shall **not** be offloaded upon the allottees/ plot holders whether residential or non residential, commercial or upon lessess of saleable area :-

Calculation of additional price on account to Enhanced Compensation in respect of Sector-24 to 28, Panchkula Urban Estate.

A peculiar situation has emerged in respect of trans-Ghaggar Sectors-24 to 28 in Panchkula Urban Estate. These five sectors were built on the land acquired in 1992 vide LAO, Panchkula award No.5,6,7,&8 dated 17.06.1992 and issue of compensation is now settled as per final Apex Court orders dated 09.10.2017 qua this acquisition in SLP (c) No. 28906/2016. The cost of this acquisition and the enhancement (EC) demanded from the allotted of various plots, whether Residential/EWS/CGHS, is on much higher side on account of the vast open spaces left out because of flawed acquisition of private lands falling in the river action/river bed of the river Ghaggar. Of the over 1154 acres total land acquired, nearly 272 acres land is in Ghaggar river and is the open spaces and Right of Way (RoW) of this river.

Rule 12 of the Punjab Scheduled Roads and Controlled Areas (PSRCA) Restriction of Unregulated Development Rules, 1965 states that: -

“12. Percentage of area under roads and open spaces in the lay-out plans [Section 25 (2) (f)]. – In the layout plan of the colony, the land reserved for roads, open spaces, schools, public and community building and other common uses shall not be less than forty-five per centum of the gross area of the land under the colony; provided that the Director may reduce this percentage to a figure not below thirty five where in his opinion the planning requirements and the size of the colony so justify.”

Rule 4 of the Urban Areas Rules, 1976 is also similarly worded.

Thus, clearly there is a min-max in terms of planned saleable area under the Town & Country Planning laws of the state. The total plotted area cannot be more than 55% in a sector and in very exceptional cases, with approval of Director, it can be 65%. Though, there is not legal minima or maxima for the open space(s) in a sector and it can legally be even 100%. In GMUC FDP-2031, 100% open space have been provided in sector-9B, 72A, 77, 78, 94 etc. in the interest of equity and affordability for the allottees. The planned saleable area is generally kept between 50-55% in a sector. However, as is clear from the table below, in these sectors it is only around 38% and it varies from a low of 15.85% (Sec.24) to 47.30% (Sec.25).

	Including Ghaggar	Excluding Ghaggar
Sector No.	% of Plottable area	% of Plottable area
24	15.85	43.23
25	47.30	49.90
26	37.86	47.70
27	43.79	53.30
28	35.07	49.88
Total %age	37.98	49.67

The Regulation 4 of the HSVP Land Disposal Regulation, 1978 regulates the tentative pricing and qua these sectors 25 to 28, especially sector-24, the oversight of the Land Acquisition Authorities in 1992 has led to this piquant situation. These sectors, due to the language of the regulation 4 ibid, are being overly burdened by the 272 acre open space/Ghaggar land which shall be the green lungs/conservatory for the entire town ! It is clarified here that the open space /sectors of GMUC are a part of the EDC cost of the GMUC FDP-2031 A.D. and not directly burdened on one particular sector but paid by the entire DP area licences.

In the interest of fairness and equity qua the allottees of these 5 sectors, it is proposed that all of these sectors the area of River Ghaggar acquired as part of these awards may be taken out of these calculations by exercising the powers relaxation provided in Regulation-22 of the 1978 Regulations. After this area is excluded the position becomes: -

Areas in acres					
Sr. No.	Sector No.	Total area	Total area without Ghaggar	Saleable area	Common area without Ghaggar
1	2	3	4	5	6
1.	24	120.00	44.00	19.02	26.50
2.	25	218.30	206.92	103.25	103.64
3.	26	328.04	260.36	124.20	136.16
4.	27	238.62	196.01	104.48	91.53
5.	28	249.30	175.28	87.43	87.85
Total		1154.00	883.00	438.00	446.00

The saleable area shall become 49.6% which is close to the general average and also within the parameters of Rule-12 of 1965 Controlled Area Rules as well as Rule of the 1976 Urban Areas Rules.

The sector-wise position, after excluding the Ghaggar land, will be:

Sector No.	Excluded Ghaggar Land	
	% Plotted area	% open area
24	43.2	56.8
25	49.9	50.1
26	47.7	52.3
27	53.3	46.7
28	49.8	50.2
Total %age	49.6	50.4

Agenda Item No. Auth. 115th(4)

Subject: Amendment in policy regarding recovery of additional price on account of enhanced compensation from allottees in case of sale or lease of land or building by allotment.

- 1.1 The landowners whose land is acquired under the Land Acquisition Act, have a statutory right to file references under Section 18 of the Act seeking higher compensations compared to what has been determined by the Land Acquisition Collector. Notwithstanding the Government Policy of minimum floor rates, scheme of Annuity payments and the R & R Policy, the amount of compensation is often enhanced by the Courts of competent jurisdiction. Finality in this behalf is a long drawn process. As such, the pricing of plots at the initial stage does not take into account any component of enhancement allowed by the Courts subsequently.
- 1.2 It is for this reason that the enhanced cost of the Land announced subsequently by the competent Courts is being recovered proportionately from the allottees separately under Regulation 10 of the Haryana Urban Development (Disposal of land and Building) Regulations, 1978 (hereinafter referred as “Regulations”) by issuing demand of additional price on account of enhanced compensation from allottees in case of sale or lease of land or building by allotment.
- 1.3 A policy regarding calculation of additional price on account of enhanced compensation from allottees in case of sale or lease of land or building by allotment has been approved by the Authority in the 111th meeting held on 27.07.2016 vide Agenda item No.22. The manner of calculation of additional price is being done as below:-
 - (i) Once the enhancement has been announced by the Court, the additional price shall be determined on liability basis without any condition whether payment of enhancement has been actually made or not.
 - (ii) The differential amount of enhancement shall be updated @ 15% p.a. upto the quarter in which determination is being made.
 - (iii) The approved layout in existence at the time of calculation of additional price shall be taken as the basis while determining the additional price.
 - (iv) The differential enhancement shall be proportionately off loaded on the total saleable area of the sector (sold booth by allotment or auction). This automatically implies that common (non-saleable) area shall also be proportionately off loaded on the total saleable area of the sector.
 - (v) HUDA will make an earnest effort for calculation of the additional price within one year from the date of award/court order. These calculations will be displayed on the HUDA website alongwith complete details.
 - (vi) The additional price determined w.e.f. January, 2015 onwards are available on HUDA website at the link below:-
 - (vii) Immediately after display on website, the IT wing of HUDA shall upload the details in the individual plot account of the allottee on the PPM (Plot and Property Management).
 - (viii) The allottee can view the amount of additional price required to be deposited, by logging in is respective plot account on the PPM system on HUDA website.
 - (ix) The allottee shall update his email ID and mobile phone number in his respective plot account. This will ensure timely dispatch & receipt of notices through the electronic media.
2. The various RWAs/allottees of the plots were contesting the calculations of additional price being done on the above principles. The meetings were held with the RWAs on 4.5.2018, 4.7.2018, 14.8.2018 and 12.9.2018 under the Chairmanship of PSCM to discuss the issues raised by them. The minutes of meeting held on 4.7.2018 (**Annexure ‘A’**), 14.8.2018 (**Annexure ‘B’**) and 12.09.2018 (**Annexure ‘C’**) have already been displayed on the HSVP website.
3. The following clarifications/additional principles have been approved for making calculations of the additional price:-

- (i) Offloading the burden of pockets under litigation under Section 24 (2) of The Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013 (hereinafter referred as “New Land Acquisition Act”) shall not be done till finalization of the matter in the Courts.
- (ii) If the enhancement awarded to the farmer/land owner in lieu of acquisition of his land, is increased/decreased by the Court at a later stage, the redetermination of additional price shall be done accordingly and the difference shall be demanded/refunded as the case may be.
- (iii) The burden of land used for EDC works shall not to be offloaded to the sectors allottee, in respect of sectors where EDC has been charged separately while calculating tentative price (under Regulation 4 of Haryana Urban Development (Disposal of Land & Buildings) Regulations, 1978 of at the time of floatation of the sector.
- (iv) Burden of un-acquired land not to be offloaded on sectors allottee.
- (v) The land utilized for internal development works which are sector specific shall be charged to the same sector whereas if they cater to more than one sector, they shall be charged proportionately on all the corresponding sectors.
- (vi) Presently no interest is charged if additional price is paid in lump sum within a period of 30 days of the demand. Thereafter simple interest is charged @ 15% p.a. under Regulation 10 (2) of Haryana Urban Development (Disposal of Land & Buildings) Regulations, 1978, if payment is done in 3 or 5 or 7 installments (six monthly) as per policy dated 02.04.1987 (available on page 304 of HSVP Policies and Instructions). The existing practice is being modified and now delayed interest shall be charged as per following in respect of the fresh demands of additional price to be issued in future:-

Sr. No.	Period during which payment is done from the date of demand.	Interest @ % p.a. simple	
		Existing	Proposed
1	30 days	0	0
2	6 months	15	7
3	1 year		9
4	1 years		10
5	2 years		11
6	Beyond 3 years		12

- (vii) While calculating the additional price on liability basis, the total burden should not be more than the actual payment made to the farmers/land owners. If the enhancement awarded to the farmer/land owner in lieu of acquisition of his land, is increased/decreased by the Court at a later stage, the redetermination of additional price shall be done accordingly and the difference shall be demanded/refunded as the case may be.
- (viii) In some cases while announcing the enhancement, if the Hon’ble Court has not directed the collector to pay interest @ 15% p.a. to the farmers on the enhanced amount for the period intervening between date of award to the date of enhancement awarded by the Court. In such cases, such interest was not liable to be paid to the land owner/farmer. If the LAO office working under Urban Estate Department has interpreted the enhancement order in a wrong way and has paid the interest to the farmer wrongly, the same shall not be recovered from the residential plot owners. HSVP shall not charge interest @ 15% p.a. for the intervening period while calculating the additional price.

- (ix) As stipulated under Regulation 2 (b) of Haryana Urban Development (Disposal of Land & Building) Regulations, 1978, the determination of additional price shall be done by treating whole sector as one unit even if the sector has not been floated in one go i.e. has been floated in more than one scheme.
- (x) Proper care shall be taken at the time of determination to ensure that any enhancement is not recovered twice from the allottees.
- (xi) The enhancement of common areas shall be divided between the residential as well as commercial areas as per their respective saleable areas in the ratio 1:1.5. The commercial (Saleable) plotted area shall bear the load of common areas by the factor 1.5 as compared to the factor of 1 in case of residential (Saleable) plotted area.

For a 300 Acre sector (say), the areas are typically:

Sr. No.		Area (in acres)
1.	Residential (Total plot area)	146.00 (48.67%)
2.	Commercial (Total plot area)	4.00 (1.33 %)
3.	Common area	150.00 (50.0%)
	Total sector area	300.00 (100%)

Commercial 2.66% of total saleable area

Residential 97.34% of total saleable area

If total enhancement to be paid is Rs. 300.00 lacs, the residential plots have to bear enhancement load of only Rs. 288.16 lacs $((146 \times 300) / 152)$ whereas the commercial plots shall bear load of Rs. 11.84 lacs $((6 \times 300) / 152)$ - i.e. Commercial bear nearly 4% of the enhancement and Residential around 96%.

(xii) Recovery of enhancement awarded by the Courts prior to floatation of the scheme:-

The “Tentative price” as defined under section-2(i) of the Haryana Urban Development (Disposal of Land and Buildings) Regulations, 1978. For brevity, the relevant provisions of law are as below:-

“Tentative price” or “tentative premium” means such price/premium as may be determined by the Authority in terms of Regulation 4 for disposal by allotment in which the cost of land included is based on the compensation awarded by the Collector under the Land Acquisition Act, but does not include any enhancement that may be awarded by the court on a reference made under Section 18 of Land Acquisition Act, 1894 or, thereafter in RFA & SLP by the High Court or Apex Court.

The allotment of plots at the time of floatation is done on this Tentative price. The Tentative price is always fixed on the basis of compensation **awarded by the Collector** under Land Acquisition Act. As per its definition, tentative price may not include any additional price on account of enhancement of compensation.

Therefore, if the enhancement has not been offloaded at the time of floatation, HSVP is entitled to recover the same. The mechanism to recover additional price from the allottee has been prescribed under Regulation 10 of the Haryana Development (Disposal of Land and Buildings) Regulations, 1978. Sub Regulation (2) of Regulation 10 stipulate that issuance of demand by EO is necessary to recover additional price from the plot owner as charging of interest is to start after 30 days from the date of demand. Whereas the procedure for recovery of tentative price is prescribed under the regulation 5 of the Haryana Urban Development (Disposal of Land and Buildings) Regulations, 1978.

Additional price is defined under Regulation 2 (b) of the Haryana Development (Disposal of Land and Buildings) Regulations, 1978, as such sum of money which shall be payable by the allottee on account of enhancement of compensation of any land in the same sector by any court (ADJ, HC & SC are courts).

(xiii) Cross subsidization of additional price of EWS plots from general allottees shall be continued -

It is declared policy of HSVP that loss on account of subsidized rates of EWS plots is loaded in the price to be charged from the general public (Page 5 of HSVP Policies and Instructions). Hon'ble High Court of Punjab & Haryana vide order dated 11.8.1999 in CWP No. 1483 of 1997 in the matter of BishanSawrup and Ors. Vs. State of Haryana & Ors., has held that members of EWS category are only liable to pay enhanced cost in the same proportion in which they had paid the tentative price fixed at the time of allotment. The appeal filed by HSVP against the above decision has been dismissed by the Hon'ble Supreme Court of India vide order dated 11.2.2000 in SLP (Civil) No.590 of 2000.

(xiv) Rate of interest on “Less conveyed” additional price in the past.

*The rate of interest, currently, being charged @ 15% p.a. is reduced to 8% p.a. simple, to be adopted as **time value of money***” subject to the ceiling of total interest not exceeding the principle amount of less conveyed .

(xv) Charging of proportionate additional price on the private colonizer/licensee in respect of the land released/not acquired in a particular sector :-

The colonizer is issued license by the DGTCP office. The saleable area norms which is approximately 55% maximum, are same for colonizer as well as HSVP and are as per the applicable Act & Rules. As a result, the colonizer is also bound to leave common areas in his pocket. As HSVP allottees are not burdened with any cost pertaining to common areas of colonizer similarly, on reciprocal basis, the colonizer or its dwellers/buyers cannot be burdened with the cost pertaining to the common area of HSVP land(s).

(xvi) The charging of interest @ 15% p.a. for the period intervening date of court's enhancement order and date of calculation of additional price:-It has been approved to reduce the interest rate from 15% p.a. simple to 8% p.a. simple, to be adopted as **time value of money**” for the impugned intervening period .The additional price shall be determined as on the date (1 year after the date of court order) by including interest @15% per annum under provision to Section 28 of LA Act, 1894. For any period after one year of the award, the additional price so determined shall be updated @ 8% p.a. simple.

Illustrative Sample calculations are as below in respect of enhancement awarded by the court on 1.9.2014 in respect of original award announced on 12.5.1993 :-

4. The above proposal has been implemented after taking approval of Hon'ble C.M., Haryana-cum-Chairman, HSVP. The proposal is now put up for post-facto approval of the Authority.

Subject:- Amendment in the policy regarding **recovery** of **additional price** on account of **enhanced compensation** in case of **sale of plots** by **allotment** – Calculation of Additional Price

1. A policy regarding calculation of additional price on account of enhanced compensation from allottees in case of sale or lease of land or building by allotment has been approved by the Authority in the 111th meeting held on 27.07.2016 vide Agenda item No.22. The present manner of calculation of additional price is as below:-

- (iii) The approved layout in existence at the time of calculation of additional price shall be taken as the basis while determining the additional price.
 - (iv) The differential enhancement shall be proportionately off loaded on the total saleable area of the sector (sold booth by allotment or auction). This automatically implies that common (non-saleable) area shall also be proportionately off loaded on the total saleable area of the sector.
 - (v) HUDA will make an earnest effort for calculation of the additional price within one year from the date of award/court order. These calculations will be displayed on the HUDA website alongwith complete details.

 - (viii) The allottee can view the amount of additional price required to be deposited, by logging in with respective plot account on the PPM system on HUDA website.
 - (ix) The allottee shall update his email ID and mobile phone number in his respective plot account. This will ensure timely dispatch & receipt of notices through the electronic media.
2. The various RWAs/allottees of the plots were contesting the calculations of additional price being done

on the above principles. In pursuance of the meetings were held with the RWAs on 4.5.2018, 4.7.2018, 14.8.2018 and 12.9.2018, some clarifications/additional principles were approved by the Pradhikaran in its 115th Meeting at Agenda Item No. 4. Yet, another meeting was held with All Haryana Sector enhancement Sangharsh Samiti alongwith the representatives of different Resident Welfare Associations, where some more principles were approved.

3. Thus, the following principles have now been finalized for making re-calculations of the additional price:-
- (i) Offloading the burden of pockets under litigation under Section 24 (2) of The Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013 shall not be done till finalization of the matter in the Courts.
 - (ii) If the enhancement awarded to the farmer/land owner in lieu of acquisition of his land, is increased/decreased by the Court at a later stage, the redetermination of additional price shall be done accordingly and the difference shall be demanded/refunded as the case may be.
 - (iii) The burden of land used for EDC works shall not to be offloaded to the sectors allottees in respect of sectors where EDC has been charged separately while calculating tentative price (under Regulation 4 of Haryana Urban Development (Disposal of Land & Buildings) Regulations, 1978 of at the time of floatation of the sector.
 - (iv) Burden of un-acquired land shall not be offloaded on sector allottees.
 - (v) The land utilized for internal development works which are sector specific, shall be charged to the same sector, whereas if they cater to more than one sector, they shall be charged proportionately on all the corresponding sectors.
 - (vi) Presently no interest is charged if additional price is paid in lump sum within a period of 30 days of the demand. Thereafter simple interest is charged @ 15% p.a. under Regulation 10 (2) of Haryana Urban Development (Disposal of Land & Buildings) Regulations, 1978, if payment is done in 3 or 5 or 7 installments (six monthly) as per policy dated 02.04.1987 (available on page 304 of HSVP Policies and Instructions). The existing practice is being modified and now delayed interest shall be charged as per following in respect of the fresh demands of additional price to be issued in future:-

Sr. No.	Period during which payment is done from the date of demand.	Interest @ % p.a. simple	
		Existing	Proposed
1	30 days	0	0
2	6 months	15	7
3	1 year		9
4	2 years		10
5	3 years		11
6	Beyond 3 years		12

- (vii) While calculating the additional price on liability basis, the total burden should not be more than the actual payment made to the farmers/land owners. If the enhancement awarded to the farmer/land owner in lieu of acquisition of his land, is increased/decreased by the Court at a later stage, the redetermination of additional price shall be done accordingly and the difference shall be demanded/refunded as the case may be.
- (viii) In some cases while announcing the enhancement the Hon'ble Court has not directed the collector to pay interest @ 15% p.a. to the farmers on the enhanced amount for the period intervening between date of award to the date of enhancement awarded by the Court. In such cases, such interest was not liable to be paid to the land owner/farmer. If the LAO office working under Urban Estate Department has

interpreted the enhancement order in a wrong way and has paid the interest to the farmer wrongly, the same shall not be recovered from the residential plot owners. HSVP shall not charge interest @ 15% p.a. for the intervening period while calculating the additional price.

- (ix) As stipulated under Regulation 2 (b) of Haryana Urban Development(Disposal of Land & Building) Regulations, 1978, the determination of additional price shall be done by treating the complete sector as one unit even if the sector has not been floated in one go i.e. has been floated in more than one scheme.
- (x) Proper care shall be taken at the time of determination to ensure that no enhancement is recovered more than once from the allottees.
- (xi) The enhancement of common areas shall be divided between the residential as well as commercial areas as per their respective saleable areas in the ratio 1:1.5. The commercial (Saleable) plotted area shall bear the load of common areas by the factor 1.5 as compared to the factor of 1 in case of residential (Saleable) plotted area.

For a 300 Acre sector (say), the areas are typically:

Sr. No.		Area (in acres)
1.	Residential (Total plot area)	146.00 (48.67%)
2.	Commercial (Total plot area)	4.00 (1.33 %)
3.	Common area	150.00 (50.0%)
	Total sector area	300.00 (100%)

Commercial 2.66% of total saleable area

Residential 97.34% of total saleable area

If total enhancement to be paid is Rs. 300.00 lacs, the residential plots have to bear enhancement load of only Rs. 288.16 lacs ((146x300)/ 152) whereas the commercial plots shall bear load of Rs. 11.84 lacs ((6x300)/152) - i.e. Commercial bear nearly 4% of the enhancement and Residential around 96%.

(xii) Recovery of enhancement awarded by the Courts prior to floatation of the scheme:-

The **“Tentative price” as defined under section-2(i)** of the Haryana Urban Development (Disposal of Land and Buildings) Regulations, 1978. For brevity, the relevant provisions of law are as below:-

“Tentative price” or “tentative premium” means such price/premium as may be determined by the Authority in terms of Regulation 4 for disposal by allotment in which the cost of land included is based on the compensation awarded by the Collector under the Land Acquisition Act, but does not include any enhancement that may be awarded by the court on a reference made under Section 18 of Land Acquisition Act, 1894 or, thereafter in RFA & SLP by the High Court or Apex Court.

The allotment of plots at the time of floatation is done on this Tentative price. The Tentative price is always fixed on the basis of compensation **awarded by the Collector** under Land Acquisition Act. As per its definition, tentative price may not include any additional price on account of enhancement of compensation.

The **“Additional Price” and “Additional Premium” as defined under section-2(b)** of the Haryana Urban Development (Disposal of Land and Buildings) Regulations, 1978, as such sum of money which shall be payable by the allottee on account of enhancement of compensation of any land in the same sector as awarded by any court (ADJ, HC & SC are courts).

As per orders of Hon’ble High Court in RSA No. 1860 of 2009 (O&M), HSVP shall be entitled to recover the same in the manner illustrated below:-

Date of Award 01.01.2002

Date of Floatation 01.01.2010

For example if, the enhancement awarded by ADJ Court is 01.01.2007 then the interest between intervening period from 01.01.2007 to 01.01.2010 will be born by the Government/HSVP.

(xiii) **Cross subsidization of additional price of EWS plots from general allottees shall be continued**

-The enhancement of any vacant land of EWS Category (not allotted till date) in HSVP Sectors will be born by the Government. Further, in case of EWS plots that have been allotted, for the loading of cross subsidized position of enhancement on account of EWS plots, subsidy up to a maximum of Rs. 100 per sq. yd will be born by the government and the cross subsidy burden in excess of Rs. 100 per sq. yd, will be born by the Non-EWS allottees.

(xiv) **Rate of interest on “Less conveyed” additional price in the past.**

*The rate of interest, currently, being charged @ 15% p.a. is reduced to 8% p.a. simple, to be adopted as **time value of money**” and further subjected to the ceiling of total interest not exceeding the principle amount of less conveyed .*

(xv) **Charging of proportionate additional price on the private colonizer/licensee in respect of the land released/not acquired in a particular sector :-**

The colonizer is issued license by the DGTCP office. The saleable area norms which is approximately 55% maximum, are same for colonizer as well as HSVP and are as per the applicable Act & Rules. As a result, the colonizer is also bound to leave common areas in his pocket. As HSVP allottees are not burdened with any cost pertaining to common areas of colonizer similarly, on reciprocal basis, the colonizer or its dwellers/buyers cannot be burdened with the cost pertaining to the common area of HSVP land(s).

(xvi) **The charging of interest @ 15% p.a. for the period intervening date of court’s enhancement order and date of calculation of additional price:-** No interest will be charged from the plot owners for the intervening period of court’s order (ADJ, HC and SC) and date of communication of additional price. The burden on this account will be born by the Government/HSVP.

(xvii) **Loading of Enhancement of common areas :-** This issue is still under consideration before a committee of Hon’ble High Court Judges (Retd.) constituted vide notification no. 197601 dt. 01.10.2018. However, allottees shall be free to deposit the revised enhancement amount arrived at after re-calculation on the basis of the above (xvi) principles. The concerned Zonal Committee under the chairmanship of Zonal Administrator shall get the re-calculation done at the earliest possible.

4. The re-calculation on the basis of the above principles for arriving at additional price shall be made for all cases as below:-
 - (i) Re-determination of additional price based on the representation received from Resident Welfare Associations/allottees of the sector.
 - (ii) The cases where the writ petitions were filed by the allottees before the Hon’ble High Courts challenging/ disputing the calculation made by HSVP, where Hon’ble High Courts have referred the cases back to HSVP for passing of speaking orders after considering the representations made by petitioners before the Hon’ble High Courts.
 - (iii) Fresh cases for calculating the additional price of enhancements in respect of the different sectors.
5. As per the existing practice in terms of the para 6 of Head Quarter’s Instructions No. 15, dated 08.11.2016, Zonal Administrators are required to refer proposal to the H.Q. for calculation of the additional price in the prescribed format alongwith the copies of original award and enhancement order passed by the respective court and approved layout showing the present land usages in the sector.
6. The existing practice is also being changed and now the draft calculation of additional price shall be done after **holding discussions with Resident Welfare Association/allottees/petitioners** at the zonal level by committee under the Chairmanship of Zonal Administrator, comprising of the following :-

Subject: Policy regarding **recovery of additional price** on account of **enhanced compensation** from allottees in case of **sale or lease of land or building** by **allotment** – Calculation of additional price.

Kindly refer to the subject cited above.

A policy regarding recovery of additional price on account of enhanced compensation from allottees in case of sale or lease of land or building by allotment has been approved by the HUDA Authority on item 111th meeting held on 27.7.2016 at Agenda item No. 22. A copy of same is enclosed herewith at **Annexure “X”** for information and further necessary action.

(P.K. Sachdeva),
Chief Accounts Officer,
for Chief Administrator,
HUDA, Panchkula.

Policy regarding recovery of additional price on account of enhanced compensation from allottees in case of sale or lease of land or building by allotment.

1. The landowners whose land is acquired under the Land Acquisition Act, have a statutory right to file references under Section 18 of the Act seeking higher compensation as compared to what has been determined by the Land Acquisition Collector and paid to them at the award stage. Notwithstanding the Government policy of minimum floor rates, scheme of Annuity payments and the R & R policy, the amount of compensation is often enhanced by the Courts of competent jurisdiction. Finality in this behalf is along drawn process. As such, the pricing of plots at the initial stage does not take into account any component of enhancement allowed by the Courts subsequently. It is for this reason that the enhanced cost of the land announced subsequently by the competent Courts is being recovered proportionately from the allottees separately under Regulation 10 of the Haryana Urban Development (Disposal of land and Building Regulations, 1978 by issuing demand of **additional price on account of enhanced compensation from allottees in case of sale or lease of land or building by allotment**.

2. There is a lot of litigation and queries from the plot owners about the manner of determination of additional price. A need has been felt to notify the procedure required to be followed while determining the additional price under Regulation 2(b) of Haryana Urban Development (Disposal of Land & Building) Regulation, 1978.

3. The general Principal for determination of additional price are being enclosed as **Annexure ‘A’** in the form of FAQ.

4. The manner of calculation of additional price will be as below:-

(i) Once the enhancement has been announced by the Court, the additional price shall be determined on liability basis without any condition whether payment of enhancement has been actually made or not.

(ii) The differential amount of enhancement shall be updated @ 15% p.a. upto the quarter in which determination is being made.

(iii) The approved layout in existence at the time of calculation of additional price shall be taken as the basis while determining the additional price.

(iv) The differential enhancement shall be proportionately off loaded on the total saleable area of the sector (sold booth by allotment or auction). This automatically implies that common (non-saleable) area shall also be proportionately off loaded on the total saleable area of the sector.

(v) HUDA will make an earnest effort for calculation of the additional price within one year from the date of award/court order. These calculations will be displayed on the HUDA website alongwith complete details.

(vi) The additional price determined w.e.f. January, 2015 onwards are available on HUDA website at the link below:-

(vii) Immediately after display on website, the IT wing of HUDA shall upload the details in the individual plot account of the allottee on the PPM (Plot and Property Management).

(viii) The allottee can view the amount of additional price required to be deposited, by logging in in respective plot account on the PPM system on HUDA website.

(ix) The allottee shall update his email ID and mobile phone number in his respective plot account. This will ensure timely dispatch & receipt of notices through the electronic media.

(x) For elucidation purpose, sample calculations for determination of additional price in respect of Sector-11, Fatehabad are enclosed as **Annexure ‘B’**.

FAQ's on recovery of Enhancement from Plot Holder(s)

Question No.1: What are the provisions for the demand on account of enhancement is made on the allottees of the residential plots despite the fact that the entire amount as per the allotment letter has been paid by them ?.

Answer: - Plots are allotted by the HUDA on the basis of Tentative Price. This is clearly mentioned in **Clause no. 9 of the allotment letter which is as under:-**

“The above price is tentative to the extent that any enhancement in the cost of land awarded by the competent authority under the Land Acquisition Act shall also be payable proportionately, as determined by the Authority. The additional price determined shall be paid within 30 days of its demand.”

Also Regulation 2(i) of the Haryana Urban Development (Disposal of Land & Buildings) Regulations, 1978 clarifies that tentative price does not include any enhancement that may be awarded by the courts on a reference made under Section-18 of Land Acquisition Act. Therefore, the prices quoted in the allotment letter were tentative and did not include any enhancement compensation.

Question No.2:-How the amount to be recovered on account of enhancement is determined ?.

Answer:-The enhanced compensation to be recovered from the allottees, is worked out by the Chief Administrator as per Regulation 2(b) of Haryana Urban Development (Disposal of Land & Building) Regulations, 1978. This amount is calculated sectorwise and is applicable for the full sector. The calculations are made on account of the full enhancement of compensation in the particular sector awarded by the Court.

Question No.3:- What is the legal authority to recover this additional amount on account of enhancement from the residential plot-owners?

Answer:Regulation 10(2) of The Haryana Urban Development (Disposal of Land & Buildings) Regulations, 1978 empowers the Estate Officer to recover this additional amount from the allottees on the basis of the calculations worked out by the Chief Administrator.

Question No.4: What is the necessity on the part of HUDA to recover additional amount on account of enhancement from the allottees?

Answer:The Urban Estates Department acquires the land on which the sectors are developed by HUDA. The tentative price of the plot under Regulation 4 of The Haryana Urban Development (Disposal of Land & Buildings) Regulations, 1978, for allotment is fixed by considering the cost of acquisition of land. If subsequently the land-owners are awarded higher compensation by the court in appeal procedures, the additional amount is liable to be paid by HUDA. In turn, such cost needs to be passed on to the allottees of the same sector. Regulation 2(h) of The Haryana Urban Development (Disposal of Land & Buildings) Regulations, 1978 stipulate that fixation of sale price/premium has to be done sectorwise. Similarly, additional amount of compensation to be paid after court's orders is also to be distributed over the same sector as per Regulation 2(b) of The Haryana Urban Development (Disposal of Land & Buildings) Regulations, 1978. Therefore, the cost incurred by HUDA for acquisition of land has to be distributed over the same particular sector.

Question No.5: Why demand on account of enhancement is not made on the commercial plot-owners?

Answer:-As per Regulation 3 (c) of the Haryana Urban Development (Disposal of Land & Buildings) Regulations, 1978, the plots are given either by allotment or by auction. The residential plots are allotted on the tentative price worked out on costing method on basis of initial acquisition cost of land, prescribed under Regulation 4 of Haryana Urban Development (Disposal of Land & Buildings) Regulations, 1978.

The procedure of allotment is by draw of lots prescribed by Regulation -5 of Haryana Urban Development (Disposal of Land & Buildings) Regulations, 1978. But in case of commercial plots, tentative price of land so determined is taken as initial reserve price of auction and allotment is to the highest bidder by auction under Regulation -6 of Haryana Urban Development (Disposal of Land & Buildings) Regulations, 1978.

Therefore, the allotment of residential plots and commercial plots are governed by entirely two separate methods. There is no legal provision to recover enhanced compensation from the plot-owners to whom allotment was made as a result of auction.

But for the purpose of calculation of additional price, the incidence on account of commercial area is not cross subsidized and passed on to the residential plot-holders. Any amount payable on account of enhanced compensation of the commercial area is born by HUDA and is taken outside the purview of the calculations made for determining the additional price payable by the residential.

Similar issue has already been decided by the Hon'ble Punjab and Haryana High Court vide order dated 8.7.1986 in CWP No.1270 of 1985 read with CWP No.1283,2975 and 5794 of 1985 in the matter of Urban Estate Welfare Association (Registered), Karnal sector-13, Karnal where under it was held on page-13 of the order :-

“It was next contended by the learned counsel for the petitioners that the stand of the HUDA is that they are working on the principle “no profit no loss” basis, that area has been reserved as commercial area and for nursery, that from the sale of some commercial sites, huge amount has been earned by HUDA and that the enhanced amount of compensation paid by HUDA with regard to the commercial area is also being charged from the plot holders. According to the learned counsel, the incidence of the enhanced amount of compensation regarding commercial area or for the area which has been shown as “undetermined use” cannot legally fall on the plot holders and that this incidence should be borne by HUDA itself. At the initial stage when this argument was advanced, we felt very much impressed and were tentatively of the view that the incidence of the enhanced amount of compensation regarding the commercial area should not be borne by the plot holders. Dr. Rajinder Singh, learned counsel appearing for HUDA, controverted the contention and submitted that its incidence was not falling on the plot holders and was being borne by HUDA. This argument of the learned counsel did not find any support from the pleadings as in the written statement, no specific averment had been made in this respect, with the result that Shri Rajinder Singh, prayed for time to enable him to file an additional affidavit. The prayer was allowed and written statement in the shape of additional affidavit, dated 31st march, 1986, was filed by Shri I.M. Khunger, Dy. Secretary. To the pleas taken in this written statement, detailed reference has already been made in the earlier part of the judgment. In this written statement, it has been clearly stated that for the purpose of calculation of additional price, the incidence on account of commercial area is not chargeable to the plot-holders. Any amount payable on account of enhanced compensation of the commercial area is debited to HUDA and is taken outside the purview of the calculations made for determining the additional price payable by the plot holders, as is clear from the statement of account attached with the additional written statement filed. With regard to the area shown as “undetermined use”, it is averred that wherever an area gets shown as “undetermined use”, as it happened in the case of Sector-14, Gurgaon (which is presently maintained as an open space), the land use may not be changed and the area will not be utilized for any other purpose till the plan is modified and approved by the State Government. In view of this specific averment made in the written statement, no merit is left in the contention of the learned counsel for the Petitioner is concerned, so far as the area which is shown as “undetermined use” the same has to remain as it is till the plan is modified and approved by the State Government. In this situation for this area the incidence of compensation must fall on the plot holders. So far as the commercial area is concerned, it has been brought out clearly in the written statement that the amount of enhanced compensation payable in respect of the commercial area is debited to HUDA and is taken outside the purview of the calculation made for determining the additional price payable by the plot holders. In view of this specific averment it cannot be justifiably argued that incidence of the enhanced compensation of the commercial area is falling on the plot holders. Consequently, the contention of the learned counsel has no force.”

Question No.6: What is the rate of interest applicable on the period of delay in payment of additional price by the plot-owners?

Answer: -In Civil Appeal No.4436 of 2008(arising out of special leave petition No.13644 of 2005) titled as HUDA

V/s Raja Singh Riana, the question of charging of interest on the delayed payment of instalment was challenged in the Hon'ble Apex Court of India. In this regard, attention is invited to this office letter No.HUDA-CCF-Actt-1/2008/3654/7-78 dated 25.10.08 vide which the details of the case and charging of interest on the delayed payment of enhancement of compensation were conveyed.

In this case, the Hon'ble Supreme Court of India observed that the concept of levying of interest is interest is applicable in almost all statues involving financial deals and commercial transactions. Therefore, HUDA is entitled to charge interest on the balance dues of enhancement of compensation at a rate which is different from the rate of interest stipulated in the allotment letter. Under these circumstances, the Honb'ble Supreme Court of India allowed to charge simple interest on the basis of prevailing current rate of interest as defined under section-3 of the Interest Act,1978. Therefore, charging of 15%p.a. rate of interest as defined on the delayed payment of enhancement of compensation is as per the judgement of Hon'ble Supreme Court of India in the case of Sh. Raj Singh Rana V/s HUDA as the same rate of interest is provided in the Land Acquisition Act, 1894.

Question no.7 There is delay on the part of HUDA in payment of enhanced compensation to the land owners/farmers. This results to payment of interest to the land-owners/farmers and in turn this leads to increase in demand from the plot-owners. Why HUDA does not pay the amount to the land-owners immediately?

Answer: -Payment of enhanced compensation is made by HUDA out of its own resources and no assistance from the State Government or financial institutions is available to the Organization for this purpose. Since this amount is to be subsequently recovered from the allottees from over a period of times, it becomes difficult to make payment immediately after the announcement of the enhanced amount of compensation by the District Courts/High Courts. The investment made by HUDA towards the payment of enhanced compensation from its own resources further strains the commitment or development works in other areas. Consequently, a certain amount of delay is inevitable.

This issue has already dealt by the Hon'ble Punjab and Haryana High Court vide order dated 8.7. 1986 in CWP No.1270 of 1985 read with CWP No.1283,2975 and 5794 of 1985 in the matter of Urban Estate Welfare Association (Registered), Karnal Sector-13, Karnal under page-9 of the order .

Question no.8. Whether the enhancement of common areas like roads, parks, schools, dispensaries, police posts, tubewell/water supply etc. is also passed on commercial areas?.

Answer: - Yes. The enhancement of common areas is proportionately divided between the residential as well as commercial areas as per their respective saleable areas. For example, if total area of sector is 100 acres as below :-

Sr. No.		Area (in acres)
1.	Residential plots	30.00
2.	Commercial plots	10.00
3.	Common area	60.00
	Total area	100.00

		Area (in acres)
1.	Load of enhancement of common area on commercial areas	15 .00
2.	Load of enhancement of common area on residential plots	45.00

If total enhancement to be paid is Rs.100.00 lacs. Then the residential plots have to bear enhancement load of only Rs.75.00 lacs. The remaining load of Rs.25.00 lacs will be loaded on the commercial areas.

Memo No.HUDA.CCF-ACCTT-II-2015/-13987-89

Dated:-29.07.2015

Subject:- Recovery from plot owners under Regulation 10 of Haryana Urban development (Disposal of Land Building), 1978 in respect of **land compensation enhanced by the courts** – Review and monitoring-regarding(partially amended vide instruction dated 08.11.2016)

1. Attention is invited to this office earlier letter No. CCF-Acctt-II-2007/6499-6503 dated 22.02.2007 as per which the Zonal Administrators sanctions the payment of the enhanced compensation to the land owners after receipt of the proposal from the Land Acquisition Officer. The amount so paid is apportioned over the particular sector to calculate the “Additional Price” under Regulation 2 (b) of Haryana Urban development (Disposal of land Building) Regulation, 1978 (hereinafter referred as HUDA Regulations for brevity). The respective Estate Officer recovers the “Additional Price” from the plot owners by issuing demand under Regulation 10 of HUDA regulations.
2. Payment of enhanced compensation is made by HUDA out of its own resources. The investment made by HUDA towards the payment of enhanced compensation from its own resources further strains the commitment or development works in other areas. Therefore, it is imperative that HUDA should recover the additional price from plot owners immediately after decision has been taken to implement the court order about enhanced compensation.
3. The sale of the plots by allotment is done under regulation 5 based on tentative price. As defined under Regulation 2(i), the tentative price is calculated on the basis of compensation awarded by the Collector under Land Acquisition Act. Clause 2 of allotment letter issued under Regulation 5(3) explicitly conveys that the price quoted in the allotment letter is “tentative price”. Clause 9 of the allotment letter reconfirms that any enhancement in the cost of land awarded by the competent Authority under the Land Acquisition Act shall also be payable proportionately, as determined by the Authority. The additional price determined shall be paid within 30 days of its demand. The recovery of additional price from the allottee is made under Regulation 10.
4. As per regulation 10, the additional price is payable within 30 days of the date of demand in this behalf by the Estate Officer. Estate Officer issues demand of the additional price from plot owners after determination of the additional price by the Chief Administrator under regulation 2(b). The interest liability on the plot owners starts after 30 days of the date of issuance of demand of additional price by the EO. TO prevent any revenue loss on account of interest, it is essential that such demands are issued immediately.
5. The details of additional price so determined under Regulation 2(b) are now also for being displayed on HUDA Website at <https://www.huda.gov.in/page/finacial-policy.aspx>. For calculation of the additional price, the Hqrs.(Accounts) Branch collects information from various other offices of HUDA. This sometimes results in delays.

6. A large number of orders have been passed by the Courts about enhanced compensation. A summary exercise needs to be undertaken to ensure that demands have been issued to the plot owners under Regulation 10 in every enhanced compensation case. The Zonal Administrator are requested to review the position for enhancement a orders issued by the Court w.e.f. 1.4.2011 by opening a register as per Table 1 annexed and refer to the Hqrs. In the Table 2 annexed (alongwith the copies of orders referred there under) where additional price has not been determined so far.
7. The register as per Table 1 shall continue to be maintained for future enhancements awarded by the Court also. The Zonal Administrators are also requested to conduct inspection of the register every quarter to ensure proper compliance and take up matter with Hdqrs where determination of additional price has not been done.
8. For payment of enhanced compensation in future, the Zonal Administrators shall requisition funds from the Hqrs. In the Table 3 & 4 annexed alongwith the copies of orders referred there under.
9. Copy of these instructions are also being displayed on [https://www.huda.gov.in/Finacial% 20Wing/ Instruction of %20 Finance-HUDA.pdf](https://www.huda.gov.in/Finacial%20Wing/Instructionof%20Finance-HUDA.pdf).

Memo No. HUDA-CCF-Acctt-I-2008/43065-90

Dated: 18.12.08

Subject: Recovery of enhanced compensation in the case of social & charitable sites and religious sites which are sold by way of allotment.

Please refer to the subject cited above.

In this regard, it is intimated that the social & charitable sites and religious sites are sold by way of allotment. The Authority in its 73rd meeting held on 31.03.98 decided to allot the social & charitable sites and religious sites on 99 years lease hold basis and decided that the price/premium of these sites may be charged as under:

1. The premium of social & charitable sites is fixed at the rate of 50% of the rates of institutional plots. The premium of religious sites is fixed at the rate of 15% of the rates of the institutional plots.
2. The allotment letter of social & charitable sites and religious sites invariably contains the following conditions:-
“The above premium is tentative to the extent that any enhanced compensation in the cost of land awarded by the competent authority under the Land Acquisition Act shall also be payable proportionately as determined by the Authority. The additional price determined shall be paid within 30 days of its demand”
3. According to the above clause of the letter of allotment, the enhanced compensation is being recovered from the social & charitable sites and religious sites as per the rates of enhanced compensation conveyed for the sector in which the social & charitable sites and religious sites falls.
4. The allottees of social & charitable sites and religious sites have made representations that when the allotment is made at the subsidized rate of 50%/15% of the rates respectively charging of enhanced compensation @ 100% is un-justified in respect of the institutions which are social & charitable and religious in nature.
5. The matter has been examined and it has been decided that where-ever the social & charitable and religious sites have been allotted at the subsidized rate of 50%/15% price of the institutional plots, the enhanced compensation may also be charged in the same ratio i.e. in the same percentage of normal enhanced compensation.
6. It is, therefore, intimated that the enhanced compensation in respect of social & charitable and religious sites may be charged in the following manner:-
 - a) In the case of social & charitable sites, 50% of the normal enhanced compensation may be charged in respect of the sector in which the social & charitable sites falls.
 - b) In the case of religious sites, 15% of the normal enhanced compensation may be charged in respect of the sector in which the religious sites falls.
7. Accordingly action may be taken to revise the rates of recovery of enhanced compensation for social & charitable sites and religious sites which were allotted after 01.04.1998 at the concessional rates of 50%/15% of the price of the institutional plots.
8. This issues with the approval of Hon’ble Chairman, HUDA/Chief Minister, Haryana.

Memo No.HUDA-Acctts-87/9660-73

Dated: 2.4.1987

Subject:- Recovery of enhanced compensation from the plot holders.

For quite sometimes in the past it has been observed that pace of recovery of enhanced compensation from the plot holders has been slow partly because of the reason that the amount of enhanced compensation recoverable was sometimes heavy and plot holders were experiencing great difficulty to pay the amount in lump-sum. Representations from various individuals/institutions were also received in the regard for recovering the amount of enhanced compensation in some suitable instalments. After due consideration of the matter, it has been decided to recover the enhanced compensation from the plot holders in instalments as per detail given below:-

a) Where the enhancement is 10% of the original price of the plot	Payment in lump-sum within 30 days of the issue of demand notice.
b) Where the enhancement is more than 10% but less than 30% of the price of the plot.	i) First 10% within 30 days of the issue of demand notice. ii) Second 10% or part thereof within 6 months of the issue of notice. iii) Third 10% or part thereof within one year of the issue of notice.
c) Where the enhancement is more than 30% out less than 60%	Payment may be made as follows:- i) First 15% within 30 days of the issue of notice. ii) Second 12% within 6 months of the issue of notice. iii) Third 12% within one year of the issue of notice. iv) Fourth 12% within one & half year of issue of notice. v) Fifth 12% of part thereof within two year of the issue of notice.
d) Where the enhancement is more than 60% of the original cost of plot.	Payment may be made as follows:- i) First 15% within 30 days of the issue of notice. ii) Second 15% within 6 months of the issue of notice. iii) Third 15% within one year of the issue of notice. iv) Fourth 15% within one & half year of issue of notice. v) Fifth 15% of part thereof within two year of the issue of notice. vi) Sixth 15% of part thereof within two & half year of the issue of notice. vii) Seventh 15% within three year of the issue of notice.

Interest @15% per annum may be charged on the balance amount in view of the fact that HUDA is paying interest @15% enhanced compensation as per new Land Acquisition Act.

Accordingly you are requested to affect the recovery of enhanced compensation in suitable instruction as per details given above. These instructions may also be incorporated/or attached in the recovery notices.

POST ALLOTMENT RECEIPTS

HARYANA URBAN DEVELOPMENT AUTHORITY

C-3, SECTOR-6, PANCHKULA

To

All Estate officers,
HUDA in the State.

Memo No.HUDA/CCF/ AO(Cash)2016 / 13639

Dated:25/05/2016

Subject: Collection of **Post Allotment receipts** from all Estate Offices of HUDA under Centralized System – Operationalization of Nodal Post Allotment Collection Account (Regarding **partial modification** of the **instruction dated 22.12.2015**),

Please refer to the Instructions No.7 dated 22.12.2015 issued under 23130 on the subject cited above available on https://www.huda.gov.in/Financial%20Wing/Instruction_of%20Finance_HUDA.pdf.

1. As per existing procedure, 6 banks namely Punjab National Bank, Union Bank of India, ICICI Bank, HDFC Bank, OBC and Indian Bank have been authorized for post allotment collections. All the post allotment collections deposited in any branch (Pan India branches in case of PNB, ICICI Bank, HDFC & UBI and Pan Haryana in case of OBC and Indian Bank) are directly credited to the nodal account of the respective bank. The PPM data is updated on real time basis by the six authorized banks as soon as cheque /Demand Draft is encashed and amount is credited to the nodal HUDA's account with the respective banks.
2. After the introduction of above collection system, a situation has emerged that where the collecting bank is different from the cheque /Demand Draft issuing bank. In these cases, cheque /Demand Draft is credited usually on T+2 basis (i.e. two working days after deposit of cheque /Demand Draft with T being the date of deposit in the bank). During these two working days interval, the payable amount sometimes gets increased in PPM automatically if any interest is leviable for additional days. This is causing problems to the allottees and some amount is again shown pending due in the PPM. For example, on 28.3.2016, the challan generated on PPM shows payable amount inclusive of interest as Rs. 100/-. This amount will get increased to Rs. (100+x) on 30.3.2016. If DD/cheque of Rs. 100/- deposited on 28.3.2016 is credited on 30.3.2016, the PPM will show balance amount of Rs. 'X' to be still payable by the allottee.
3. In partial modification of the instruction No. 7 dated 22.12.2015, the following amended procedure shall be followed for deposit/collection in future:-
 - (i) The challan generated on PPM shall be valid only for the day of generation i.e. challan generated on 28.3.2016 (say) is to be used only on 28.3.2016 itself. For making payments on 29.3.2016 (say), fresh challan will have to be generated from the PPM.
 - (ii) The six authorized banks shall collect the amount either **by cash or by transfer cheque** only (transfer cheque is a term where the collecting and the issuing bank is same though branch may be different). The transfer cheques are credited to the HUDA account on the same day of tendering i.e. on T basis. To be more clear, if a person possessing HDFC bank cheque tenders it at any branch of HDFC bank, such cheque is encashed and credited to the HUDA account on the same day on T basis.
 - (iii) If the installment is to be deposited by other than transfer cheque, PNB & ICICI bank have engaged to provide solution. The allottee will generate a challan opting "*other than transfer cheque*" as mode of payment. Each such challan will contain an automatically generated virtual account which is mapped to HUDA's account for NEFT/RTGS reconciliation purpose i.e. identify the allottee and the payment purpose. The allottee will take this challan to the bank branch where he is maintaining his bank account or can alternatively remit money through the net banking facility from his/her bank. The respective branch will transfer the money by NEFT/RTGS mode to the virtual account printed on the challan. As soon as the money is credited in virtual account, the same shall be updated on real time basis in the PPM by ICICI or PNB.

- (iv) There may be cases that the challan is submitted by allottee to bank not on the date of generation and is submitted on subsequent days. Such challan is not valid for RTGS/NEFT payments. As per RBI guidelines, the bank should not push RTGS/NEFT payments on challan which is not valid on the date of transaction. But due to oversight of the bank official, if RTGS/NEFT is pushed to the ICICI/PNB bank account, the following two situations emerge:-
- (a) **First situation:-** the plot status is resumed/canceled on such date, the ICICI/PNB bank shall not be able to upload such transaction on PPM. In such cases, the ICICI/PNB bank shall automatically return the amount to the bank account from which RTGS/NEFT was received.
- (b) **Second situation:-** where plot status is still active, there may be chances that the payable amount gets increased as PPM automatically adds the interest amount for additional days. In this case, ICICI/PNB bank shall be able to upload such transaction on PPM and IT Wing HUDA shall send SMS to the allottee about the balance amount to be paid.
4. GM(IT), HUDA is requested to make a provision in the PPM to enable each EO office to generate report about post allotment collection for his respective urban estate.
5. For easy reconciliation of accounts by H.Q. accounts branch in FAS, GM(IT), HUDA is requested to make provisions so that
- (i) Aggregate total collections uploaded on PPM by the banks, should be automatically transported to the FAS Bank wise.
- (ii) The interest income credited in Huda Auto sweep FDR Bank account along with debit entry of TDS deducted separately, should be uploaded by the Bank, directly to the FAS.
6. The H.Q. accounts branch shall carry out the reconciliation to ensure that the amount uploaded on PPM by the banks, tally with the actual balance available in Huda account with the respective bank. The banks are requested to file monthly statement with H.Q. through Email id sao2hghuda@gmail.com in the following format:-

HARYANA URBAN DEVELOPMENT AUTHORITY

To

All Estate officers,
HUDA in the State.

Memo No.HUDA/CCF/ACCTT IV /2015/23130

Dated: 22.12.2015

Subject: Collection of **post allotment receipt** from all Estate offices of HUDA under Centralized system-Operationalization of Nodal post allotment collection account. (Regarding closing of all **virtual sub accounts**)

Please refer to the Instructions No.3 dated 9.7.2015 issued under 12788-93 on the subject cited above available on https://www.huda.gov.in/Financial%20Wing/Instruction_of%20Finance_HUDA.pdf. As per existing procedure, the Post Allotment collection Accounts are centralized and various Estate Offices Accounts function as virtual sub account of the respective Nodal Account. The Estate Office wise virtual sub accounts are only for accounting purpose. The amount deposited in any virtual sub account is immediately transferred to the nodal account without any human intervention. The nodal branch of the bank is up-loading data of the Post Allotment Collections on the HUDA Server in a centralized manner.

2. It is observed that the challan on the basis of which payments are deposited in the bank are unique for each transaction and contain the details of Urban Estate, plot id and sector. Any report about post allotment collection urban estate wise can be generated by HUDA from the PPM system after the data has been uploaded by the bank. Therefore, there appears to be no need to maintain virtual sub account urban estate wise.
3. To further simplify and rationalize the procedure, it is now directed that virtual sub accounts urban estate wise shall be closed and each of the six banks authorized for post allotment collections shall have only one nodal account as per details in the table below. All the post allotment collections deposited in any branch shall be directly credited to the nodal account of the respective bank. This nodal account will have Auto Sweep FDR facility.
4. Punjab National Bank, Union Bank of India, ICICI Bank & HDFC Bank have developed a facility whereunder data of post allotment collections from the allottees, shall be uploaded on real time basis by the bank on the HUDA website. With this real time module, they are now equipped to receive collections in any of their branches (Pan India in case of PNB, ICICI Bank & UBI and Pan Haryana in case of HDFC) and for all the urban estates of HUDA.
5. The following system shall be made operational w.e.f. 1.1.2016.

Dated 09.07.2015

Subject: Collection of **post allotment installments/receipts** of Estate offices of HUDA under **Centralized system** opening of **separate Nodal Bank account** with **virtual sub- Accounts**.

1. Presently, HUDA is maintaining Estate Office wise bank accounts for post allotment installments/ receipts as per details below. All the post allotment collections of a particular Estate Office are received in the respective bank account. Each EO office manually up-loads data on HUDA server, after CD is received from the respective bank branch.

Table 1

1	OBC	Rohtak, Jind, Naraingarh, Kaithal, EO-1 Gurgaon, EO-2 Gurgaon, Hissar	7

2. The multiplicity of accounts results in delay in the reconciliation. With the advent of the core banking system, there is no need to maintain separate accounts in the individual Estate Office.
3. It is now decided that Post Allotment collection Accounts shall be centralized and various Estate Offices Accounts will function as virtual sub account of the respective Nodal Account as per Annexure 'A'. Under this scheme, bank has opened a nodal account at Panchkula/Manimajra. The Estate Office wise virtual sub accounts are only for accounting purpose. The amount deposited in any virtual sub account is immediately transferred to the nodal account without any human intervention.
4. The nodal branch of the bank shall up-load data of the Post Allotment Collections on the HUDA Server in a centralized manner. They shall make necessary arrangements with G.M, I.T. Wing of HUDA for this purpose. The present system of manual up-loading of data by respective Estate Office shall discontinue henceforth.

 - (a) Benefit on account of reduction in Rate of Tax.
 - (b) Benefit on account of Input Tax Credit (ITC).
- 1.2. It is directed that while making payments in respect of contracts awarded prior to 1st July ,2017, a declaration should be taken from the supplier/contractor as per the **Annexure 'A'** to ensure that benefits on account of GST have been passed on to HUDA.
- 1.3 Regarding the existing contracts which were already allotted to the persons who are not registered with GST department, the DDO should insist and guide suppliers to obtain GST registration. If still the supplier remains unregistered, procurement of his services/supplies should be discontinued.
- 1.4 While making payments to the supplier/contractors, it should be carefully examined whether the rates in the contract/supply order are inclusive of taxes i.e. all applicable taxes are included in the contract rates. In such case, no extra amount on account of GST is to be paid.
- 1.5 In both cases whether inclusive of tax rates or exclusive of tax rates, payment is to be released only after ensuring that benefits on account of GST have been passed on to HUDA by supplier/contractor.

Reverse Charge Mechanism

- 2.1 Various Wings of HUDA procure goods and services either from the suppliers or by allotting contracts by inviting tenders. There may be situations that some contractors/suppliers engaged by HUDA may not be registered with GST department. In such cases, the contractor shall not have any GSTIN number issued by the GST Department.
- 2.2 In this regard, it is clarified that if GSTIN of supplier, is not mentioned on the bill issued by the supplier of goods or services or both, such supply is to be treated as supply from unregistered supplier.

2.3 As per GST Law in case of supplies received from the unregistered dealer, HUDA is required to pay GST on reverse charge basis in terms of Section 9(4) of the CGST Act. For brevity, Section 9(4) of CGST Act the Section 9(4) of CGST Act is reproduced below:

“(4) The central tax in respect of the supply of taxable goods or services or both by a supplier, who is not registered, to a registered person shall be paid by such person on reverse charge basis as the recipient and all the provisions of this Act shall apply to such recipient as if he is the person liable for paying the tax in relation to the supply of such goods or services or both.”

2.4 HUDA shall also be required to issue a self-invoice in respect of reverse charge liability in terms of Section 31(3) (f). The relevant extracts of Section 31 are reproduced below.

“(f) a registered person who is liable to pay tax under sub-section (3) or sub-section (4) of section 9 shall issue an invoice in respect of goods or services or both received by him from the supplier who is not registered on the date of receipt of goods or services or both;”

2.5 Besides issuing a self-invoice, HUDA shall also be required to issue a payment voucher to the unregistered suppliers while making payment to the unregistered supplier in terms of Section 31(g). The relevant portion is reproduced below.

“(g) a registered person who is liable to pay tax under sub-section (3) or sub-section (4) of section 9 shall issue a payment voucher at the time of making payment to the supplier.”

- a. In order to avoid such compliances, it is directed that **all the Wings of HUDA should procure supplies of goods or services from registered person only**. The contracts in future should be allotted only to the persons who are registered with the GST Department. **Registration with the GST department should be incorporated as essential condition in the future tenders to be floated by the HUDA.**
- b. The reverse charge mechanism under sub-section (4) of section 9 of the CGST Act, 2017 and under sub-section (4) of the section 5 of the IGST Act, 2017 has been suspended till 31.3.2018 for time being. But above procedure should be implemented to avoid any delay in implementation once reverse charge mechanism is introduced.

No payments to be made without procuring invoice from the supplier/contractor

- 3.1 It has been observed that there is a practice by the Engineering Wing where under the payments are released periodically to the contractor/supplier based on running bill method. In other words, the invoice is not raised/ submitted by the contractor/supplier each time he receives the payment.
- 3.2 It is clarified that issuance of tax invoice is a mandatory requirement for a registered person under the GST legislation. Such invoice is also required to avail Input tax credit in respect of any inputs or input services procured by HUDA. The contractor/supplier is mandatorily required to issue a tax invoice.
- 3.3 Accordingly, it is directed that the DDO shall not make any payment without procuring invoice from the supplier/contractor. Such invoice should clearly mention the GSTIN number of the supplier/contractor as well as of HUDA. The DDO shall intimate GSTIN number of HUDA “ **06AAAAH0087M1ZN**” to the supplier/contractor in advance to enable him to mention the same in the invoice.

TDS deduction under GST

- 4.1 As per provisions of GST law, each DDO of HUDA is required to deduct tax at source (hereinafter referred to as TDS) of 1% under State GST and 1% under Central GST from the payment made or credited to the supplier where the location of the supplier and place of supply are in the State of Haryana. Similarly, the tax at source shall be deducted @ 2% under Integrated GST (IGST) where the supplies are received by the Government Departments, local authorities and government agencies in the course of inter-state supplies. (See Section 51 of Haryana Goods and Services Tax Act, 2017 and Centre Goods and Service Tax Act, 2017 and section 20 of Integrated Goods and Service Tax Act, 2017).
- 4.2 TDS shall be deducted from the payment made or credited to a supplier where the total value of such supply

under a contract exceeds 2.5 lakh rupees. While computing value of contract, taxes under GST i.e. State GST, CGST and IGST, and Cess, shall be excluded. Thus, TDS will have to be deducted even if the individual supplies is less than Rs. 2.5 lacs, but contract value is more than Rs. 2.5 lacs.

- 4.3 The TDS deduction shall be made w.e.f the date when notification is issued by Central Govt for the same.

Memo No. HSVP/ CCF/CAO/SAO-I/A.O.-I-2020/106400

Dated: 16.7.2020

Subject: Fixation of External Development Charges in case of released land / Change of Land User-Clarification thereof.

In Continuation to this office Memo No. HUDA-ACCTTS-SO-I-2002/815-76 dated 15.01.2002 on the subject cited above.

Haryana Shehri Vikas Pradhikaran issued the subject cited instruction dated 1501.2002 and in Para 5 of the said instruction, it was provided that in respect to the land released / Change of land use for religious purposes, 15% of the development charges communicated for residential shall be charged. A reference was received from the Director General, Urban Estates, Haryana in CWP No. 12944 of 2008 Shiv Mandir Durga Charitable Trust Vs State of Haryana, Saketri, Panchkula for clarification as to at what rate, the development charges are to be charged from the petitioner in above stated Writ Petition.

The matter has accordingly been examined and it is hereby clarified that clause 5 of the subject cited instruction means and implies that:

“ The development charges to be levied in cases where the land released / change of land use is for religious purposes shall be calculated on rates communicated for residential in the same proportion as the rates fixed for religious sites vis-a-vis the prevalent institutional rates”.

This is sought to be explained by the following illustration:

“At present, religious sites are allotted at 35% of the institutional rates. Therefore, the development charges in respect of land released / change of land for religions purposes will be calculated at 35% of the residential rates”.

It is further clarified that the relevant date for deciding the development charges is the date of release of land by the Government.

The reference received from the Director General, Urban Estates, Haryana in CWP No. 12944 of 2008 Shiv Mandir Durga Charitable Trust Vs State of Haryana, Saketri, Panchkula is accordingly answered.

This is issued with the approval dated 11.06.2020 of the Hon'ble Chief Minister Cum Chairman, Haryana Shehri Vikas Pradhikaran.

It is therefore, requested to take necessary action accordingly.

For Chief Administrator,

Subject : Minutes of meeting held under the chairmanship of Sh. Surjeet Singh, IAS Administrator (HQ) on 03.04.2012 regarding Issue of Re-allotment Letter without getting Transfer Permission from HUDA.

The following members of the committee attended the meeting:

1. Sh. S.C. Kansal, Chief Controller of Finance, HUDA.
2. Sh. Sanjay Sharma, GM (IT), HUDA.
3. Sh. Anil Aggarwal, District Attorney, HUDA.

The subject matter was discussed in details as per agenda of the meeting supplied to all concerned vide e-mail dated 19.3.2012.

It was observed that the ownership of HUDA plots/buildings in various Urban Estates of Haryana is changed directly through sale deed /gift deed by the concerned Tehsildars /Executive Magistrates (Revenue) on the basis of previous conveyance deed/sale deed.

Due to such change of ownership /title of the property in HUDA records are not updated and consequential loss is suffered by HUDA on account of non- delivery of Enhancement letter to the current owner.

The situation is more embarrassing where ownership is changed more than once without any intimation to the concerned Estate officer of HUDA who is the main custodian of the allottees files.

As per practice in vogue; the Estate officer of HUDA issues Transfer Permission Letter with details like area of the plot, status of construction there on and covered area of construction for the purpose of generation of revenue to the authorities concerned. On the basis of Transfer Permission Letter of HUDA sale deed/gift deed is executed by the Tehsildar (Revenue)/Executive Magistrate. After submission of copy of the sale deed the Re-allotment letter is issued in favour of the transferee in whose favour Transfer Permission is issued by HUDA.

Decision:

1. It has been decided that a letter may be issued to all the Administrators to advise all the concerned Tehsildar/ Executive Magistrates (Revenue) to execute the sale deed /gift deed only after issue of NOC by the concerned Estate officer of HUDA so as to update the HUDA allottees account and to avoid in complete information of allottees on the computers which is accessed by all the allottees of HUDA on HUDA web portal/Internet.
2. The concerned Estate officers may also be directed to collect the information from the concerned Tehsildars regarding sale deed registered by them without NOC from the Estate office. Memo No. DA/2019/120281

Dated: 09.07.2019

Subject: RSA No. 2359/2017 titled as **HUDA and anr. vs Rajesh Kumar**. (Plot No.1721, Sector-4, Kurukshetra)-
Instructions regarding **implementation or challenge to judgment/orders** of the Hon'ble Courts and
updation of **CCTNS— Supersession of instructions dated 27.03.2018**

In supersession of this office letter no. 58162 dated 27.03.2018 issued in CWP No. 15424 of 2016 titled as Neelam Rani Vs State of Haryana.

Whereas; vide referred letter it was directed that decision regarding filing of appeal/LPA/SLP may be taken in accordance with the instruction dated 07.08.2009 by the Zonal Administrators.

Whereas; it has been noticed that neither the Estate Officers nor the Zonal Administrators are monitoring the court cases and are not even aware of the decision of the Hon'ble Courts. Thus, the Estate Officers are referring the cases to Zonal Administrators after delay and even at times, when limitation period for filing appeal etc is about to lapse and at times, even after such lapse of prescribed period of limitation.

Whereas; it has also been noticed that the Zonal Administrators are not taking prompt action to decide the reference of the Estate Officers for filing appeals etc or implementation and numerous cases have been delayed in this manner. It has also been noticed that despite the referred instructions that the Zonal Administrators shall decide the matters at their own level, still they are sending reference to the legal cell, HQ for decision, which further delays the decision making process.

Whereas; it has also been noticed that the cases are referred by the Zonal Administrators and Estate Officers without record or incomplete record and without any recommendations and financial implications.

Whereas; the ibid inaction on part of your office has resulted into unnecessary delay in taking the decision to implement the order or to challenge it. This has put the HSVP in an embarrassing position in the court of law with the Hon'ble Courts taking serious view of the same. This has resulted into meritorious cases being dismissed by the Hon'ble Courts at the threshold itself on ground of limitation and resultant financial loss to HSVP.

Whereas; it has been observed that it is not in the interest of HSVP to leave legal examination of the cases at the level of an ADA O/o Estate Officers & Zonal Administrators.

Whereas; non taking of timely action in court cases results into chain of litigation in form of execution petitions or COCPs, and second & third round of litigation in some cases.

Whereas; the matter has been re-considered and it has been decided that:

- a. Estate Officers shall send a reference for taking decision on implementation or to file appeal/ petitions etc. directly to the Legal Cell, H.Q. within a period of 5 days of the judgment/ order of the Hon'ble Court.
- b. Estate Officers shall ensure that reference contains complete dates and events upto the judgment/ order of the Hon'ble Court under examination, alongwith his recommendations, financial implications and policy, if any, affected by impugned judgment/ order. For any lapse on this account, the Estate Officers, ADAs and Assistants concerned shall be personally responsible.
- c. Estate Officers shall ensure that reference is accompanied by complete Photostat of file.
- d. Estate Officers shall be duty bound to ensure that directions of the legal cell, HQ are complied with, within a period of 3 days from date of communication of the decision of the competent authority with regard to challenge or implementation and report to that effect shall be sent to legal cell, HQ for appraisal of the Chief Administrator.
- e. Estate Officers shall ensure that all the court case are entered into CCTNS immediately on receipt of notice and shall ensure that CCTNS is completely updated and shall send a certificate to that effect to the legal cell, HQ. for verification. However, Zonal Administrators shall continue to keep updated the

- CCTNS. A consolidated report with regard to updation of CCTNS of the Zone shall be furnished by the Administrators by 3rd of every month.
- f. Estate Officers shall ensure that fee bills of the advocates engaged by HSVP are cleared promptly within a period of 3 months under due intimation to the engaged advocate and data is feeded into CCTNS.
 - g. Zonal Administrators shall ensure that all the pending references are decided by them within a period of 3 days in the light of these instructions and for any delay, they shall be personally responsible.

Receipt of these instructions be acknowledged and complied with meticulously.

Memo No. DA/2018-161625

Dated: 09.08.2018

Subject: COCPs filed for non compliance of the direction issued by the Hon'ble High Court in cases under **Section 24(2) of LARR Act, 2013- HUDA instructions.**

Reference on the subject cited above.

2. It has been observed that in a number of CWPs filed by the petitioners claiming release of land under Section 24(2) of the LARR Act, 2013, time bound directions to pass a speaking order or to decide the claim is issued by the Hon'ble High Court to the appropriate authority. The appropriate authority is the concerned Additional Director, Urban Estates Department, Haryana as per the guidelines issued by the Government. However, the petitioners implead C.A, HSVP as respondent in COCPs unnecessarily alleging violation of the time bound directions whereas he has no role in passing such speaking orders.

It is, therefore, requested that the Law Officers posted in the A.G. Office may kindly be advised to apprise the Hon'ble Court accordingly.

Memo No. DA/2017/146534

Dated: 04.08.2017

Subject: Regarding non filing of reply/affidavits/status reports etc. in the court cases and non compliance of time bound directions issued by the courts-HUDA instructions.

1. It is informed that the Chief Administrator, HUDA Panchkula appeared before the Court of Hon'ble Justice Daya Chaudhary on 02.08.2017 in CRM No. M-26292 of 2013 titled as Dharam Singh Yadav Vs State of Haryana and others, and during the course of hearing in the ibid case the Hon'ble Court expressed displeasure on non compliance of the directions issued by the Hon'ble High Court from time to time and non filing of replies in the Hon'ble High Court by the HUDA officers. It was conveyed by the Hon'ble Court that in a large number of contempt petitions pending before the Hon'ble High Court either HUDA has not complied with the directions issued by the Court by passing speaking order etc. or speaking order has been passed/compliance has been made with the considerable delay without filing any application for extension of time in the court by which direction was issued.
2. As you are aware that various Instructions/Orders have been issued by the Chief Secretary, Govt. of Haryana vide which all the Administrative Secretaries, Head of Departments, Board/ Corporations in State of Haryana were requested to ensure that replies/Affidavits be filed well within time at least 03 working days prior to the date fixed. It is also directed that cost should be borne on account of delay in filing reply/affidavit imposed by the concerned court from delinquent officer. The Administrative Secretaries were also requested to take suitable corrective administrative action against the delinquent officer in case the reply is not filed within the stipulated period.
3. A D.O. letter No. 67725-29 dated 18.04.2017 was issued by the Chief Administrator, HUDA, Panchkula in this regard to all the zonal Administrators with following proforma to prepare list/register but despite that position has not improved:

Sr. No.	Case no. & title	Date of direction & Court	Description of direction in brief	Time given	Date of receiving certified copy	Date on which time shall expire	If time expired whether application for extension of time filed	Remarks
---------	------------------	---------------------------	-----------------------------------	------------	----------------------------------	---------------------------------	-----------------------------------------------------------------	---------

A Review meeting was also held by Sh. P. Raghvendra Rao, IAS, the then ACSTCP on 27.01.2016 to improve the monitoring/defence of court cases but scant regard is being paid by the Administrators/ Estate Officers to the

decisions taken therein.

Similarly it has been observed that in cases where approval from the competent authority is required before filing the reply/affidavit/status report in the Hon'ble Supreme Court/High Court, the draft for approval is submitted at the last moment i.e. only 1-2 days prior to date fixed.

4. Therefore, you are hereby again directed as under:-

- (i) That it shall be your responsibility to ensure submission of draft reply/affidavit/status report before the competent authority for approval at least 07 days prior to the next date of hearing, so that, the same can be timely got vetted and approved.
- (ii) That it shall be your responsibility to ensure the filing of reply/affidavit/status report at least 03 days prior to the next date of hearing after approval as per instructions.
- (iii) To personally look into all cases and verify, as to in which cases time limit prescribed by the Hon'ble Courts have lapsed and to ensure to pass the speaking order in accordance with the directions of the Hon'ble Courts within a period of 07 days.
- (iv) To personally look into all cases and verify, as to in which cases time limit prescribed by the Hon'ble Courts have lapsed and in case passing of speaking orders are likely to take time due to unavoidable reasons, then to ensure to file within a period of 07 days, an application in the courts for extension of time in all such cases. A weekly report shall be supplied to the Head Office in the proforma hereinbefore mentioned.
- (v) To maintain personal liaison regarding court cases/COCs especially those pending in the Hon'ble Supreme Court and the Hon'ble High Courts to ensure timely action is taken regarding filing of written statement/status report/affidavit/compliance of directions thereof.
- (vi) That it shall be your responsibility to get the CCTNS updated regularly/properly.

These instructions are being issued with the approval of the Chief Administrator, HUDA, Panchkula for meticulous compliance and any laxity in compliance thereof shall be viewed seriously.

2. The Chief Secretary to Government, Haryana has pointed out that despite time bound directions of the Hon'ble High Court, the orders are not being complied with, which is resulting into initiation of contempt petitions. The Chief Secretary has further pointed out that the Hon'ble High Court is taking a serious view of non-compliance with the orders and observed that in case of non-compliance of the directions timely, the concerned officer shall be personally responsible for the same and also for costs if any imposed by the Courts.

- d. To personally look into all the cases and verify, as to in which cases time limit specified by the Hon'ble Courts have lapsed and to ensure to pass the speaking order in accordance with the directions of the Hon'ble Courts within a period of 7 days.
 - e.  - f. To ensure to file the replies to the CWPs/COCs timely.
5. It is made clear that all the Zonal Administrators shall be personally responsible for ensuring passing of speaking orders timely under their respective jurisdiction. The Administrator (s) shall be liable for the cost of litigation as well as the costs if any as may be imposed by the Hon'ble Court. It is further clarified to you that in case any Administrator/Estate officer is summoned by the Hon'ble Courts, then no TA/DA for said visit shall be paid. Non compliance shall also entail disciplinary action.

Memo No.11/29/2016-5JJ(1)

Dated Chandigarh, the 14.07.2016

Subject: Removal of delay in filing appeals-strict compliance of clause 9.3 of the Haryana State Litigation Policy.

I am directed to refer to the subject noted above and to say that it has been brought to the notice of the Government that in many cases appeals are filed after expiry of period of limitation and delay in many cases has been found even more than one year. In many cases, delay in filing appeal occurred on account of the reason that the file remains on the different desks for seeking legal opinions of the Advocate General, Haryana and the Legal Remembrancer resulting unnecessary delay and good cases are often lost on account of such period. Government, with a view to reduce delays and to ensure accountability, have decided that clause 9.3 of the Haryana State Litigation Policy should be implemented effectively, which is as under:-

“9.3 Limitation-Delays Appeals

Good cases are often lost because appeals are filed well beyond the period of limitation and without any proper explanation for the delay or without a proper application for condonation of delay. It is recognized that such delays are not always bonafide particularly in cases where high revenue stakes are involved.

9.3.1 Each Head of Department will be required to call for details of cases filed on behalf of the Department and to maintain a record of cases which have been dismissed on the ground of delay. The Nodal Officers must submit a report in every individual case to the Head of Department explaining all the reasons for such delay and identifying the persons/causes responsible. Every such case will be investigated and if it is found that the delay was not bonafide, appropriate action must be taken. Action will be such that it operates as a deterrent for unsatisfactory work and malpractices in the conduct of Government litigation. For this purpose, obtaining of the data and fixing of responsibility will play a vital role. Data must be obtained on a regular basis annually, bi-monthly or quarterly.

9.3.2 Applications for condonation of delay are presently drafted in routine terms without application of mind. This practice must immediately stop. It is the responsibility of the drafting counsel to carefully draft an application for condonation of delay, identifying the areas of delay and identifying the causes with particularity.

- 9.3.3 Every attempt must be made to reduce delays in filling appeals/applications. It shall be responsibility of each Head of Department to work out an appropriate system for elimination of delays and ensure its implementation.
- 9.3.4 The question of limitation and delay must be approached on the premise that every court will be strict with regard to condonation of delay.”

In addition to the above, it shall be ensured that the affidavit in support of application for condonation of delay under section 5 of the Limitation Act should contain the details of period for which file remain with one desk and the names of the officers many these desks to be held responsible for unnecessary delay.

Subject: Procedure to be followed for issuance of instructions of **defence** in **all courts** of district Level, High Court/Tribunal(s)/Commission(s)/ Arbitrator(s) and Supreme Court-**L.R. instructions.**

Sir,

I have been directed to say that the question regarding issuance of instructions for defence of Govt. cases in civil litigation at the level of departments itself was under consideration of Hon'ble Chief Minister for some time past and it has now been decided by the Hon'ble Chief Minister vide orders dated 14.04.2016 as under:

“The concerned Administrative Department shall issue instructions for defence of all cases at public expenses in all courts of District Level, High Court/Tribunal(s)/Commission(s)/ Arbitrator(s) as well as in the Supreme Court directly to the District Attorney or Advocate General, Haryana as the case may be.”

It has further been decided that necessary amendment in the Law Department Manual in this regard will be carried out in due course.

Thus, in view of above, no reference for issuance of instructions for defence of Govt. cases in civil litigation shall be entertained by this department in future and accordingly necessary instructions to this effect are required to be issued by the concerned Administrative Department at its own level in compliance of orders passed by Hon'ble Chief Minister.

Memo No. 62/31/2015-6GS1

Dated: 10.08.2015.

Subject:-Enactment of Statutory Rules for taking decisions on the **Representations made by employees** of Haryana Government and **non-compliance** of court orders/directions COCP No. 1740 of 2014 **Laksman Singh Vs. Shri Vineet Garg, IAS** and another.

Sir/Madam,

62/30/95-6GS1, Dated 23.3.1996
62/30/95-6GS1, Dated 11.6.97
62/30/95-6GS1, Dated 6.10.1997
62/30/95-6GS1, Dated 26.2.1998
62/76/2002-6GS1, Dated 18.11.2002
62/76/2002-6GS1, Dated 31.3.2003

1. I am directed to invite your attention to Government letter no 62/26/2002-6GS1, dated 02.05.2002 and others mentioned in margin issued from time to time on the subject noted above vide which it was decided that the directions of the Hon'ble High Court may be complied with forthwith in true letter and spirit so that undesirable litigation is avoided, thereby saving time and money of the Government. Further, immediate steps shall be taken to ensure that all such representation/claims of employees under your control are decided within stipulated period in pursuance to the directions of the Hon'ble High Court by the Competent Authority passing a speaking order giving cogent reasons, in support of his/her decision.
2. The Advocate General, Haryana has brought to the notice of the State Government that the instructions referred above and time bound directions given Hon'ble High Court are not being complied with by concerned departments with stipulated time, with is generating another round of litigation by way of Contempt Petitions, resultantly, costs are being imposed on the State and Counsel for that State is facing embarrassing situation in the Court. Even the usual directions e.g. disposal of the representations are not being complied with by the departments. Recently faced with similar situation in COCP No. 1740 of 2014, while passing the order on 15.05.2015 in the contempt petition the Hon'ble High Court has made following observation:-

“It is not the solitary case in which the time prescribed by this court has not been adhered to, rather a large number of similar petitions are being filed everyday in with the only complaint made by the petitioner(s) against the State functionaries is for not complying with the innocuous orders passed by this Court for deciding their representation or legal notice, one way or other, within the prescribed period. As a result thereof the litigants have to resort to the multiple litigation; firstly by filing the writ petition for adjudication of their representation/legal notice within the stipulated period; secondly the contempt petition, when the representation/legal notice is not decided within the time prescribed by this Court and finally when the said representations/legal notice is decided, because of the contempt proceedings against the petitioner by way of a separate writ petition to challenge the same. The corridors of this Court are full upto it brim with such type of litigants whose only concern is to get an order from the Government on their representation or legal notice.”

Reverting back to the facts of the present COCP, the Hon'ble High Court passed the Following order on 15.05.2015:-

“Thus in view of these facts and circumstances, I have been left no other choice but to impose the cost of Rs. 50,000/- upon the respondent for non-compliance of the order of this Court within the stipulated time, which shall be paid to the petitioner to compensate the inconvenience and harassment faced by him. The costs shall be paid by way of Bank Draft drawn in the name of the petitioner and the said amount shall be recovered from the salary of erring official(s) who have failed to bring to the notice of the deponent the order dated 13/11/2013, for deciding the representation or legal notice of the petitioner within the time prescribed.

Thus the present petition is disposed of in the aforesaid terms.

The Registry is directed to send copy of this to the Chief Secretary of the States of Punjab, Haryana and the Advisor to the Administrator, Union Territory, Chandigarh, for information and necessary action.”

3. The State Government has taken a serious view of this and considered the matter again in light of the directions issued by the Hon’ble High Court. Accordingly, it has been decided that court matters and pursuant time bound dictions must be complied within letter and spirit and within prescribed period so as to minimize the scope of fining of contempt petitions against State. As soon as Legal notice is served upon any department asking for a relief the same should be decided expeditiously in accordance with the relevant rules/instructions and by passing a detailed speaking order as per para 5.2.1 of Haryana State Litigation Policy, 2010. If the notices are disposed of at the first instance, it would reduce the burden of the Court. The Nodal Officer shall be personally responsible to ensure that every legal notice/notice of demand for justice is promptly attended to and appropriate reply is given to the notice within maximum period of one month or as prescribed by the Court. In case the departments are not in a position to abide by the directions issued by the Court within the stipulated time due to administrative reasons, they must file an appropriate application before the Court concerned for extension of time.
4. It has further been decided that the Head of Department will also be responsible for non-compliance or non-implementation of the court orders/directions for disposal of representations/notices of the employees within stipulated time. It must be ensured that the costs imposed by the Hon’ble Court on account of failure of prompt disposal of representations/court notices within stipulated time, mandatorily be recovered from the erring/delinquent official/officer(s) so that the State do not suffer.
5. These instructions may be brought to the notice of all concerned for strict compliance. Any violation thereof will be viewed seriously by the Government.

Subject: Defending of land acquisition matters and enhancement matters in the Hon'ble High Court and Supreme Court of India on behalf of HUDA.

On the basis of letter received from Ld. Advocate General, Haryana on 22.04.2015 all the Zonal Administrators-cum-Additional Directors, Urban Estates, were instructed by the Director General, Urban Estate, vide letter dated 02.05.2015 to file consolidated reply on behalf of State and HUDA in land acquisition matters.

Keeping in view the decision taken for filing consolidated reply, CWP No. 12054 and 12099 of 2015 filed by the land owners in the Hon'ble High Court seeking the quashing of notifications issued under section 4 & 6 of the Land Acquisition Act were referred to Ld. AG with the proposal not to engage counsel on behalf of HUDA in these cases. Ld. A.G. observed that HUDA cannot remain unrepresented in these cases and held discussion with DA, HUDA. After discussion, it was decided by Ld. A.G. Haryana that henceforth for better defence and to reduce litigation expenses all the land acquisition matters of HUDA will be defended by AG Office without any remuneration/legal fee.

However, Ld. A.G. directed that all these matters are also to be monitored by HUDA and his office should be briefed in time by the officers of HUDA alongwith officers of State so that these cases can be properly defended in the Hon'ble High Court and Hon'ble Supreme Court.

It was further decided that if earlier, any cases have been entrusted to private counsels to defend HUDA, it may be ensured that these private counsels do not appear in these cases in future and these cases be withdrawn from private advocates.

The ibid directions be complied with meticulously with immediate effect.

This has the approval of CA HUDA.

Memo No 2015/3570

Dated: 02.05.2015

Subject: Regarding **filing of one comprehensive reply** on behalf of **State Respondents and HUDA** in the **LAC** matter- letter of **DGUE**.

Reference to DO No. 605 dated 22.04.2015 of advocate General, Haryana (Copy enclosed)

Vide above mentioned DO letter it has been informed that in many cases in which petitioners are seeking benefit of Section 24(2) of 2013 Act, separate replies are being filed by the District Town Planner and Land Acquisition Officer and beneficiary Department i.e HUDA. Therefore, it has been suggested that one comprehensive reply should be filed on behalf all the three Departments in these cases. The suggestion made by AG, Haryana was found worthwhile and it has been decided by the Government that not only in the cases referred to in the DO letter of AG, Haryana, but also in all other similarly placed court matters wherein ASTCP, DGTCP/DGUE, DTP, LAO and HUDA are impleaded as respondents, one comprehensive reply shall be filed in future, unless the situation warrants filing a separate reply by any of the state respondents or HUDA.

As is aware, recently the post of all Zonal Administrator of HUDA has been redesignated as Zonal Administrator-cum-Additional Director Urban Estates and he is competent to file reply of behalf of the state respondents as well as HUDA. It may be appreciated that this is a nice practice to synchronise the efforts of all the respondent Departments in one direction. And, it would also rule out the possibility of contradiction in facts and figures to be given in the reply. The comprehensive reply shall be prepared with the assistance of concerned LAO, DTP, and EO, who will supply all facts and figures of their respective domain. After preparation of the reply, the well conversant officials of these offices shall get the reply vetted from AG Haryana. Accordingly, it is requested to prepare comprehensive replies to the CWPs referred to in the enclosed list of the respective zones. Besides, Administrator, HUDA, Gurgaon and Administrator, HUDA, Panchkula are also requested to prepare comprehensive replies to the CWPs referred to in DO of AG dated 24.04.2015. the CWP NO. 17463, 17464, 17465, 17466, 17467, 17468, 17469, 17470, 17471, 17472 of 2007–Hari Chand & Ors. Vs State of Haryana pertain to Distt. Gurgaon and CWP Nos. 11945 of 2008- Mirdula Joshi Vs. State of Haryana pertain to Distt. Panchkula.

It is also suggested that while preparing replies to the CWPs filed by the landowners seeking benefits of Section 24 (2), the Following specific information must be given in them:-

- (i) The specific public purpose for which land has been acquired.
- (ii) The area which was notified under section 4 and declaration under section 6 and award under section 11.
- (iii) The planning on the land acquired duly depicted on the layout plan.
- (iv) Allotment of plots or creation of any 3rd party rights in the entire acquired area as well as the land of the petitioner.
- (v) The payment/tendering of the compensation to the land owners qua the claimed land and the entire acquired area or deposited in the Reference Court on bank account of LAC.

- (vi) Status of physical possession of the claimed land and the entire acquired land and
- (vii) Status of latest development works alongwith photographs.

This is issued with prior approval of ACSUE.

Memo No. 6845

Dated: 10.04.2015

Subject: Regarding **updation of CCTNS**-Review meeting dated 08.04.2015 held under the chairmanship of ACSTCP.

Please refer subject cited above.

Ld. ACSTCP has convened a meeting to review the Court cases and updation of CCTNS of HUDA and Urban Estates Department on 08.04.2015 at 12.00 Noon. As per the details shown in CCTNS of HUDA there are 3111 cases wherein reply has not been filed/and if filed the relevant column in CCTNS has not been updated.

It was observed that despite written instructions the Estate Officers while filing reply do not send a signed copy to the Legal Cell, HUDA (HQ) and also don't update the relevant columns of CCTNS resulting into non updation of CCTNS at their level as well as the level of Legal Cell, HUDA (HQ). It was decided that the Administrators as well the Estate Officers will depute the ADAs posted in their offices to initiate the process of updation of CCTNS year wise. For an instance, list of cases filed in the year 2014 be prepared mentioning the latest status i.e. date of filing of reply etc. and the same may be updated by 30.04.2015. The list so prepared by the field offices shall also be forwarded to Legal Cell HUDA (HQ) for monitoring and updation of CCTNS.

Since the Zonal Administrators HUDA have been given charge of Additional Director Estates, therefore, ACSTCP has desired that all the court cases pertaining to Urban Estates Department be entered in CCTNS after getting details from the concerned LAO. The updation of CCTNS in respect of court cases pertaining to Urban Estate Department also be initiated in year-wise manner.

This is for your information and meticulous compliance.

Dated: 05.08.2014

Subject : CWP No 28245 of 2013 titled as **Thaminder Singh Vs State of Haryana and others** decided on 10.01.2014-**Taking of preliminary objections.**

Refer on the subject cited above.

It is to inform you that the ibid writ petition was filed by the petitioner in the Hon'ble High Court challenging the demand of additional piece in the form of enhanced compensation for plot no.1469, measuring 138.60 square meters in Sector 25, Urban Estate, Panchkula. The Hon'ble High Court has disposed of the case vide order dated 10.01.2014 with the observations that:-

"The matter was earlier agitated by the Residents Welfare Society, Sector 26, Panchkula in CWP No. 1861 of 2011 which was disposed of by a Co-ordinate Bench vide order dated 04.10.2011 with a direction to bring transparency in the matter of determination of additional allotment price pursuant to those directions, HUDA, passed a speaking order dated 18.01.2012. It appears that the petitioner is dissatisfied with the above-stated order who thereafter submitted an exhaustive representation to the respondent- authorities on 15.07.2013(Annexure P-19).

A perusal of the representation would reveal that various disputed questions of fact have been raised by the petitioner. In the facts and circumstances, we deem it appropriate to dispose of this writ petition with a direction to respondent nos. 2 & 3 to consider the above mentioned representation of the petitioner and decide the same by passing a speaking order after affording opportunity of personal hearing to him. However, if the petitioner is still dissatisfied with the speaking order, we grant him liberty to approach the Civil Court but no writ petition shall be entertained on this issue."

The above judgment reveals that where disputed questions of fact is regarding the enhancement of price, no writ petition shall be entertained by the Hon'ble High Court rather the issue would be decided by Civil Court.

All the Administrators and Estate Officers are directed to take a preliminary objection while filing replies before High Court in such types of cases that petition involves disputed question of acts which cannot be adjudicated in writ jurisdiction and reference to the aforesaid orders may be made.

This is being issued with the approval of W/C.A., HUDA.

Memo No. 2763-74

Dated: 26.03.2014

Subject: (1) Counter reply to be filed in all the cases of CWP/CM applications being filed in the Hon'ble High Court and in Hon'ble Supreme Court by the petitioners claiming the benefit under Section 24 of the Right to Fair Compensation and Transparency in Land Acquisition Rehabilitation and Resettlement Act, 2013.

(2) Issuance of notifications u/s-6 of the Land Acquisition Act 1894, in which notification u/s-4 have been issued under the old Act of 1894 before 31.12.2013.

Please refer to the matters cited as subject above.

1. The new LARR Act 2013 has come into force w.e.f 1.1.2014. as you are aware that in this new Act, the most contentious provision is with regard to the applicability of Section 24. This is specifically in the context of the judgment of the Hon'ble Supreme Court dated 24.01.2014 in Civil Appeal No. 877/2014 titled as Pune Municipal Corporation & Anr. Vs Harakchand Misirimal Solanki & ors. And also the judgment dated 04.02.2014 in Civil Appeal No. 1971 of 2014 titled as Bharat Kumar Vs. State of Haryana.
2. The Department has received/ is receiving no. of CWPs/CM Applications being filed in Hon'ble High Court and Hon'ble Supreme Court in pending cases and the representation from the petitioners, claiming the benefit of section 24 (2) of the new LARR Act 2013 on the ground that they have not obtained the compensation and the physical possession of the land is with them. In this connection it has been noticed that in such type of matters your office is not filing any counter reply, which further strengthen the contention of the petitioners.
3. The matter has been examined at the Govt. level. It has been noticed that Section 24 (2) has a limited applicability only to the extent if the physical possession of the land in respect of the entire awards has not been taken or the compensation amount in respect of the entire awards has not been made. The provision of section 24 (2) does not operate in respect of individual land owners of part of the land forming part of an award because the provision relates to land acquisition proceedings in respect of entire land of an award. In this context, a copy of D.O dated 24.03.2014 of the Principal Secretary to Govt. Haryana, Department of Town and Country Planning and Urban Estate sent to Financial Commissioner Revenue, alongwith enclosures is enclosed herewith, in which the applicability of the above provisions has been clearly explained. You are, therefore, hereby instructed that in all the CWPs/CM applications filed by the petitioners claiming the benefit of Section 24(2) of the new LARR Act 2013, as explained in the D.O of PS, UE and its enclosures, a complete factual position pertaining to the land acquisition i.e. the total land notified u/s-4 and 6 and the land for which award has been made disbursed and possession given to HUDA vis-a-vis size of the land holding of the petitioner and the status of the disbursement of the award and possession of land may be given in the counter reply. The position of the land of the petitioner falling in the acquired land duly shown on the layout plan alongwith status of development be also explained in the counter reply. This instruction should be got noted from ADA and all concerned officials of your office.
4. The second issue relates to the issuance of notification u/s-6, wherein notification u/s-4 have been issued under the old Land Acquisition Act, 1894, on or before 31.12.2013. In this connection the copy of the note of the Law and Legislative Department dated 11.3.2014 enclosed with the enclosures of the D.O dated 24.03.2014 as referred in para 3 above, may be seen Law and Legislative Department has opined that *"to achieve the objective, a harmonious reading of the old Act and the new Act is required and under these circumstances the proceedings which has been initiated under the old Act shall continue till the stage of determination of compensation. Prior to the stage of determination of compensation, the provisions of the old Act should be*

applicable". Therefore, in view of this advice, further action for issuance of notification u/s-6 may be taken on all the cases in which notification u/s-4 under the old Land Acquisition Act 1894 have been issued on or before 31.12.2013.

Reference the interim order of Hon'ble High Court dated 04.07.2013 on the subject cited above (Copy enclosed).

The Hon'ble High Court has taken a serious view of non filing of replies etc. by HUDA promptly and has passed the ibid order dated 04.07.2013 in the following terms:-

“Reply filed on behalf of respondents No. 1 and 2 is taken on record.

A perusal of the record shows that four opportunities have already been granted to the respondents to file reply. There is absolutely no justification to grant further time to respondent-HUDA to file its reply. However, on persistent request made by its Counsel, one more but last opportunity is granted making it clear that henceforth if no reply is filed on behalf of HUDA on the first date of hearing, there shall be exemplary costs to be personally recoverable from the all the Class-I officer (s) who are responsible to run the helm of affairs.

HARYANA URBAN DEVELOPMENT AUTHORITY
OFFICE ORDER

Subject:- Office order to follow the instructions regarding **delegation of powers dated 07.08.2009** meticulously

It has been observed that the office order issued by the Chief Administrators HUDA vide Endst No. 5592-5622 dated 07.08.2009 is not being followed meticulously by the filed offices, therefore, the Zonal Administrators and the Estate Officers of HDUA in the State are hereby advised as under:-

1. It has been noticed that against the orders of District Consumer Forum etc, the concerned Estate Offices are filing appeals without legal examination and without referring the matter to the Zonal Administrator for advice, which practice is against ibid instructions .
2. It has been further observed that even the cases which are referred by the Estate Offices to the Zonal Administrator and / or to the Legal Cell HUDA HQ, the same are normally sent quite late/ after the expiry of limitation period and without complete record in the first instance leading to unnecessary delay in the examination. The filing of appeals etc. beyond limitation period many times leads to the dismissal of the same only on the ground of delay and no stay is granted even if the case is strong on merit. The financial loss occurs to the Authority in such cases by way of litigation expensed as well. Therefore, all the Estate Officers are advised to refer the matter to the Zonal Administrator, along with the complete relevant record with a copy of record to Legal Cell, HUDA H.Q within a week from the date of receipt of copy of order, failing which the concerned Estate Officer and his staff would be personally responsible for any adverse order due to delay and the financial loss occurred on account of losing the case.
3. It has also been noticed that in those cases where directions are issued to the Estate Offices to implement the orders of various Courts/ For a, are not being implemented timely leading to filing of COCPs and Executions causing adverse situations, legal complications and financial burden in shape of litigation expenses to the Authority. The Estate Officers are advised to implement the directives of H.Q. and send compliance report within 15 days from the date of receipt of the communication from H.Q., failing which financial loss including litigation expenses occurring due to filing of COCPs or Executions shall be recovered from the salary of erring officials.
4. The emails of Zonal Administrator and of Legal Cell, HUDA H.Q., are not being responded to promptly even after reminders. The Estate Officers are advised to check the emails personally on regular basis and ensure the timely reply / action required. This has the approval of Chief Administrator, HUDA Panchkula.

Memo No. 8771

Dated: 16.04.2012

Subject: Filing of written statements/replies and counters affidavits in the Hon'ble Punjab & Haryana High court/ Supreme Court-Urban Estate instructions.

It has been noticed that in number of writ petitions State of Haryana through Department Of Urban Estates is arrayed as party through cause of action is on the part of Haryana Urban Development Authority. Such cases relates to policies like oustees policy, levy of proportionate enhanced compensation on the plot holders, Allotment plots and other similar issues where the petitioners are aggrieved on actions/decisions of HUDA. Although, the Urban Estates Department is the Administrative Department for HUDA but none of these policy documents are routed through the Director General, Urban Estates Haryana but are directly taken up with the Administrative Secretary/Government. Therefore, the Department of Urban Estates has no comments to offer in such cases. It has been observed that in such cases, the CWP's are referred to Director General, Urban Estates Haryana for filing the reply on behalf on behalf of State of Haryana.

This matter has been examined and was submitted before the Financial Commissioner & Principal Secretary to Government of Haryana Urban Estates Department, who has desired that CA, HUDA should file the reply on behalf of the State, in cases where the petitioner are aggrieved by the decision of HUDA at various levels, after seeking the approval from the Administrative Secretary. It has been further observed that there is no such legal obstacle in filing reply by CA, HUDA on behalf of State of Haryana. It is therefore requested to take necessary action in the matter.

- 4.8 Home/ Administration of Justice Department will be the nodal agency to facilitate coordination and interaction between these Committees.

5. Prevention and Control of Avoidable Litigation

5.1 Setting up of Grievance Redressal System

A major cause of litigation is arbitrariness in decision making, and lack of proper response to representations made by employees and parties. In service matters, most of the cases relate to relief not being given as per rules, instructions and policy decisions. In other cases there may exist more than one policy. In majority of such cases coming to the Courts, the Courts give directions to pass speaking orders in a time bound manner. Before the matter reaches the Court, the affected party generally spends a lot of time and effort to redress its grievances through the normal administrative channel. In view of this all Departments shall set up effective grievance redressal Committees which would preempt a lot of unnecessary litigation.

- 5.1.1 It shall be mandatory for employees to seek redressal through this system, first, before going to the Courts.
- 5.1.2 A time limit of eight weeks may be fixed to decide a representation.
- 5.1.3 A Two tier structure will be set up. In the first tier each department shall have a grievance cell at the State Level. The second tier would be at the district level. All cases and issues, at the request of the aggrieved party, shall be reviewed to redress genuine grievances.
- 5.1.4 The department level grievance cell / committee shall be headed by the HOD, and shall meet on a monthly basis to review the efficiency of the grievance redressal system in the Department at the head quarters and field level. In case it is found that certain instructions by the CS or FD need to be reviewed, it shall refer the matter to the, as well as the Empowered Committee, so that decision on the same can be expedited. As the seniority matters are a major source of litigation, these shall be resolved by all departments expeditiously and seniority lists updated and printed/ published regularly.

5.2 Quick Action on Legal Notices/ Representation

- 5.2.1 As soon as Legal notice is served upon any department asking for a relief the same should be decided expeditiously in accordance with the relevant rules/ instructions and by passing a detailed speaking order.
- 5.2.2 Large number of cases comes before the Hon'ble High Court wherein grievances are that legal notice/ representations are not being decided or are delayed by the Government. Generally Hon'ble High Court directs Govt. to decide the representation within a specific time. If Govt. disposes of the notice at the first instance, it would reduce the burden of the Court.
- 5.3 In disciplinary matters while passing the orders in original jurisdiction or in appeals a detailed speaking order should be passed. Also the inquiry officer should follow all the procedures for conducting the inquiry so that no lapse occurs in the procedural part and orders are not set aside on that ground.
- 5.4 While deciding the cases relating to seniority of the employees, the decision should be taken strictly in accordance with the rules and it should be taken promptly so that interest of no employee is jeopardized due to delayed decision.

5.5 Covered Matters

A good number of cases are from the category of similar cases. Each Government Department will aim to consider and settle the claim a representational/ applicant employee/ citizen, if the claim is found covered by any decision of the Court. Many service matters of this nature, can be disposed of at the level of the department itself without compelling the litigant to come to the Court. In this manner, the Government Departments would be acting as efficient litigants.

- 5.5.1 In similar cases, departments shall endeavour to settle the issue as per post judicial proceedings formed in identical cases by different courts when attained finality to avoid multiplicity of same matters increasing rush of work in different courts.

5.6 Settlement of dispute through Alternative forums (Lok Adalat)

All pending disputes/cases litigation would be reviewed by the Department & District Policy implementation Committee with a view to settling them before the Lok Adalat/ Special Camp, in consultation with the legal Aid cell of Hon'ble High court. This exercise shall be carried out periodically, preferably every three months. Further, permanent Lok Adalats shall be set up to settle disputes in an ongoing manner.

- 5.6.1. Every department should authorize some officers with sufficient powers to take final decisions so that minor disputes pending in different Courts can be settled through Lok Adalats with active participation of such officers. Moreover not attending of Lok Adalat by an officer deputed to do so would straight away invite and the disciplinary proceedings.
- 5.6.2. State empowered Committee And the Litigation Policy Implementation Committee would look into the ways and means for maximizing case/dispute disposal through Fast Track Courts, Gram Nyayalas, Evening Courts, Family Courts etc.

5.7 Guidelines regarding filing of Appeals

No Appeal at any level is to be filed without full application of mind to the order/judgment at hand.

5.7.1 Appeals will not be filed in cases where insignificant amounts are involved and when no question of Law is involved.

5.7.2 Principles governing filing of Appeals.

- (A) Appeals will not be filed against *ex parte* adinterim orders. Attempt must first be to have the order vacated. An appeal must be filed against an order only if the order is not vacated and the continuation of such order causes prejudice.
- (B) Appeals must be filed intra court in the first instance. Direct appeals to the Supreme Court must not be resorted to except in extraordinary cases.
- (C) Given that Tribunalisation is meant to remove the loads from Courts, challenge to orders of Tribunals should be an exception and not a matter of routine.
- (D) In Service Matters, no appeal will be filed in cases where:
 - (a) The matter pertains to an individual grievance without any major repercussion;
 - (b) The matter pertains to a case of pension or retirement benefits without involving any principle and without setting any precedent or financial implications.
- (E) Further, proceedings will not be filed in service matters merely because the order of the Administrative Tribunal affects a number of employees. Appeals will not be filed to espouse the cause of one section of employee against another.
- (F) Proceedings will be filed challenging orders of Administrative Tribunals only if:
 - (a) There is a clear error of record and the findings has been entered against the Government.
 - (b) The judgement of the Tribunal is contrary to service rule or its interpretation by a High Court or the Supreme Court.
 - (c) The judgment would impact the working of the administration in terms of morale of the service, the Government is compelled to file a petition; or
 - (d) If the judgment will have recurring implications upon other cadres or if the judgment involves huge financial claims being made.
- (G) **Appeals in Revenue matters will not be filed:**
 - (a) if the stakes are not high and are less than that amount to be fixed by the Revenue Authorities;
 - (b) If the matter is covered by a series of judgement of the Tribunal or of the High Courts which have held the field and which have not been challenged in the Supreme Court;
 - (c) Where the assesses has acted in accordance with long standing industry practice;
 - (d) merely because of change of opinion on the part of jurisdictional officers.
- (H) **Appeals will not be filed in the Supreme Court unless:**
 - (a) the case involves a question of law;
 - (b) If it is a question of fact, the conclusion of the fact is so perverse that an honest judicial opinion could not have arrived at that conclusion;
 - (c) Where public finances are adversely affected;
 - (d) Where there is substantial interference with public justice;
 - (e) Where there is a question of law arising under the Constitution;
 - (f) Where the High Court has exceeded its jurisdiction;
 - (g) Where the High Court has struck down a statutory provision as ultra vires;
 - (h) Where the interpretation of the High Court is plainly erroneous.

- (I) In each case, there will be a proper certification of the need to file an appeal. Such certification will contain brief but cogent reasons in support. At the same time, reasons will also be recorded as to why it was not considered fit or proper to file an appeal.

6. Decision Mechanism for filing of Appeals.

- 6.1 The LR and Advocate General offices shall mention substantial question of law involved in the cases, while giving their opinion to file further appeal as according to the Article 133 of the Constitution and provisions contained in the Code of Civil Procedure Appeal before the Hon'ble High Court and Supreme Court lies only if substantial question of law is involved and not on facts of the case. The instruction issued in this regard shall be strictly followed.
- 6.2 The government may not file appeal which lack substantial question of law particularly where two learned subordinate Courts have recorded concrete findings of fact or where no evidence had been led on behalf of the Government or where the amount is not of substance, however, the government may prefer appeal against the judgement and decrees passed by the learned Courts below before the Hon'ble High Court or the Hon'ble Apex Court where substantial question of law in any manner is involved, which requires adjudication by the Hon'ble Court.
- 6.3 Decision to file or not to file appeal takes a long time, and is invariably non speaking. The reasons for the same are not given by the concerned departments. There is need to evolve an objective proforma, which needs to elaborate the issues involved, financial implications, policy implications etc. Final decision in this matter shall be taken by the Secretary of the Department, in consultation with Advocate General, but the reasons for filing/not filing must be given. This shall bring transparency, efficiency and cut down delays.

7. Land Acquisition Cases:

- 7.1 With the objection of reducing litigation connected with Land Acquisition compensation, Govt. have introduced "No Litigation" Incentive" vide its Revised Floor Rate Policy for acquisition of Land notified on 9.11.2010. It has been decided to pay an additional amount equal to 20% of the basic rate of land determined by the Land Acquisition Collector (excluding the interest and the Solatium components as an incentive for 'No Litigation' to such of the landowners who opt (a) not to challenge the acquisition of their land, and (b) to accept the compensation amount as awarded and undertake not to seek a reference under Section 18 of the Act qua the amount of compensation. This incentive would still be available in cases where a reference is sought with respect to other issues i.e. (a) the measurement of land, (b) the persons to whom it is payable, or (c) the apportionment of the compensation among the persons interested. This measure is expected to have positive impact on decreasing litigation of this category. This will be duly monitored by the Committees set up under this Policy.
- 7.2 In cases where an appeal is sought to be filed in Hon'ble High Court against compensation enhancement by the Reference Court for land acquired by State Govt. for one of its undertaking agencies like HUDA, HSIIDC, HSAMB etc., the Administrative Department will ensure that the appeal is filed by the State only and that under no circumstances, is there duplication with the concerned agency also filing an appeal. There can not be any divergence of interest between the State and its Agency in such cases.

8. Public Interest Litigation:

Where the State Government receive notices regarding Public Interest Litigation, the Government, even before filing of the written statement/ response, if it is required to do or to take some immediate steps to do the needful as per the averments in the writ petition, then the Government must take all remedial measures to do the needful and then status report may be filed along with the response on the first date of hearing. It would save the time of the government as well as of the Hon'ble Courts.

9. Control and Management of Litigation:

- 9.1 Every department of the Government shall have one senior Administrative Officer with legal background who shall be designated as Legal Nodal Officer. He will be responsible for proactive Management

of the Court cases and constant monitoring of the proceedings of the Court cases. He will ensure that there is no delay on the part of the department while conducting the cases in different Courts. The Nodal Officer would have an adequate staff. The Nodal Officer will be assisted by legal officers (ADA/ DDA/DA) on deputation to the Department. He shall also undergo suitable training for capacity building in the sphere of litigation management.

9.2 Pleadings & Counters:

Suits or other proceedings initiated by or on behalf of Government have to be drafted with precision and clarity. There would be no repetition either in narration of facts or in the ground.

- (A) Suits or other proceedings initiated by or on behalf of Government have to be drafted with precision and clarity. There should be no repetition either in narration of facts or in the grounds.
- (B) Appeals will be drafted with particular attention to the Synopsis and List of Dates which will carefully crystallize the facts in dispute and the issues involved. Slipshod and loose drafting will be taken serious note of. Nodal officers shall exercise control in this regard.
- (C) Care must be taken to include all necessary and relevant documents in the appeal paper book. If the court adversely comments on this, the matter will be enquired into by the Nodal Officer.
- (D) Effort will be made in time bound manner, to formulate and circulate Special formats for Civil Appeals, Special Leave Petitions, Counter Affidavits etc. by way of guidance and instruction as a Manual. This will include not only contents but also the format, design, font size, quality of paper, printing, binding and presentation. It will be the joint responsibility of the Drafting Counsel and the Law Officer/ Advocate on Record to ensure compliance.
- (E) Counter Affidavits in important cases will not be filed unless the same are shown to and vetted by Law Officers. This should, however, not delay the filing of counters.

9.2.1. In cases where State is a party through Administrative Secretary and in which issue(s) of (a) Policy (b) inter departmental or inter State (c) connected with specific directions of the Court are involved the Administrative Secretary himself approve the reply/affidavit.

9.2.2. It shall be ensured by the Nodal Officer/Legal Officers of the Department that there is no contradiction in the replies or any submission filed by Government respondents who may be filing replies separately.

9.2.3. The replies shall be signed and filed by officers at appropriate levels. It shall not be below Deputy Secretary/Joint Secretary; Joint Director/HCS officer as the case may be in respect of Government or Department or District Administration respectively.

9.3 Limitation- Delays Appeals

Good cases are often lost because appeals are filed well beyond the period of limitation and without any proposer explanation for the delay or without a proper application for condonation of delay. It is recognized that such delays are not always bonafide particularly in case where high revenue stakes are involved.

9.3.1 Each Head of Department will be required to call for details of cases filed on behalf of the Department and to maintain a record of cases which have been dismissed on the ground of delay. The Nodal Officers must submit a report in every individual case to the Head of Department explaining all the reasons for such delay and identifying the persons/ causes responsible. Every such case will be investigated and if it is found that the delay was not bonafide, appropriate action must be taken. Action will be such that it operates as a deterrent for unsatisfactory work and malpractices in the conduct of Government litigation. For this purpose, obtaining of the data and fixing of responsibility will play a vital role. Data must be obtained on a regular basis annually, monthly or quarterly.

9.3.2 Applications for condonation of delay are presently drafted in routine terms without application of mind. This practice must immediately stop. It is responsibility of the drafting counsel to carefully draft an application for condonation of delay, identifying the areas of delay and identifying the causes with particularity.

9.3.3 Every attempt must be made to reduce delays in filling appeals/ applications. It shall be responsibility of each Head of Department to work out an appropriate system for elimination of delays and ensure its implementation.

9.3.4 The question of limitation and delay must be approached on the premise that every court will be strict with regard to condonation of delay.

10. IT based decision support & monitoring system for Litigation Management

10.1 In view of the excessively large number of cases and their numerous categories, there is need for extensive qualitative and qualitative monitoring of these cases. To monitor these cases and take timely decisions, it is essential that a comprehensive computerized database of these cases is created and maintained at all levels i.e district, High Court and Supreme Court. This will enable the Advocate General Office as well as the Secretaries/ Head of Departments and Nodal officers to easily keep track of the cases filed, the issues involved, and the importance/ urgency.

10.2 The database/ software shall be so designed that all the necessary particulars about the cases, including important documents/ images are uploaded, so that the officers monitoring the case may get complete idea about the case through the site. The judgment of the case and grounds of appeal / LR's opinion shall also be part of the database to facilitate decision making in appeal matters and eliminate delays.

10.3 The State Level computerization shall be initiated immediately and made fully functional within six months and the District level computerization within one year.

10.4 IT bases Legal Resource Base

10.4.1 There is need to facilitate online and offline access to case laws and relevant Acts, Book etc. To help the departments and their counsels prepare their cases. For this purpose, online access to computerized databases shall provided through suitable arrangement/ service provider.

The officers/ officials of the different departments of the Government will be imparted legal training by conducting appropriate training programmes regarding the Court procedure. Basic knowledge of computers and internet will be imparted mandatory for legal officers.

12. Proper Representation

12.1 It has also been experienced that many a time no body from the Government department comes present in the Court to attend the Court proceedings and the Department remains unaware about the Court order. Further, relevant official record would not be available for the assistance of the Government Counsel representing the State in the Court. This practice must be stopped immediately. The concerned officer/ official is also required to submit a detailed report of the Court proceedings regularly to this higher authorities.

12.2 Law officer will ensure that the cases are duly represented on behalf of State of Haryana before the Hon'ble Court and also that there is no procedural lapse regarding submission of process fee and issuance of notice etc.

13. Avoiding Adjournments

Adjournments on behalf of State shall be minimized and pleadings completed as far as possible on first available date. This shall be overseen by responsible and accountable authority. Prevailing practice of seeking adjournment on first date of hearing despite the department concerned having been duly served months earlier, must be stopped immediately and responsibility be fixed by taking suitable remedial action against the erring officials. In case of any direction given by the Court which could be complied with even before the filing the response / written statement, then such directions should be complied with forthwith. The response/ written statement must be filed within the period stipulated in the order/ notice issued by the Hon'ble Court. Earned efforts be made that adjournments are avoided under all circumstances. IT solutions will bring out periodical report for all concerned authorities reminding them about due dates for passing orders/ filing replies.

MIS Reports shall be prescribed which will give overview of litigations every month.
- 14.2 Cases will be grouped and categorized. The practice of grouping should be introduced whereby cases should be introduced whereby cases should be assigned a particular number of identities according to the subject and statute involved. In fact, further sub grouping will also be attempted. To facilitate this process, standard forms must be devised which lawyers have to fill up at the time of filing of cases. Panels will be set up to implement categorization, review such cases to identify cases which can be withdrawn. These include cases which are covered by decisions of courts and cases which are found without merit withdrawn. This must be done in a time bound fashion.
- 14.3 About 60,000 writ petitions are pending in the High Court to which the State is party. Many of such petitions may have become infructuous. The State shall review all such cases and wherever the cases have become infructuous or covered or involve short points, the Registrar of the High Court may be informed so that such cases can be expeditiously disposed of.

15. Litigation at Apex Level

- 15.1 While Advocate General shall be responsible for defence of cases in the High Court; he shall also be responsible for defence of cases at National level. 16. District Level Litigation

The District level litigation, in which, State Government is a party is mainly in respect of criminal cases. There is need to streamline the system of defence of cases, production of record, evidence, witnesses etc. There is need to monitor availability of official witnesses, and nodal agency shall be appointed at the District level and the State level to monitor availability of official witnesses. The District Attorney shall collect list of official witnesses to be examined in next one month in different courts in the District and ensure that either the official witness appears in person or the witness is

available for recording of evidence by way of video conferencing at any other District Court in the State with prior intimation to the District Judge of the place where he is to be available(The District Judges shall be intimated about the procedure to be followed in this direction by the Hon'ble High Court). The evidence of official shall be preferably recorded by video conference to avoid delay.

The State Nodal Agency will review the working of District Nodal Agencies so that there is no default in the availability of official witnesses for evidence on dates planned in advance. In such a situation the changed date may be intimated to the District Judge who may re-schedule the recording of the evidence accordingly and confirm the revised schedule to the Nodal Agency. 17. Coordination with the courts.

The Empowered Committee shall regularly interact and get feedback from Hon'ble High Court to improve System, and infrastructure thereby accelerating disposal of cases. The Hon'ble High Court may be requested to make e-filing of cases/ replies and documents mandatory. It will help in expeditious disposal of cases because most of the time, Department are not able to file replies in the absence of copies of Writ Petitions, Application, Interim Orders etc Since all the documents being filed in the Hon'ble High Court / Supreme Court are necessarily typed on computers, making e-filing mandatory shall not be much of a problem. In view of such a situation, cases of overlapping jurisdiction/areas shall be resolved by the Empowered Committee. The Committee shall have the powers to resolve inter-se disputes between the departments. The government may frame guidelines, to be followed by such committee.

19. Amendment to Policy

The State Litigation Policy should be responsive to the changing requirements of the litigation system and its various constituents like Judiciary, Govt and the Public. The State Level Empowered Committee shall consider reasonable suggestions/ proposals for amendment to the policy as may be received from stakeholders in the litigation system at various levels with the objective of achieving of objectives of the Policy more effectively. Memo No/21/2/2011-4GSIII

Dated Chandigarh, the 20.05.2011

Subject:-Implementation of State Litigation Policy, 2010

Sir

I am directed to invite your attention to contents of the Haryana State Litigation policy -2010 issued by the department of Administration of Justice, which require setting up of Department Level Policy implementation Committee (Para 4.4), District Level Policy implementing Committee (Para 4.5) Grievance Redressed system (Para 5.1) appointment of one Administrative Officer with legal background who shall be designated as Legal Nodal Officer (Para 9.1), District Level and State Nodal Agency (Para 16) and Dispute Settlement Committee (Para 18).

As directed by the Chief Minister in the meeting of Administrative Secretaries, you are requested to intimate the action taken in implementing the Haryana state Litigating Policy and also confirm the setting up of various committees in your department to the Financial Commissioner and Principal Secretary to Government Haryana, Administration of Justice Department within a period of 15 days positively. Compliance report may also be submitted to Principal Secretary to Chief Minister for placing it before Chief Minister.

Necessary steps should also be taken to apprise the employees as well as officials/officers about the contents of the State Litigation Policy while bringing to their notice that it shall be mandatory for the employees to seek redressal through Grievance Redressed System before approaching the courts. After the contents of the Haryana State Litigation Policy are brought to the notice of all the employees therefore, if any case is filed against the State Government seeking relief without availing the redressal under the Grievance Redressal System, the department while defending the case should take a plea before the court that the employee concerned has not sought the redressal as per the State Litigation Policy and straight away approached the court. This would not only reduce litigation but also have it simpler and easy for the employee to get relief.

It is again emphasized that the provisions of State Litigation Policy 2010 should be strictly adhered to and committees be framed to reduce the litigation.

OFFICE ORDER

Subject: Office order regarding **delegation of powers** exercised by C.A, HUDA **to the Zonal Administrators** in addition to the powers already exercised by them.

During the last two years or so, the work relating to Court Cases has been streamlined and computerization by way of E-mail and CCTS has also been introduced. The O/o Zonal Administrators and the Estate Officers have been sensitized to take up the legal cases on priority basis and in time. The working has almost attained perfection and there is no startling situation in any court case presently. The time is ripe for delegation of powers to the Zonal Administrators as it will be conducive for swift action required to be taken in Court Cases pertaining to the Hon'ble Supreme Court, Hon'ble High Court and Hon'ble NCDRC.

Hence, it has been decided to delegate the following powers exercised by the Chief Administrator, HUDA to the Zonal Administrators in addition to the powers already exercised by them. :-

1. To **engage counsel** on receipt of notice from the Hon'ble Supreme Court, Hon'ble High Court and Hon'ble NCDRC etc. from the list of Advocates **approved by** the HUDA (HQ). They shall clear the **fee bills** of the counsels as per the **terms and conditions** applicable from time to time.

They shall ensure while contesting the cases that the **basic HUDA policies** are not affected and **important judgments** hosted on the HUDA web-site are quoted invariably.
3. If the Zonal Administrators are of the view that the **case is not fit to contest**, they shall refer the matter to the Legal Cell (HQ) with **their specific recommendation and complete record** for final decision at the earliest to **avoid any possible delay** in filing Written Statement or in the redressal of the petitioners' grievance, as the case may be.
4. On **receipt** of a copy of the **Order** from the Hon'ble Supreme Court, Hon'ble High Court, Hon'ble NCDRC and SCDRC etc., the Zonal Administrators shall **file appeal, revision, review etc.** at their own level within the **limitation** period by **engaging a counsel** under intimation to Legal Cell (HQ) immediately with a copy of appeal etc. However, if they feel that the Judgment/Order of the *ibid* Courts **or** any other subordinate Court **should be implemented**, they **shall refer** the matter to the Legal Cell (HQ) with **their specific recommendations and complete record** for final decision at the earliest to **avoid any possible delay** in the implementation of the Court Order or in the filing of Appeal/Revision etc., if so decided, except in those cases where the financial liability is **up to Rs.25000/-** and the **policy of HUDA** is not affected.
5. The Zonal Administrators shall meticulously **update CCTS** as per the instructions circulated vide this office letter **memo No.9753-9822 dated 21.10.2008** issued in this regard and continue to send the Legal returns i.e **L1 to L7 and D1** to the Legal Cell (HQ) without delay as stipulated in **memo. No. DA-HUDA(HQ)-08/5653-5700 dated 29.05.2008**.
6. In **Contempt of Court Petitions** wherein **FCTCP/Chief Administrator, HUDA** is a party, the **Counsel** shall be **nominated** by Chief Administrator and the **reply** thereof shall be filed after the **approval of C.A.** and the appropriate action shall be taken against the **guilty officers** due to whose **negligence** the Contempt Petition has taken place.
7. The **Cost imposed** by the Courts, if any, shall be recovered from the **pocket of erring officials /officers**. Similarly, the **cost of proceedings** shall be recovered from such **officials / officers** due to whose negligence the **non-serious/frivolous litigation** has taken place.

8. All such officials/officers **shall be** liable to be charge sheeted for major penalty under the relevant service Rules who will be found guilty of not defending or prosecuting the court cases properly.
9. The Zonal Administrators **shall** file complaints against HUDA Counsels in District Consumer Disputes Redressal Forum whenever they are found deficient in service so as to recover the loss suffered by HUDA as well as compensation etc. They **shall also** refer the matter to the legal cell (HQ) recommending the deletion of the name of the erring Counsel from the panel of HUDA.

Reference the instructions issued to all the Advocates on HUDA panel vide **memo No.LR-AEO-08/2008 dated 07.01.2008**.

Para No.2 of the ibid instructions mentions that:

“The counsel shall attend all hearings meticulously and keep track of various adjournments himself. He shall inform the progress of the case of each date in Annexure ‘I’ through E-mail either the same of at the best on next day to controlling authorities with a copy to Legal Cell (HQ)”.

1. Now the Addl. Director of Prosecution, Haryana Legal Cell, Haryana Bhawan, New Delhi has reiterated Order dated 03.08.2006 issued by the Government in Administrator of Justice Department which enjoins that:
“At the end of the day, they (Addl. Advocate General) will prepare a brief report in respect of each matter in which they appeared for the state on that day or, in which they accepted notice or order of the High Court. This report will be sent by them by name to the concerned Administrative Secretary and Head of Department the same evening indicating what further action is required to be taken on the basis of proceedings/order of the Court.”
2. It is clear from the terms and conditions settled by HUDA and the Govt. of Haryana that the conducting Advocate is required to give the progress report/next date of the case the same evening to HUDA in Annexure ‘A-I’ for necessary action and record.
3. However, it has been observed that the ibid instructions are not being followed meticulously by the HUDA Counsels. Therefore, all the Counsels on the panel of HUDA are requested to provide a list of all the Court cases entrusted to them, whether pending or disposed off, with details for record.
4. They are further requested to send daily report without fail in the prescribed proforma as the same is mandatory in view of the terms and conditions dated 07.01.2008 supra which mentions in **point-12** that if the counsel violates any terms and condition of the engagement, his fee may be forfeited besides removing his name from the panel of HUDA.
5. The letter may be acknowledged.

SPEAKING ORDER

Subject: A. Example of a **good Speaking Orders** passed in case of **Oustees Quota Plot**.
 B. **Model Reply/Written Statement** filed on behalf of HUDA.

This Speaking Order is being passed in compliance of order dated 03.02.2009 passed by Hon'ble Punjab and Haryana High Court in CWP No.1725 of 2009 titled Om Parkash and others Vs. HUDA and another. Order of the Hon'ble High Court is as under.

“Having heard Learned Counsel for the Petitioners and without going into merits of their claim, I deem it appropriate to dispose of this writ petition with a direction to the Estate Officer, HUDA at Karnal to consider the petitioners’ representation dated 15.05.2008 in terms of the judgment of this Court in the case of Mohan & Ors (supra) and dispose of the same by passing a reasoned order within a period of two months from the date of receipt of a certified copy of this order. Needless to say that in case the Estate Officer finds that the petitioners are entitled to the refund of compound interest, the needful shall be done within a period of one month thereafter”.

Hence in view of the direction, the case of the petitioners was to be decided within a period of two months from the date of receipt of a certified copy of the order. Copy of the said order was received by this office on 16.02.2009.

Before proceeding to decide the case of the each petitioner, it would be appropriate to divulge the circumstances under which HUDA was compelled to charge compound interest from its allottees.

HUDA charges interest on due payments from its allottees as per Rules and Regulations, instructions amended from time to time. It was noticed that due to higher rate of interest paid by the Banks or due to other considerations, the allottees preferred not to deposit outstanding amount within stipulated period. This practice resulted into huge outstanding against the allottees. Hence, it was decided vide policy letter dated 19.09.1985 that compound interest may be charged from the allottees on outstanding payments. However, rate of interest were slashed by the Banks in due course of time and it was decided that the allottees shall be liable to pay simple interest at stipulated rates on all types of outstanding dues w.e.f. 01.09.2000. Hence the allottees are liable to pay interest as per amended Regulation/instructions.

Moreover, the allottees are willing to avail benefit of simple interest as per instructions dated 22.09.2000 but they are not ready to pay compound interest as per instructions dated 19.09.1985. This view of the allottees is not justified that any thing beneficial to them based on instructions, they are ready to accept but anything which is against their interest, they are not ready to accept them. Whereas charging of compound interest or simple interest depends upon the circumstances and policies prevailing at the relevant time.

Moreover, the decision taken by the HUDA to charge compound interest finds justification in the judgment passed by Hon'ble Supreme Court of India titled S.M.S. Sandhu Vs. Chandigarh Administrator and others, AIR 2003 SC 1138 in which the Hon'ble Apex Court held as under:-

“Capital of Punjab (Development and Regulation Act (27 of 1952) Ss. 3,22 Chandigarh Leasehold of sites and building rules(1973), R-112(3)-Allotment of sites-delay in payment of installments-interest-rate increased subsequent to transaction in question-Applicability-Appellant-allottee enjoining site for a decade by paying only ¼ of the price has constructed building complete and was earning rental income.

Levy of interest at amended rate of 24% on the delayed payments from date of amendment not interfered with time, however, granted time to appellant to make payment of balance of interest amount”.

Hence, HUDA is justified in charging interest as per its instructions framed/amended from time to time.

However, in view of the direction of the Hon'ble High Court in CWP No.3737 of 2007 titled as Mohan Dass and others Vs. HUDA to decide the case of each petitioner in the light of Gian Inder Sharma's case.

I have gone through all the relevant documents. It is pertinent to mention here that in all the allotment/re-allotment letters of petitioners, it is clearly mentioned as under:-

“Your application has been considered and a residential plot/building as detailed below has been allotted to

you on the free hold basis as per the following terms and conditions and subject to the provisions of Haryana Urban Development Authority, Act 1977 (herein after referred to as the act) and the rules /regulations applicable these under and as amended from time to time”.

Hence, the allottee/petitioner are liable to pay interest as per the instructions framed from time to time.

The petitioner in the present CWP have prayed to issue a writ in the nature of mandamus for directions to respondents for issuance of directions to the respondents to refund the excess amount paid by the petitioner on account of compound interest as per their demand on the outstanding dues against the allotment of commercial plot in Urban Estate, Karnal and the petitioner has also prayed for issuance of direction to the respondents to decide the representation dated 15.05.2008 which is still pending from consideration by the respondents. The decision of the Hon’ble High Court in Gian Inder Sharma’s case is restricted towards payment of interest on enhanced compensation only. The issue of payment of interest on delayed payment was not raised and considered in Gian Inder Sharma’s case. Hence, it would be appropriate to decide case of petitioners regarding payment of interest on enhanced compensation in view of the Gian Inder Sharma’s case as per directions of Hon’ble High Court.

It has been brought to my knowledge by the dealing officials that out of 2 petitioners, petitioner No.1 is the allottee and another is re-allottee of the plots. Detail of both the plots is mentioned in the Annexure-A attached herewith.

The petitioner No.1 is bound by the terms and conditions of the allotment letter and the petitioner No.2 has tendered undertaking before re-allotment of the plot in the form of affidavit as under:-

“That I accept terms and conditions relating to the allotment of plot and of incidental open space, if any, and shall abide by the provisions of Haryana Urban Development Authority Act 1977 and Rules/Regulations applicable thereunder and amended from time to time”.

Hence, the plots have been allotted, re-allotted and the undertaking given by the above mentioned petitioners/allottee/re-allottee is a contract with HUDA. Now, the petitioner can not be go back from the terms and conditions of the allotment letter and undertaking given in the shape of affidavit. Although it has been mentioned in the allotment letter/re-allotment letter that simple interest will be charged. But no payment has been made on account of enhanced compensation after allotment/re-allotment except petitioner No.1 whereas the payment of enhanced compensation was made by Gian Inder Sharma himself in his case. Hence the case of the petitioner No.2 is distinct from Gian Inder Sharma as mentioned above. It is made clear that simple interest has been charged from the petitioner No.1 w.e.f. 01.09.2000.

The facts mentioned above make the cases of the allottee/petitioners distinct from Gian Inder Sharma’s case. Moreover, proposition of law is different with the facts of each case as well as judicial pronouncements by various courts from time to time. The Hon’ble Apex Court in the SLP No.12084, 12085, 12167, 12168, 12169, 12170 of 2004 arising out of CWP No.2099, 10422, 6280 of 2003, 19098, 18344, 19099 of 2002 has ordered as under:-

“The question arising in these cases is as to what is the rate of interest to be paid by the respondents for delayed payment to the petitioner-HUDA. We make it clear that the respondents are liable to pay compound interest@ 10% p.a. in these cases. We further make it clear that this direction is only confined to these cases. In other cases, HUDA would be at liberty to charge interest on the defaulting parties in accordance with law. The special leave petitions are disposed of accordingly. No costs”

Hence, the Hon’ble Apex Court has decided on 09.07.2007 that HUDA can charge compound interest in case of delay.

It is pertinent to mention here that the Civil Writ Petition No.3737 of 2007 titled Mohan Dass and others Vs. HUDA as well as present writ petition No.1725 of 2009 titled Om Parkash and another Vs. HUDA and another were decided by the Hon’ble Court before the written statement could be filed in both these cases.

HUDA has already formulated a policy dated 22.09.2000 to charge simple interest on outstanding amount w.e.f. 01.09.2000 and the simple interest @ 15% is already being charged on enhanced compensation. Although in view of detailed submissions made above I am of the considered view that HUDA is entitled to charge compound interest from the allottees. In the case of present petitioners (Om Parkash and Vijay Kumar, Sneh Lata), there is inordinate delay in payment of enhanced compensation and these case are squarely covered by the judgment passed

by the Hon'ble Apex Court mentioned above. Moreover the petitioner No.1 has not deposited the entire amount of enhanced compensation till today. However, in view of the directions of Hon'ble High Court it is decided that simple interest @ 15% on enhanced compensation will be charged w.e.f. 01.09.2000, whereas, the petitioners are not found entitled for the relief in view of the submissions made above.

It is pertinent to mention here that the petitioner No.2 has already filed a CWP No.19474 of 2006 titled as Arvind Kumar and others Vs. HUDA and another and the said CWP was decided vide order dated 8.12.2006 and in the compliance of said order a speaking order was passed by the then Estate Officer, HUDA, Karnal vide order dated 03.04.2007 and thereafter, the petitioner No.1 preferred a Civil Misc vide No.7052 of 2008 in the aforesaid CWP which has already been dismissed by the Hon'ble High Court on 09.01.2009 with the following orders:-

“After hearing the learned counsel for the applicant and perusing the averments made in the application, we are of the view that there is no ground to accept the prayer made in the application. Accordingly, the same is dismissed”.

Moreover, the Hon'ble Supreme Court in case titled HUDA Vs. Raj Singh Rana, AIR 2008, 3035 has held that the petitioner can not be exempted from payment of penal and compound interest which are part of the bilateral contract and also keeping in view the inordinate delay and repeated defaults by him towards payment of the installments/enhanced compensation. On the basis of said citation, the Hon'ble High Court has decided the CWP No.17573 of 2007 titled as Sanjay Gupta Vs. HUDA and CWP No.17576 of 2007 titled as Sudha Singal Vs. HUDA vide order dated 19.02.2009.

Hence the petitioners are not found entitled for the relief in view, of the submissions made above. The representation dated 15.05.2008 of the petitioner is disposed off accordingly.

**BEFORE THE LEARNED DISTRICT CONSUMER DISPUTES REDRESSAL FORUM,
PANCHKULA**

Sudesh Kharbanda & others Vs. HUDA and another

In Re: Execution No. 19 of 2008

Application for taking up of the Execution Application for today and for dismissal of the same and for recalling, of the bailable warrants issued against the Chief Administrator, HUDA, Panchkula.

RESPECTFULLY SHOWETH:-

1. That the above mentioned execution application is pending before this Ld. Forum and is fixed for further proceedings for 20.06.2008.
2. That the execution was fixed for 19.05.2008 and notice under Section 27 had been issued against the Chief Administrator, HUDA, Panchkula and Estate Officer, HUDA, Panchkula. Thereafter, bailable warrants have been issued against the Chief Administrator HUDA, Panchkula and Estate Officer, HUDA, Panchkula for 20.06.2008.
3. That the order of the Ld. Consumer 'Forum issuing bailable warrants against the Chief Administrator, Panchkula on 19.05.2008 returnable for 20.06.2008, is not maintainable in the eyes of law. The Ed. Forum has erred in law by issuing bailable warrants against the Chief Administrator, HUDA, Panchkula without even arriving at a conclusion that prima facie any offence has been committed by the Chief Administrator.
4. That the order of the Ld. Forum dated 19.05.2008 is not sustainable in the eyes of law and is in contravention with the provisions of Section 24 of the Consumer Protection Act, Section 24 is being reproduced hereunder for the kind perusal of this Hon'ble Court:-

"Finality of Orders- Every order of a District Forum, State Commission or the National Commission shall, if no appeal has been preferred against such order under the provisions of this Act, be final."
5. That a bare perusal of Section 24 makes it amply clear that the order of the District Forum attains finality if no appeal is preferred against the said order. However, if an appeal is filed against the order of the Ld. District Forum, in that eventuality the order of the Ld. District Forum does not become final.
6. That it is a settled law that execution can be filed only of the final order.
7. That it is submitted, that in the present case the HUDA has preferred an appeal before the Hon'ble State Commission, Haryana which is now fixed for 20.11.2008.
8. That it is also extremely relevant to note, that the complainant has also filed a cross appeal before the Hon'ble State Commission, Haryana meaning thereby that the complainant is also not satisfied with the orders of the Hon'ble District Forum and therefore, the order of District Forum has not attained finality even from the point of view of the complainant.
9. That as per the provisions of Section 24 of the Consumer Protection Act, since the orders of the Ld. District Consumer Forum has not attained finality, the execution filed by the complainant is premature and not maintainable.
10. That since the execution is premature and not maintainable, therefore, the subsequent proceedings in the execution are also null and void and need to be dropped immediately.
11. That a single application has been filed for taking action against the opposite party under Section 25 which provides for civil action and under Section 27 which provides for criminal liability. A single application praying for civil and criminal liabilities is not maintainable in the eyes of law.
12. That moreover, the action of the Ld. District Consumer Forum under Section 27 of the Consumer Protection Act, 1986 of issuing notice and subsequently bailable warrants against the Chief Administrator HUDA, Panchkula is not sustainable in the eyes of law to the extent that Section 27(2) of the Act provides, that the District Forum shall have the power of Judicial Magistrate of the First Class for the Trial of offences under this Act upon conferment of powers. Section 27 (2) of the Act is being reproduced hereunder for the kind perusal of this Hon'ble Forum:-

“Notwithstanding anything contained in the Code of Criminal Procedure, 1973 (2 of 1974), the District Forum or the State Commission or the National Commission, as the case may be, shall have the power of a Judicial Magistrate of the First Class for the trial of offences under this Act, and on such conferment of powers, the District Forum or the State Commission or the National Commission, as the case may be, on whom the powers are so conferred, shall be deemed to be a Judicial Magistrate of the First Class for the purpose of the Code of Criminal Procedure, 1973 (2 of 1974).”

It is submitted that a bare perusal of this provision makes it clear that the power of Judicial Magistrate First Class is to be conferred upon the District Forum. It is extremely relevant to note that the Hon'ble High Court is the only authority under the provisions of Criminal Procedure Code, 1973 who can confer the power of Judicial Magistrate First Class upon the District Forum. It is submitted that no such power has been conferred by the Hon'ble Punjab & Haryana High Court upon the District Consumer Disputes Redressal Forum, Panchkula till date.

As far as the proviso clause is concerned i.e. “Notwithstanding anything contained in Code of Criminal Procedure, 1973 (2 of 1974)” is concerned, it is submitted that the same has been inserted in the Section on account of the fact that under the Criminal Procedure Code, the power of Judicial Magistrate can be conferred by the Hon'ble High Court only on any Member of the judicial service of the State functioning as a Judge in Civil Court. In view of the same to confer the powers of Judicial Magistrate to other persons also i.e. quasi judicial Courts, this proviso was added. However, from the plain reading of Section 27 (2) of the Act, it is clear that the powers of Judicial Magistrate 1st Class have to be conferred on the District Forum before the same are exercised by it and it is a settled proposition of law that it is only the High Court who has the authority to confer powers of Judicial Magistrate.

It is submitted that since, no power of Judicial Magistrate has been conferred on the District Consumer Disputes Redressal Forum, Panchkula, therefore, the action of the Ld. District Forum Panchkula of issuing notice under Section 27 and subsequently issuing bailable warrants against the Chief Administrator, HUDA, Panchkula is illegal and beyond its jurisdiction. Consequently, the proceedings undertaken by the Ld. District Consumer Forum in the execution are void ab initio and null & void and need to be dropped immediately.

13. That the execution filed by the complainant is badly time barred to the extent that Regulation 14 of the Consumer Protection Regulations, 2005 provides for the limitation within which the application is to be filed. Regulation 14 (iv) is being reproduced hereunder for the kind perusal of this Hon'ble Forum

“The period of limitation for filing any application, for which no period of limitation has been specified in the Act, the Rules of these Regulations, shall be 30 days from the date of the cause of action or the date of knowledge.”

In the present case, the complaint was decided by the Ld. District Consumer Forum, Panchkula on 23.02.2004 and the order was to be complied with within a period of one month. The certified copy of the order was issued on 25.02.2004. As per Regulation 14 (iv) the limitation to file the execution was till 25.04.2004. The complainant has preferred file execution application in the year 2008, i.e. beyond the period of limitation and the same is badly time barred. The Ld. District Forum has not condoned delay in filing the Execution Application as provided for under Regulation 14 (2) by giving valid and sufficient reasons to its satisfaction. Infact, the complainant has not sought any condonation of delay while filing the Execution Application & same should have been dismissed on the grounds of limitation alone as provided in the above Regulations.

In view of the same the execution is liable to be dismissed on this ground also. It is, therefore, most respectfully prayed that the present application be allowed and the execution application be dismissed outrightly and bailable warrants issued against the Chief Administrator, HUDA, Panchkula be recalled immediately, in the interest of justice.

(A.K Kalra)

Disrict Attorney,

HUDA (HQs),Panchkula.

Subject: Minutes of the meeting held on 24.05.2008 under the Chairmanship of Sh. T.C Gupta, IAS, Chief Administrator, HUDA, Panchkula.

A meeting was held on 24.05.2008 at 11.00 A.M to review the status of legal cases pertaining to different Urban Estate under the Chairmanship of Sh. T.C Gupta, IAS, Chief Administrator, HUDA which was attended by the officers as per the list in Annexure-1. The meeting began with a note of caution from the C.A to all the officers, especially Estate Officers and Law Officers, to take the court cases seriously and sincerely. He pointed out that even after making much efforts, the list of court cases received from the filed offices is at variance with the list of the court cases compiled / entered in the CCTS at the Legal Cell at Headquarter. The chairman further directed that the Administrators/ Estate Officers must reconcile the list of court cases entered in the CCTS with the list of cases maintained in their offices and must resubmit the list properly reconciled in the same format latest by 30.06.2008 to the H.Q. Legal Cell. If any information is required from the Head Office for the same, the concerned Law Officer at the Headquarter may be contacted for any clarification.

The Chairman was also not satisfied with the working of Administrators in this regard. It was pointed out that as and when a notice/ summons is received from the court, it must be examined by the Administrators/ Estate Officers and if the grievance of the party is genuine and is within their competence, the grievance must be re-addressed before the 1st date of hearing or on the date fixed. A statement accordingly be made in the court in this regard and the case must be got disposed off. The Chairman also expressed his displeasure with regard to not sending the L-1 to L-5 returns by the Administrators in the prescribed Formats. The returns were never received in time. The Chairman desired that the returns must be submitted by the Administrators in the new formats within the time prescribed therein on regular basis.

It was further pointed out by the Chairman that owing to slackness on the part of officers, various Courts/ Fora are taking an adverse view of the working of HUDA and in some cases, these have gone to the extent of awarding imprisonment to some of the officers. This certainly is a very bleak scenario in respect of the handling of court cases by the concerned officers. The summons/ notices are not responded in time, replies are both not submitted or submitted very late, appeals are not filed within the limitation period and in execution applications the replies are not filed in proper manner. The Chairman, in particular, pointed out that while submitting reply in execution cases, a specific plea as regards “the finality of the order” is never taken which should have been taken as the very first and foremost ground.

The Chairman informed that in supersession of all earlier instructions, a set of new instructions has been drafted. A copy of the draft was supplied to all the officers and open house discussion was held on each and every clause of the new instructions. The officers, with an open mind contributed to the discussions and some to the suggestions were decided to be incorporated. All the officers were informed that the new set of instructions will be reaching them very shortly and thereafter all the officers, Estate Officers and Law Officers in particular, shall deal with the court cases as stipulated in the instructions. The Chairman further exhorted all the officers to ensure that actions regarding filing of replies, appeals etc. are taken in time and the reports required to be sent in prescribed formats are sent to the concerned quarters well in time.

The meeting ended with vote of thanks to the Chair.

Sub: - Preparation of replies /Written Statements

Dear HUDA Panel Advocate,

I solicit your cooperation in improving the defence of HUDA in court/complaint cases. It has been observed that some of the Counsels of HUDA are not preparing the replies to the complaints filed before the Courts/ Consumer Forum properly, Preliminary objections are not being properly drafted and the same are also not being pleaded in an emphatic manner.

The following are certain preliminary objections which need to be contested strongly by the counsels for HUDA:-

1. ISSUE OF LIMITATION:

It has been seen that in some cases complaints are being entertained and decided even after the expiry of prescribed period of limitation under the Consumer Protection Act. In the reply filed by the concerned E.O., Preliminary issue of complaint being time barred explaining clearly the whole facts and the relevant provision of Consumer Protection Act is not taken in an emphatic manner. Therefore, care should be taken in this regard and cases should be contested on the ground of limitation in view of the provision contained in Section 24-A of Consumer Protection-Act, 1986.

2. MAINTAINABILITY:

It has been observed that some complaints which are not even maintainable for one reason or the other are also being entertained and have been decided by the Consumer Courts. It is most relevant to note that when a person adopts one course of action, he cannot change it later on. It has been observed that a person files an appeal against an order of EO before the concerned Administrator and thereafter on his own approaches the Consumer Court by filing a complaint under section 12 of the consumer Protection Act and the consumer courts are entertaining and deciding such complaints without going into the issue of maintainability. This kind of "Forum hopping" is not allowed and has been dismissed by National Consumer Forum in a case titled as Surinder Mohan Vs. Municipal Corporation and another. Ill 2006 (I) CPJ 136. We have recently won many cases pertaining to plot No. 2110-A, Sector-4, Gurgaon (RBT No.101/2007) in Complaint No.12 of 2000 from the Consumer Disputes Redressal Commission (UT), Chandigarh on this ground alone. (Copy enclosed at Annexure-I)- Therefore, wherever a complainant had earlier approached any Court or Forum under Section 17 of the HUDA Act, this law laid down by National Commission and upheld by the State Commission in numerous cases should be cited as a preliminary objection to get the case dismissed on this ground alone. Moreover, the Consumer Forum cannot sit as a court of appeal over the courts empowered under the HUDA Act In addition, whenever a complainant approaches the Consumer Courts without approaching the authorities for availing the alternative remedy available under Section 17 of the HUDA Act, a preliminary objection should be taken that the complaint is pre-mature because the complainant has not taken recourse to a remedy, which is available under the Act itself. On this ground also, the complaint can be got dismissed by taking it as a preliminary objection.

3. TERRITORIAL JURISDICTION:

Sometimes the preliminary objection regarding territorial jurisdiction is not taken and pleaded in an emphatic manner in the reply filed by the concerned Estate Officer as also during the course of hearing. It is relevant to note that what is to be pleaded emphatically is that against whom a person is claiming relief. It has been observed that in cases of allotment,-resumption, interest on delayed payments etc. though the order of the EO is under challenge, the Chief Administrator is also made a party just to file a complaint before a specific Consumer Forum. This issue should be pleaded very strongly and an application should also be filed in such matters before the concerned Consumer Forum to treat this issue as preliminary issue and decide it initially before proceeding further in the matter, to enable HUDA to file revision if need be, against any adverse order of the Consumer Forum, Reference may be made of the case decided by the Haryana State Commission in Estate Officer, HUDA, Hissar Vs." Smt. Swatantra Bala Jain 1998 (2) CLT (copy enclosed at Annexure-II).

4. GENERAL POWER OF ATTORNEY:

It has been observed that the complaints are being filed through general power of attorney of the owner whereas in certain matter the plot had been purchased by executing the general power of attorney for saving stamp duty and thereby causing loss to the State Exchequer. The general power of attorney holder who has purchased the plot is not a consumer of HUDA and this point is to be emphatically pleaded before the Consumer Forum. The issue of deciding whether the plot has been purchased by executing the general power of attorney can be settled by going through the contents of the general power of attorney. If it is mentioned that the same is irrevocable it is a case of sale through general power of attorney. Hence in such matters the counsels should insist that the general power of attorney be placed on record, a statement obtained from the complainant/GPA that no consideration has been paid to the owner of the plot who has executed GPA in his favour and copy given to them before filing the reply to the complaint.

5. INTEREST ON DELAYED PAYMENTS:

It may be pointed out that the Hon'ble Apex Court has held in SLP No. 12084, 12085, 12087, 12167, 12169, 12170, 12168 of 2004 arising out of CWP No. 2099, 10422, 6280 of 2003, 19098, 18344, 19099 of 2002 that HUDA can charge compound interest @10% P.A. on delayed payment even if the allotment letter is silent on this point qua the period prior to 03-04-2000 since instructions have been issued to charge simple interest w.e.f 3.4.2000. This fact should be incorporated in the replies pertaining to the issue of interest on delayed payments. Substance of this decision has already been sent to all Advocates vide this office Memo No. 5903 dated 04.09.2007. Regarding charging of simple/compound interest, we have obtained advice from Shri Sanjiv Sharma, Senior Advocate and on that basis, a letter No. HUDA-Accts-Acctt-I-2007/653-75 dated 8.1.2008 has been sent to all the Administrators/ Estate Officers. Copy of this circular is enclosed for information and necessary action at Annexure-III.

6. PECUNIARY JURISDICTION:

It has been observed that the cases in District Consumer Forum are not generally well contested on behalf of HUDA on the issue of pecuniary jurisdiction. The issue of pecuniary jurisdiction needs to be contested both at the time of filing of reply and also at the time of arguments. Attention in this regard may be drawn towards sections 11 (1) of the Consumer Protection Act.

7. SUBSEQUENT PURCHASER:

It has been held by the State Commission, Haryana on 10-06-2002 in FA No. 3367 of 2001 titled as HUDA vs. Shashi Sahni (copy enclosed at Annexure-IV) that the subsequent purchaser cannot plead non development of the area since at the time of purchasing the same he or she was well conversant with the development of the area.

8. COMPLETION OF DEVELOPMENT WORKS BEFORE OFFER OF POSSESSION:

Some DCDRFs have decided complaints against HUDA on the basis that some of the amenities like Shopping Centre, Schools, Post Office, Telephone Exchange etc. had not been provided in the Sector before making the Offer of Possession of plot to the complainant. These facilities can not be termed as a condition precedent in terms of the pronouncement of the Hon'ble Supreme Court of India in case Municipal Corporation, Chandigarh & Ors. Etc. v.s. M/s. Shantikunj Investment Pvt. Ltd. Etc. J.T. 2006 (3) SC 1. wherein it was observed as under:

“Therefore, the term mandate in the context of real estate is to mean facility as provided under Section 2 (b) of the Act, but it can never be treated to mean that it is a condition precedent. It is for the better use of allotted piece of land but does not mean that it should be provided first as a condition precedent in the matter of the present case.”

It was further laid down that once the allotment of the land has been made in favour of the allottee, he can take possession of the property and it does not mean that all facilities should be provided first for so called enjoyment of the property.

The ratio of this case has been relied upon by Hon'ble SCDRC, Haryana in many cases, one of which is HUDA Vs. Ramesh Lal (FA No. 29 of 2007) in respect of which decision dated 10.9.2007 is enclosed at Annexure-V.

It has also been observed that the replies are being filed in Consumer Courts/Courts without approval of the competent authority as laid down in para No. 6 of the instructions issued vide Memo No.3179 dated 28.5.2007, a copy of which has already been e-mailed to you. It is, therefore, requested that before filing the reply, it must be ensured that the reply is approved by the Competent Authority.

I am sure that if the replies are prepared properly, there will not be any occasion for HUDA to lose the cases. However, wherever we are at fault, same may also please be informed so that we can implement the decisions and take corrective action instead of engaging the allottees into needless litigations. In the year 2008, we hope to bring litigations to minimum possible extent with your cooperation.

Hoping for your cooperation in this endeavour and ail the best wishes for a New Year.

Yours sincerely,
(T.C. GUPTA, I.A.S.)

BEFORE: Hon'ble Mr. Justice K.G.Gupta, PRESIDENT.

Mrs. Devinderjit Dhatt, Member.

Present:- Sh. Harish Bhardwaj, Advocate for the complainant.

Sh. Raman Gaur, Advocate for the respondent.

Complaint Under Section 17 of the Consumer Protection Act, 1986.

Justice K.C. Gupta.

Briefly stated the facts are that she is owner-in-possession of house constructed on plot No. 2110-A, Sector 4, Gurgaon. The said plot was allotted to Sh. Kuldeep Singh Bakshi resident of Janak Puri, New Delhi by the Op vide allotment letter dated 23.02.89 by way of sale by auction. The price of the said plot was Rs. 4,81,603/- Rs. 54,000/- were deposited by Sh. Kuldeep Singh Bakshi at the time of bid and vide allotment letter Sh. Kuldeep Singh Bakshi was asked to remit an amount of Rs. 66,402/- within 30 days from the date of receipt of allotment letter so as to make 25% of the price of the plot. The balance amount was to be paid by installments as mentioned in the allotment letter (Annexure C-1). The amount of Rs.66,402/- was deposited by Sh. Kuldeep Singh Bakshi on 20.03.89.

It was next averred that Sh. Kuldeep Singh Bakshi executed a General Power of Attorney regarding the plot in favour of one Sh. Iqbal Singh resident of Raja Garden, New Delhi and through Sh. Iqbal Singh, GPA, the complainant purchased the house constructed on plot No. 2110- A, Sector-4, Gurgaon from the original allottee. It was represented to her at that time that all the installments had been paid uptodate.

It was further averred that subsequently, she came to know that resumption order had been passed by the OP regarding the house in question for default in making payment of the installments. Accordingly, her husband Sh. Ved Parkash filed appeal before the Administrator, HUDA against the order of resumption and also sent demand draft of Rs. 3 Lacs dated 10.05.95 drawn on Oriental bank of Commerce, Gurgaon payable to Estate Officer HUDA . The Administrator vide order dated 17.07.98 accepted the appeal and set aside the order of resumption of the plot and directed the complainant to make payment of the entire amount due within a period of three months of the demand being conveyed to her by the OP. The copy of the order is Annexure C-2. The OP vide memo dated 13.08.98 conveyed to her that an amount of Rs. 16,36,378/- towards balance price of the plot be paid and the draft sent by her of Rs. 3 Lacs was returned to her by memo dated 13.08.98 whose copy is Annexure C-3. It was further averred that action of the OP in raising a demand of Rs. 16,36,378/- was totally illegal, arbitrary and contrary to HUDA bye laws as the said demand was not raised earlier and further the amount of Rs. 3 Lacs sent to her was unnecessarily returned.

Alleging deficiency in service, the complaint was filed on 28.01.2000.

The OP contested the complaint and filed written reply. He denied the allegations of the complainant and stated that there was no deficiency in service on its part and as such, the complaint was not maintainable. He next stated that plot No. 2110-A, Sector 4, Gurgaon was allotted to Sh. Kuldeep Singh Bakshi vide allotment letter dated 23.02.89 who had purchased it in an open auction and he had deposited 25% of the amount but failed to pay the remaining balance of 75% in six half yearly installments and as such, show cause notices under section 17(1) and (2) dated 12.02.98 and memo No. 1627 dt. 27.03.92, memo No.2612 dt. 1.05.92 and memo No.406 dated 17.07.92 were issued to the allottee but the balance amount was not paid and as such, the plot in question was resumed by the office vide memo No. 869 dated 22.01.93. The allottee had filed an appeal under section 17(5) of HUDA Act before Administrator, which was decided on 17.07.98 and the plot was restored and as per decision of the appeal, the allottee was required to deposit Rs.16,36,378/- , which were not deposited and rather filed complaint before the District Forum, Gurgaon. He further stated that Smt. Saroj Bals had no locus-standi to file the complaint as there was no power of attorney executed in her favour by Sh. Kuldeep Singh Bakshi. He also stated that the complaint should be dismissed.

The parties adduced their evidence by way of their affidavit.

We have heard counsel for the complainant Sh. Harish Bhardwaj, Advocate, counsel for the OP Sh. Raman Gaur, Advocate and carefully gone through the file.

Annexure C-1 is the copy of allotment letter dated 23.02.89. It shows that plot No. 2110-A, Sector 4, Gurgaon was allotted to Sh. Kuldeep Singh Bakshi resident of Janak Puri, New Delhi vide memo No. 1260. Its area was 334.45 Sq. Mtr. and it was allotted @ Rs. 1440/- per Sq. Meter and the total tentative price was Rs. 4,82,603/-. Rs. 54,000/- were deposited as bid money at the time of bid and he was required to deposit Rs. 66,402/- within 30 days from the date of acceptance of the bid so as to make 25% of the price. There is no dispute about it that the said amount of Rs. 66,402/- has been deposited. However, according to Clause 5, the balance amount of Rs. 3,61,206/- was either to be paid in lumpsum without interest within 60 days from the allotment of letter or in six annual installments and the first installment was to be paid after one year of the date of the issue of allotment letter, Each installment was to be recovered together with interest on the balance price at 10% per annum on the remaining amount. The interest was to accrue from the issuance of allotment. It is further stated in Clause 24 that the allottee could take possession on any working Wednesday on payment of 25% price. It is further stated in Clause 25 that if installment is not made in due date then interest @18% will be charged for the delayed period. There is no evidence on file that the allottee Sh. Kuldeep Singh Bakshi or his successor-in-interest had deposited the amount of any installments. The copy of the order (Annexure C-2) dated 17.7.98 passed by Administrator, HUDA, Gurgaon shows that Sh. Ved Parkash husband of Smt. Saroj Bala and a General Power of Attorney had appeared and argued the case on behalf of Smt. Saroj Bala and Sh. Kuldeep Singh Bakshi was the appellant. This appeal was filed against the resumption order. The Administrator had accepted the appeal and restored the plot to Sh. Kuldeep Singh Bakshi and directed him to make the payment of the entire amount due along with interest. The Estate Officer was directed to convey the amount due along with interest to the General Power of Attorney within one week of the receipt of the order. He could not make the payment of the entire amount as conveyed to him within three months of conveying of the due amount to him by the Estate Officer. A perusal of copy of letter (Annexure C-3), which was addressed by the Estate Officer, HUDA, Gurgaon to Smt. Saroj Bala wife of Sh. Ved Parkash regarding plot NO. 2110-A, Sector 4, Gurgaon shows that he had requested the complainant to deposit Rs. 16,36,378/- immediately. He had further returned demand draft dated 10.5.95 of Rs. 3 Lacs sent by Smt. Saroj Bala. This demand draft was rightly returned because it was not of the full amount along with interest as ordered by the Administrator vide order dated 17.7.98. The Administrator had ordered Sh. Kuldeep Singh Bakshi to pay the entire balance amount within three months of conveying of the due amount by the Estate Officer along with interest. Copy of the letter (Annexure C-4) further shows that vide letter dated 10.7.99, Smt. Saroj Bala had sent demand draft of Rs. 6,34,648.90 Ps to the State Officer, which was returned vide letter (Annexure C-5) dated 17.4.99 as the matter had already been referred to Head Quarter for taking further necessary action. This amount was sent beyond a period of three months because vide letter dated 13.8.98, the Estate Officer had conveyed the amount due and it was to be paid till 13.11.98, which was not paid. Since the amount was not paid as per order of the Administrator, HUDA dated 17.7.98, so, in default the resumption of the plot and forfeiture of the 25% of the price of the plot made by the Estate Officer stands.

Counsel for the complainant contended that earlier the District Forum, Gurgaon had passed the order in favour of the complainant. May be that an order had been passed by the District Forum, Gurgaon but the same was set aside by the Haryana State Commission vide order dated 17.11.1999 in appeal filed by the Estate Officer, Gurgaon on the basis of pecuniary jurisdiction and the order of District Forum was quashed. The copy of the irrevocable / registered General Power of Attorney alleged to be executed by Sh. Kuldeep Singh Bakshi in favour of Smt. Saroj Bala, as mentioned in her affidavit, has not been produced on file. In the absence of General Power of Attorney, Smt. Saroj Bala has no locus standi to file the complaint. Otherwise also on merits, the complainant has got no case. Against the order of the Administrator, the complainant could have filed appeal to the Secretary, Urban Development & Planning and after rejection of the appeal by the Secretary the writ could have been filed in the Hon'ble High Court challenging the resumption order. The complaint filed under the provisions of Consumer Protection Act, 1986 after availing remedy of appeal before the Administrator, HUDA, Gurgaon is not maintainable in view of the law laid down by the Hon'ble National Consumer Dispute Redressal Commission, New Delhi in the case of Surinder Mohan Vs. Municipal Corporation and another, III 2006 fl) CPJ 136. In the said authority, it was observed that Section 3 of the C.P. Act provides additional remedy and it is not in derogation of any other law but where the appellant had availed his remedy before the Chief Administrator and then before the Advisor to Chief Administrator, then, he had to pursue his to the end from that agency and cannot file a complaint before the Forum as the Commission is not a revisional or appellate authority against the order passed by the Administrator or advisor to the Chief Administrator. To the same effect is the authority of Hon'ble National Commission in the case of Haryana Urban Development Authority Vs. Ashok Kumar, III 2006 C11) CP 3 436. In view of the said order, the complaint is not maintainable.

Hence, in view of the discussion above, we hold that the complaint is not maintainable and as such, it is dismissed with costs of Rs. 1,000/-. Copies of this judgment be sent to the parties free of charge.

Pronounced.

Respondent

For the Appellants: - Mr. Prabodh Mittal, Advocate.

For the respondents: - Mr. Suman Jain, Advocate.

Consumer Protection Act, 1986 Section 11(2)- Territorial Jurisdiction . Plot situated outside the territorial jurisdiction of Panchkula District. Demand for some additional payment had been made at a place outside its territorial jurisdiction. The mere fact that the complainant had impleaded the Chief Administrator of HUDA as opposite party whose head office happen to be at Panchkula , was not enough to confer jurisdiction on the District Forum at Panchkula.

ORDER

1. M.R. Agnihotri, President- Haryana Urban Development Authority has come up in appeal against the order dated 3.12.1997 passed by the learned District Consumer Forum, Panchkula , whereby the complaint of an allottee Smt Swatantra Bala Jain, the owner of plot no. 1675-P in Urban Estate II, Hissar, alleging deficiency in service against HUDA , has been allowed.
2. According to the complainant, HUDA had issued a demand notice for a sum of Rs.27, 862.50 on 15.06.87 followed by another demand notice for Rs.19,352.30 on 18.02.88. Since the complainant had not deposited the said amounts, another demand notice for Rs. 1,61,310/- was received by the complainant but without any statement of accounts, which was arbitrary. In their reply, HUDA pleaded that demands were on account of enhanced compensation under the Land Acquisition Act, which the complainant was bound to pay. Thereafter, on 5.11.97 the complainant submitted an application before the learned Forum that she was ready to pay interest at the rate of 15% PA after the date of demand notices. She was also ready to forego all other prayers. Accordingly, the learned District Consumer Forum, Panchkula, disposed of the complaint by issuing the following directions:-
